The Liberal Tradition In European Thought Paperback By Sidorsky David:

The Liberal Tradition in European Thought David Sidorsky, G. P. Putnam's Sons, 1971 *Liberalism Versus Conservatism* François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author *The Myth of the Welfare State* Jack D. Douglas, 2017-09-29 The Myth of the Welfare State is a basic and sweeping explanation of the rise and fall of great powers and of the profound impacts of these megastates on ordinary lives Its central theme is the rise of bureaucratic collectivization in American society It is Douglas's conviction which he supports with a wealth of detail that statist bureaucracies produce stagnation often exacerbated by inflation which in turn produces the waning of state power Douglas has his own set of isms that require concerted attention mass mediated rationalism scientism technologism credentialism and expertism People who make policies have little if any awareness of the actual way social processes evolve agricultural policy is set by people who know little of farming arid manufacturing policy is set by people who have never set foot on a factory floor In light of this soaring average ignorance it is little wonder that policy making has Alice in Wonderland characteristics and effects Douglas sees the notion of a welfare state as a contradiction in terms its widespread insinuation into the culture is made possible by its weak mythological form and benign sounding characteristics In fact welfare states in whatever form they appear have failed in their purpose to redistribute income or increase real wealth The megastates are the source of social instability and economic downturn They grow like a tidal drift They start out to correct the historical grievances of the laissez faire states only to increase the problems they seek to correct In this the welfare state is a weakened form of the totalitarian state producing similarly unhappy results Professor Douglas has produced a work of anti policy arguing that freedom leavened by an ordinary sense of self interest and social concern can overcome the shortfalls of the megastates and their myth making self serving propensities Libertad Religiosa Gullco, Hernán, 2016-01-01 En lo principal este trabajo de investigación repasa los hitos históricos más importantes en materia de libertad religiosa plantea y elucida interrogantes conceptuales delimitación de la idea de religión asume una perspectiva de derechos humanos que reposa en los tratados de derechos humanos aplicables examina los límites al poder estatal en materia de controversias vinculadas a la conciencia estudia las consecuencias de la postura que demanda una neutralidad estatal en materia religiosa y analiza el grado de autonomía de las asociaciones religiosas en punto a posibles conflictos con otros derechos El abordaje

metodológico se centra en general en el análisis de decisiones jurisprudenciales nacionales y comparadas pero sin descuidar el respaldo teórico la tesis presupone una mirada liberal democrática y concluye que la libertad religiosa antes que una afirmación aislada y especial resulta de una combinación de otras libertades y derechos tales como asociación privacidad expresión entre otros La obra es un aporte original y relevante y un texto ineludible para el estudio de los problemas importantes y urgentes que aborda
