**The Liberation of Paris** Jean Edward Smith, 2020-07-21 Prize winning and bestselling historian Jean Edward Smith tells the rousing Jay Winik author of 1944 story of the liberation of Paris during World War II a triumph achieved only through the remarkable efforts of Americans French and Germans racing to save the city from destruction Following their breakout from Normandy in late June 1944 the Allies swept across northern France in pursuit of the German army The Allies intended to bypass Paris and cross the Rhine into Germany ending the war before winter set in But as they advanced local forces in Paris began their own liberation defying the occupying German troops Charles de Gaulle the leading figure of the Free French government urged General Dwight Eisenhower to divert forces to liberate Paris Eisenhower's advisers recommended otherwise but Ike wanted to help position de Gaulle to lead France after the war And both men were concerned about partisan conflict in Paris that could leave the communists in control of the city and the national government Neither man knew that the German commandant Dietrich von Choltitz convinced that the war was lost schemed to surrender the city to the Allies intact defying Hitler's orders to leave it a burning ruin In *The Liberation of Paris* Jean Edward Smith puts one of the most moving moments in the history of the Second World War Michael Korda in context showing how the decision to free the city came at a heavy price it slowed the Allied momentum and allowed the Germans to regroup After the war German generals argued that Eisenhower's decision to enter Paris prolonged the war for another six months Was Paris worth this price Smith answers this question in a brisk new recounting that is terse authoritative and unsentimental *The Washington Post* [The Liberation of Paris](#) Willis Thornton, 1962 Story of Paris during the German occupation and in its liberation

[Eleven Days in August](#) Matthew Cobb, 2013-04-11 I had thought that for me there could never again be any elation in war But I had reckoned without the liberation of Paris I had reckoned without remembering that I might be a part of that richly historic day We were in Paris on the first day one of the great days of all time Ernie Pyle US war correspondent The liberation of Paris was a momentous point in twentieth century history yet it is now largely forgotten outside France *Eleven Days in August* is a pulsating hour by hour reconstruction of these tumultuous events that shaped the final phase of the war and the future of France told with the pace of a thriller While examining the conflicting national and international interests that played out in the bloody street fighting it tells of how in eleven dramatic days people lived fought and died in the most beautiful city in the world Based largely on unpublished archive material including secret conversations coded messages diaries and eyewitness accounts *Eleven Days in August* shows how these August days were experienced in very different ways by ordinary Parisians Resistance fighters French collaborators rank and file German soldiers Allied and French spies the Allied and German High Commands Above all it shows that while the liberation of Paris may be attributed to the audacity of the Resistance the weakness of the Germans and the strength of the Allies the key to it all was the Parisians who by turn built street barricades and sunbathed on the banks of the Seine who fought the Germans and simply tried to survive until the

Germans finally surrendered in a billiard room at the Prefecture of Police One of the most iconic moments in the history of the twentieth century had come to a close and the face of Paris would never be the same again *The Liberation of Paris* Charles River Charles River Editors, 2018-02-19 Includes pictures Includes accounts of the fighting liberation and victory processions written by participants Includes online resources and a bibliography for further reading Includes a table of contents People of Paris the long awaited day has arrived French and Allied troops are at the gates of Paris It is the sacred duty of all Parisians to do battle The hour of national resurrection has sounded poster displayed in Paris in August 1944 One of the most famous people in the world came to tour the city of Paris for the first time on June 28 1940 Over the next three hours he rode through the city's streets stopping to tour L Op ra Paris He rode down the Champs lys es toward the Trocadero and the Eiffel Tower where he had his picture taken After passing through the Arc de Triomphe he toured the Pantheon and old medieval churches though he did not manage to see the Louvre or the Palace of Justice Heading back to the airport he told his staff It was the dream of my life to be permitted to see Paris I cannot say how happy I am to have that dream fulfilled today Four years after his tour Adolf Hitler would order the city's garrison commander General Dietrich von Choltitz to destroy Paris warning his subordinate that the city must not fall into the enemy's hand except lying in complete debris Of course Paris was not destroyed before the Allies liberated it but it would take more than 4 years for them to wrest control of France from Nazi Germany after they took the country by storm in about a month in 1940 By the end of D Day June 6 1944 the Allies had managed to successfully land 170 000 men with over 75 000 on the British and Canadian beaches 57 000 on the American beaches and over 24 000 airborne troops Thanks to Allied deception the German army had failed to react to prevent the Allies from making the most of their landings Just one division the Hitlerjugend would arrive the following day Despite a fearsome and bloody day the majority of the Allied forces had held their nerve and most importantly achieved their objectives This ensured Operation Overlord was ultimately successful and victory in Europe would be achieved within less than a year Given how the rest of the war played out it's often forgotten that the British and Americans after breaking out from their D Day beachhead on the continent did not free Paris from its Third Reich garrison Instead it was the people of Paris themselves encouraged by the Allied armies putting the Germans to rout nearby who retook the city led by figures from the French Resistance The revolt that emerged involved many factions chiefly the followers of Charles de Gaulle or the Gaullists and the communists of the PCF Parti Communiste Francais French Communist Party These factions provided the spearhead and the catalyst sparking the people of Paris into rebellion against their Nazi masters and the leadership coordinating that uprising and making it a success Their rivalry and thirst for power spurred them on to outdo each other but they all sought the same objective defeat of the foreign occupiers The Liberation once it began required just one week to complete Parisians fired the first shots on August 19 even as the Allies remained wary of trying to liberate Paris due to its cultural significance knowing full well that Hitler could order the city destroyed Nevertheless on August 24 1944 the French

2nd Armored Division began liberating parts of Paris with overjoyed crowds of Parisians welcoming them while the other Allies entered the eastern part of the city General von Choltitz decided not to bomb Paris during a retreat instead surrendering the city intact on August 25 That same day Charles de Gaulle made a speech at the Hotel de Ville celebrating the freeing of the city and calling for French armies to sweep into Germany and exact revenge on the Germans

*Twenty-fifth August, 1944 [account of the Liberation of Paris Based on French Press Agency Reports].* ,1944 Paris '44 William Mortimer Moore,2020-01-10 A fine racy account of the Occupation and Liberation of Paris a rattlingly good read Giles MacDonogh author of *After the Reich* During the fall of 1944 once the Western Allies had gained military advantage over the Nazis the crown jewel of Allied strategy became the liberation of Paris the capital of France so long held in captivity This event however was steeped in more complexity when the Allies returned than in 1940 when Hitler's legions first marched in In 1944 the city was beset by cross currents about who was to reclaim it the French Resistance the long suffering Parisians themselves or the Anglo American armies which had indeed won the victory This book punctures the myth parlayed by *Is Paris Burning* and other works that describe the city's liberation as mostly the result of the Resistance insurrection in the capital Amidst the swirling streams of self interest and intrigue that beset Paris on the eve of its liberation this book makes clear that Gen Leclerc and his 2nd Armored Division were the real heroes of the liberation and that marching on their capital city was their *raison d'être* At issue was the reconstitution of France itself after the dark night of its soul under the Germans and despite the demands of the Anglo Americans and France's own insurrectionists That a great power was restored is now manifest with this book explaining how it was ensured Gets the full five stars The prose here really does bring wartime France to life War History Online The Blood of Free Men Michael Neiberg,2012-10-02 Describes the operation involving Resistance fighters Allied commanders and French citizens that resulted in the liberation of Paris in 1944 from German occupation and ultimately helped shape the outcome of World War II *The Paris Game* Ray Argyle,2014-08-02 Long dismissed as a vain and arrogant self seeker chasing glory Charles de Gaulle is revealed in *The Paris Game* as a transformative figure of the twentieth century whose unflagging determination brings France back from defeat and saves it from the twin threats of Communism and dictatorship **25 Août 1944. Zaloga, 2011-03-15 A highly illustrated account of the Liberation of Paris during World War II In July 1944 Operation Cobra broke the stalemate in Normandy and sent the Allies racing across France The Allied commanders had ignored Paris in their planning for this campaign considering that the risk of intense street fighting and heavy casualties outweighed the city's strategic importance However Charles de Gaulle persuaded the Allied commanders to take direct action to liberate his nation's capital Steven J Zaloga first describes the operations of Patton's Third Army as it advanced towards Paris before focussing on the actions of the Resistance forces inside the city and of the Free French armoured division that fought its way in and joined up with them to liberate it on the 24th August On the back of this morale boosting victory De Gaulle could finally proclaim Paris to be liberated as one of the world's loveliest cities survived Hitler's strident command that it should be held at all costs or razed to the ground
