William Morris, 2016-03-23 William Morris was born in Walthamstow, London, on 24th March 1834; he is regarded today as a foremost poet, writer, textile designer, artist, and libertarian. Morris began to publish poetry and short stories in 1856 through the Oxford and Cambridge Magazine, which he founded with his friends and financed while at university. His first volume in 1858, *The Defence of Guenevere and Other Poems*, was the first published book of Pre-Raphaelite poetry. Due to its lukewarm reception, he was discouraged from poetry writing for a number of years. His return to poetry was with the great success of *The Life and Death of Jason* in 1867, which was followed by *The Earthly Paradise*, themed around a group of medieval wanderers searching for a land of everlasting life. After much disillusion, they discover a surviving colony of Greeks with whom they exchange stories. In the collection are retellings of Icelandic sagas. From then until his Socialist period, Morris's fascination with the ancient Germanic and Norse peoples dominated his writing, being the first to translate many of the Icelandic sagas into English, the epic retelling of the story of Sigurd the Volsung being his favourite. In 1884 he founded the Socialist League, but with the rise of the Anarchists in the party, he left it in 1890. In 1891 he founded the Kelmscott Press.
