The African American Experience in Cyberspace Abdul Alkalimat, 2003-12-20 The World Wide Web is the greatest source of information used by students and teachers, media and library professionals as well as the general public. There is so great a flow of information that it is necessary to have a tool for guiding one to the best and most reliable sources. This important new guide to the African American experience in cyberspace fills this need for people in all areas of Black Studies and Multiculturalism. There is no search engine list that can match the quality of sites to be found in this book. Alkalimat provides an easy to use directory to the very best websites that deal with the African American Experience. The first section covers every aspect of African American history while a second section deals with a diverse set of topics covering society and culture. Each chapter has a brief essay, extensive annotation on the five best sites for each topic, and then a group of good sites and a short bibliography. This book is designed for a course at the high school or college level. This book should be kept near every home computer that people use to surf the web for Black content. Most people have found out that the major corporations and governments have been the dominant uploaders of information into cyberspace. This volume is different because it is a serious introduction to the full democratic use of the web. These websites will introduce people to the people who are serious about ending the digital divide because they are busy uploading information about the most excluded and marginalized people, the African American community. Many of these sites are being established by Black Studies academic programmes as well as community based organizations and institutions.

The Oscar Micheaux Omnibus Oscar Micheaux, 2022-01-04 This collection brings to you three semi autobiographical novels by Oscar Micheaux, the famous black explorer, author, film director, and independent producer. Although the short lived Lincoln Motion Picture Company was the first movie company owned and controlled by Black filmmakers, Micheaux is regarded as the first major African American feature filmmaker, a prominent producer of race film, and has been described as the most successful African American filmmaker of the first half of the 20th century. He produced both silent films and sound films. However, Micheaux's early life as a black pioneer was equally fascinating and was adapted as a critically acclaimed silent era film. He not only had a stellar rise but also lost out his hard earned property to his estranged wife and his father in law. Read the lesser known stories of his life through these 3 novels: *The Conquest* Through the story of the eponymous hero, Micheaux the author depicts his pains and struggles in becoming a successful homesteader in Dakota. Largely autobiographical, the novel details the early years of despair and hard work that went into surviving the tough Wild West. *The Homesteader* Through the fictional story of Jean Baptiste Micheaux, shows how his ill fated marriage led to his misery. His preacher father in law began psychologically manipulating his daughter and Micheaux to disastrous results. *The Forged Note* The novel shows how Micheaux's property was acquired through forgery and in many ways is a sequel to *The Homesteader*. However, in this fictional tale, the protagonist Sidney Wyeth has a chance to

find the romance again in his life Will he eventually succeed the second time
