Histories of the Dustheap Stephanie Foote, Elizabeth Mazzolini, 2012-10-05 An examination of how garbage reveals the relationships between the global and the local the economic and the ecological and the historical and the contemporary Garbage considered both materially and culturally elicits mixed responses Our responsibility toward the objects we love and then discard is entangled with our responsibility toward the systems that make those objects Histories of the Dustheap uses garbage waste and refuse to investigate the relationships between various systems the local and the global the economic and the ecological the historical and the contemporary and shows how this most democratic reality produces identities social relations and policies The contributors first consider garbage in subjective terms examining toxic autobiography by residents of Love Canal the intersection of public health and women's rights and enviroblogging They explore the importance of place with studies of post Katrina soil contamination in New Orleans e waste disposal in Bloomington Indiana and garbage on Mount Everest And finally they look at cultural contradictions as objects hover between waste and desirability examining Milwaukee's efforts to sell its sludge as fertilizer the plastics industry's attempt to wrap plastic bottles and bags in the mantle of freedom of choice and the idea of obsolescence in the animated film The Brave Little Toaster Histories of the Dustheap offers a range of perspectives on a variety of incarnations of garbage

inviting the reader to consider garbage in a way that goes beyond the common buy green discourse that empowers individuals while limiting environmental activism to consumerist practices

The Life Cycle of Russian Things Matthew P. Romaniello, Alison K. Smith, Tricia Starks, 2021-09-09 The Life Cycle of Russian Things re orients commodity studies using interdisciplinary and comparative methods to foreground unique Russian and Soviet materials as varied as apothecary wares isinglass limestone and tanks It also transforms modernist and Western interpretations of the material by emphasizing the commonalities of the Russian experience Expert contributors from across the United States Canada Britain and Germany come together to situate Russian material culture studies at an interdisciplinary crossroads Drawing upon theory from anthropology history and literary and museum studies the volume presents a complex narrative not only in terms of material consumption but also in terms of production and the secondary life of inheritance preservation or even destruction In doing so the book reconceptualises material culture as a lived experience of sensory interaction The Life Cycle of Russian Things sheds new light on economic history and consumption studies by reflecting the diversity of Russia s experiences over the last 400 years

The Oxford Handbook of the History of the Book in Early Modern England Adam Smyth, 2023-09-05 The Oxford Handbook of the History of the Book in Early Modern England provides a rich imaginative and also accessible guide to the latest research in one of the most exciting areas of early modern studies Written by scholars working at the cutting edge of the subject from the UK and North America the volume considers the production reception circulation consumption destruction loss modification recycling and conservation of books from different disciplinary perspectives Each chapter discusses in a lively manner the nature and role of the book in early modern England as well as offering critical insights on how we talk about the history of the book On finishing the Handbook the reader will not only know much more about the early modern book but will also have a strong sense of how and why the book as an object has been studied and the scope for the development of the field

Products, Users, and Popular Luxury in Early Modern Greece Artemis Yagou, 2024-08-05 This book analyses aspects of the material culture of early modern Greece from an object based perspective using surviving artefacts from that period as primary sources A printed book a wine jug an ecclesiastical embroidery and a pocket watch are used as entry points to examine the consumer practices of the emerging Greek bourgeoisie under Ottoman rule in the long eighteenth century The acquisition and usage of novel products especially imported ones by Greeks was connected to personal expression identity building and self determination in the context of the Enlightenment The enjoyment of innovative artefacts opened new horizons to them and facilitated their individual and collective empowerment The originality of the book lies in its eclectic and interdisciplinary approach towards early modern Greek material culture an under researched topic The study is embedded within contemporary discourses on transnational trade the materiality of everyday life pleasurable consumption and the negotiation of identities This volume will appeal to students and scholars of early modern and modern Greek history Ottoman history European history material culture history
