This full length biography of 19th century Italian patriot and revolutionary Giuseppe Mazzini arguably the key figure in Italian unification explores the relationship between the person and the ideas Sarti presents a Mazzini who anticipated many issues of our times including the usefulness and limitations of national states in the international community the need to integrate the masses in society and to balance individual freedom with social duties and obligations But as Sarti makes clear Mazzini defies easy classification because of his determined efforts to reconcile opposites and strike a balance between extremes In pursuing his goals Mazzini developed an extremism of his own characterized by moral intransigence and faith in the superiority of spirit over matter Religion was at the core of his creed but it was a highly individual religion that conformed to no established theology or norms Mazzini lived his politics like no other figure of his generation his power was based largely on the power of example Although a tireless organizer his talents were essentially those of the publicist The appeal to conscience the cult of martyrs and the cultivation of an image of victim were part of his highly personal recipe for power

Sarti presents a Mazzini with virtues and defects strengths and weaknesses prophetic insights and hallucinations A major study important to all scholars and researchers of nationalism and modern Italian history **The Life of Mazzini (Classic Reprint)** Bolton King,2017-12-21 Excerpt from The Life of Mazzini One of his little ones lost Yours is the praise if mankind Hath not as yet in its march Fainted and fallen and died About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Giuseppe Mazzini's Young Europe and the Birth of Modern Nationalism in the Slavic World** Anna Procyk,2019-09-10 Giuseppe Mazzini's *Young Europe and the Birth of Modern Nationalism in the Slavic World* examines the intellectual currents in Eastern Europe that attracted educated youth after the Polish Revolution of 1830 1 Focusing on the political ideas brought to the Slavic world from the West by Polish migr conspirators Anna Procyk explores the core message that the Polish revolutionaries carried a message based on the democratic principles espoused by Young Europe's founder Giuseppe Mazzini Based on archival sources as well as well documented publications in Eastern Europe this study highlights that the national awakening among the Czechs Slovaks and Galician Ukrainians was not just cultural as is typically assumed but political as well The documentary sources testify that at its inception the political nationalism in Eastern Europe founded on the humanistic ideals promoted by Mazzini was republican democratic in nature and that the clandestine groups in Eastern Europe were cooperating with one another through underground channels It was through this cooperation during the 1830s that the better educated Poles and Ukrainians in the political underground tied to Young Europe became aware that the interests of their nations bound together by the forces of history and political necessity were best served when they worked closely together *The Liberators of Italy: Or, The Lives of General Garibaldi; Victor Emmanuel, King of Italy; Count Cavour; and Napoleon 3., Emperor of the French* Edward Henry Nolan,1864 *Giuseppe Mazzini -Selected Writings* N.
