Standing on Holy Ground in the Middle Ages Lucy Donkin, 2022-02-15 Standing on Holy Ground in the Middle Ages illuminates how the floor surface shaped the ways in which people in medieval western Europe and beyond experienced sacred spaces The ground beneath our feet plays a crucial yet often overlooked role in our relationship with the environments we inhabit and the spaces with which we interact By focusing on this surface as a point of encounter Lucy Donkin positions it within a series of vertically stacked layers the earth itself permanent and temporary floor coverings and the bodies of the living above ground and the dead beneath providing new perspectives on how sacred space was defined and decorated including the veneration of holy footprints consecration ceremonies and the demarcation of certain places for particular activities Using a wide array of visual and textual sources Standing on Holy Ground in the Middle Ages also details ways in which interaction with this surface shaped people's identities whether as individuals office holders or members of religious communities Gestures such as trampling and prostration the repeated employment of specific locations and burial beneath particular people or actions used the surface to express likeness and difference From pilgrimage sites in the Holy Land to cathedrals abbeys and local parish churches across the Latin West Donkin frames the ground as a shared surface both a feature of diverse distant places and subject to a variety of uses over time while also offering a model for understanding spatial relationships in other periods regions and contexts

defending the Catholic church against the Manichaeans and the Donatists Manichaeism was a religion developed in Persia by the prophet Mani According to this religion creation has two parts darkness and light Light is God and has ten attributes Opposing this and coeternal with it is darkness and its five attributes Saint Augustine was originally a Manichaean so his defense of Christianity against this religion comes from a deep understanding of its nature Donatists were a group of believers who refused to forgive those who had renounced their faith during a time of persecution which caused a schism in Christianity In opposing these men Augustine attempted to mend the rift Those with an interest in ancient religions will find Augustines writings on Manichaeism one of the most important historical records of that religions practices *History of the present deanery of Bicester, Oxon* James Charles Blomfield,1882 *The History of Franciscan Preaching and of Franciscan Preachers (1209-1927)* Anscar Zawart,1928 *The Works of Aurelius Augustine, Bishop of Hippo: Lectures on tractates on the Gospel according to St. John, vol. 2* Saint Augustine (of Hippo),1874 *Nicene and Post-Nicene Fathers: First Series, Volume V St. Augustine: Anti-Pelagian Writings* Philip Schaff,2007-05-01 The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume V of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will discover Saint Augustines rebuke of Pelagianism This doctrine undermined Augustines beliefs because it claimed that original sin did not exist Since there was no original sin humans were saved or lost based solely on their own will This further meant that Jesus while a great teacher and model human being did not die to save humanity negating a large portion of Christian doctrine Augustine believed that salvation was available only by the grace of God working in conjunction with mans decision to live a good life Spiritual seekers and students of history will find this work a thorough defense of Catholic theology **Augustine in the Italian Renaissance** Meredith J. Hear the Ancient Wisdom Charles R. Ringma,2013-03-08 There is a hunger in the modern world for spirituality One vast resource of spiritual wisdom comes from the pre Reformation church from the martyrs of the first centuries of Christianity through the long tradition of monasticism to the medieval Christian mystics These are the deep wells of Christian reflection from persons such as John Chrysostom Augustine Benedict Francis of Assisi Bonaventure Bernard of Clairvaux Meister Eckhart Hildegard of Bingen and Julian of Norwich to mention just a few The spiritual insights of over seventy men and women of pre Reformation Christianity are found in these pages From these figures we can learn more about the practices of prayer and contemplation a life of following Christ the relevance of community the challenge of asceticism the movement of withdrawal and engagement the love of God for God s own sake living the gospel sacrificing for the kingdom of God the longing for union with God the practices of justice and a life of prophetic witness For us so embedded and shaped by the modern world this ancient wisdom will come as refreshing water and as a breath of fresh air with the wings of the Spirit and whispers of angels

M. Chevalier, 2023-11-20 This two volume work examines far reaching debates on the concept of courage from Greek antiquity to the Christian and mediaeval periods as well as the modern era Volume 1 begins with Homeric poetry and the politics of fearless demi gods thriving on war The tales of lion hearted Heracles Achilles and Ulysses and their tragic fall at the hands of fate eventually give way to classical views of courage based on competing theories of rational wisdom and truth Fears of the enemy and anxieties about suffering and death are addressed through the lenses and teachings of medicine geography military history moral philosophy and metaphysics For early Christian thinkers the ethics of fear fate and fealty to the Almighty supplant the voice of reason and the wisdom of virtue Much of Christian doctrine s history is a long journey towards bridging the gap between Greek philosophy and devotion to God and spirits in heaven Some Church Fathers attempt to dispel the fear of suffering through a joyful craving for martyrdom and the eternal blessings that follow Others show openness to one or more of the following principles the abstractions of moral philosophy the metaphysics of Gnostic enlightenment the gift of free will and intentionality the growth of church authority and hegemony and the intrinsic worth of life on Earth Augustine Ambrose Cassian and Chrysostom play a central role in revisiting the foundations of Christian fortitude along some or all of these lines They lay the groundwork for the scholastic adaptations of faith based rationalism proposed by Peter Lombard Philip the Chancellor Albert the Great and Thomas of Aquinas The mediaeval period ends with church dissidents and Protestant Reform leaders condemning Rome s corruption and calling for a return to early Christian faith and the courage of godly fear submission suffering and fate Sotheran's Price Current of Literature Henry Sotheran Ltd, 1882
