Brentano and Neutral Monism Mach became distinctive and influential positions in the philosophy of mind Textor goes on to use the psychology without a soul view as a vantage point from which to reconstruct and assess the immediate pre history and formation of analytic philosophy Ward Stout Moore Russell While Austrian philosophers retired the soul early analytic philosophers were happy to introduce a successor the subject and conceive of the mental as constituted by subject object relations The final part of the book returns to the theme of anti metaphysics from a different perspective In this part the early Moritz Schlick who would soon become the leading figure of the Vienna Circle takes centre stage The final part of the book reconstructs Schlick s arguments for the conclusion that metaphysics lies beyond the limits of knowledge that are rooted in the philosophy of mind discussed in previous parts *Intersubjective Minds* Jonathan Delafield Butt,Vasudevi
