Cairns* Huntington Cairns, 1951 **The Limits of Arts** Huntington Cairns, 1966 **E. E. Cummings' Modernism and the Classics** J. Alison Rosenblitt, 2016-09-22 This volume is a major ground breaking study of the modernist E E Cummings engagement with the classics With his experimental form and syntax his irreverence and his rejection of the highbrow there are probably few current readers who would name Cummings if asked to identify 20th century Anglophone poets in the Classical tradition But for most of his life and even for ten or twenty years after his death this is how many readers and critics did see Cummings He specialised in the study of classical literature as an undergraduate at Harvard and his contemporaries saw him as a pagan poet or a Juvenalian satirist with an Aristophanic sense of humour In E E Cummings *Modernism and the Classics* Alison Rosenblitt aims to recover for the contemporary reader this lost understanding of Cummings as a classicizing poet The book also includes an edition of previously unpublished work by Cummings himself unearthed from archival research For the first time the reader has access to the full scope of Cummings translations from Horace Homer and Greek drama as well as two short pieces of classically related prose a short Alcaics and a previously unknown and classicizing parody of T S Eliot s *The Waste Land* This new work is exciting in its own right and essential to understanding Cummings development as a poet annual bibliography of english language and literature colume XXIX 1949 , **Ibsen and the Greeks** Norman Rhodes, 1995 Was Ibsen influenced by Greek culture Were allusions to the Greeks configured in the Norwegian playwright s works According to author Norman Rhodes whether consciously or unconsciously many of Ibsen s plays are encoded with veiled references to ancient Greek culture Rhodes also postulates that Ibsen s perception of the importance of the Greeks was most likely mediated to him through German Romanticism and Scandinavian culture According to Rhodes numerous echoes of Greek literature resonate in such early Ibsen plays as *Catiline The Warrior* s *Barrow* *Olaf Liljerkrans* and *Love s Comedy* Ibsen s *Brand* and *Peer Gynt* are a dialectic pair which in key ways are suggestive of Homer s *Iliad* and *Odyssey* *A Doll House* has important parallels with Sophocles *Antigone* and *An Enemy of the People* correlates with both Plato s *Apology* and Sophocles *Oedipus Tyrannos* Moreover a Euripidean sense of fatal irrationality seems inscribed in Ibsen s final plays the protagonists John Rosmer Hedda Gabler Master Builder Solness John Gabriel Borkman and the sculptor Rubek all destroy themselves BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **American Classicist** Victoria Houseman, 2023-10-03 A biography of the

remarkable woman whose bestselling *Mythology* has introduced millions of readers to the classical world Edith Hamilton 1867 1963 didn't publish her first book until she was sixty two But over the next three decades this former headmistress would become the twentieth century's most famous interpreter of the classical world Today Hamilton's *Mythology* 1942 remains the standard version of ancient tales and sells tens of thousands of copies a year During the Cold War her influence even extended to politics as she argued that postwar America could learn from the fate of Athens after its victory in the Persian Wars In *American Classicist* Victoria Houseman tells the fascinating life story of a remarkable classicist whose ideas were shaped by and aspired to shape her times Hamilton studied Latin and Greek from an early age earned a BA and MA at Bryn Mawr College and ran a girls prep school for twenty six years After retiring she turned to writing and began a relationship with the pianist and stockbroker Doris Fielding Reid The two women were partners for more than forty years and entertained journalists diplomats and politicians in their Washington D C house Hamilton traveled extensively around the world formed friendships with Gertrude Stein and Ezra Pound and was made an honorary citizen of Athens While Hamilton believed that the ancient Greeks represented the peak of world civilization Houseman shows that this suffragist pacifist and anti imperialist was far from an apologist for Western triumphalism An absorbing narrative of an eventful life *American Classicist* reveals how Hamilton's Greek and Roman worlds held up a mirror to midcentury America even as she strived to convey a timeless beauty that continues to enthrall readers *Reviews and Essays of Austin Clarke* Austin Clarke, 1995 Austin Clarke is widely regarded as one of 20th century Ireland's most important poets In this selection of nearly fifty essays and reviews written over Clarke's long career he demonstrates that he is an astute and provocative literary critic as well Having grown up in Dublin when the excitement of the Irish Literary Revival was still running high Clarke knew many of the principal figures of that movement personally and his readings of Yeats Joyce Synge O Casey Lady Gregory George Moore and others enjoy the advantages of an insider's point of view Moreover committed in his own poetry to the basic assumption that fuelled the Literary Revival that the most productive course for Irish literature lay in the direction not of England but of Ireland Clarke in his criticism provides a way of understanding and judging the Revival's major writers in terms of their relationships to Ireland's rich literary and cultural traditions At the same time these essays call attention to a number of distinctly Irish but often overlooked writers working on the margins of the revival As Yeats observed more than once the Irish for all the contributions that they have made to modern fiction poetry and drama have fallen somewhat short in the genre of literary criticism Austin Clarke's essays and reviews many of which were written under a pseudonym and so not attributed to Clarke for years go a long way towards filling that gap **Alice** Stacy A. Cordery, 2007 A portrait of Teddy Roosevelt's daughter relates such facts as her tempestuous teen years and flouting of social conventions in order to promote women's rights her infidelity tested marriage to Nicholas Longworth and her criticism of FDR's New Deal prog **Chicorel Index to Poetry in Anthologies and Collections in Print** Marietta Chicorel, 1974 **Catalog of Copyright Entries, Third Series**

Library of Congress. Copyright Office,1948 **Painting and Reality** Etienne Gilson,2023-10-17 A classic study of the art of painting and its relationship to reality In this book Etienne Gilson puts forward a bold interpretation of the kind of reality depicted in paintings and its relation to the natural order Drawing on insights from the writings of great painters from Leonardo Reynolds and Constable to Mondrian and Klee Gilson shows how painting is foreign to the order of language and knowledge Painting he argues seeks to add new beings to nature not to represent those that already exist For this reason we must distinguish it from another art that of picturing which seeks to produce images of actual or possible beings Though pictures play an important part in human life they do not belong in the art of painting Through this distinction Gilson sheds new light on the evolution of modern painting A magisterial work of scholarship by an acclaimed historian of philosophy Painting and Reality features paintings from both classical and modern schools and includes extended selections from the writings of Reynolds Delacroix Gris Gill and Ozenfant **Monthly Bulletin** San Francisco Public Library,1919 Tragedy and Philosophy Walter Kaufmann,1992 A critical re examination of the views of Plato Aristotle Hegel and Nietzsche on tragedy Ancient Greek tragedy is revealed as surprisingly modern and experimental while such concepts as mimesis catharsis hubris and the tragic collision are discussed from different perspectives Goethe in English Derek Glass,Martin H. Jones,2005 This bibliography was commissioned by the English Goethe Society as a contribution to the celebration in 1999 of the 250th anniversary of Goethes birth It sets out to record translations of his works into English that have been published in the twentieth century up to and including material published in that anniversary year It aims to serve as wide a constituency as possible be it as a simple reference tool for tracing a translation of a given work or as a documentary source for specialized studies of Goethe reception in the English speaking world The work records publications during the century not merely translations that originated during this period It includes numerous reprintings of older material as well as some belated first publications of translations from the nineteenth century It shows how frequent and how long enduring was the recourse of publishers and anthologists to a Goethe Victorian in diction a signal factor in perceptions and misperceptions Derek Glass was putting the finishing touches to the bibliography at the time of his sudden death in March 2004 Colleagues at Kings College London have edited the final manuscript which is now published jointly by the English Goethe Society and the Modern Humanities Research Association both as a worthy commemoration of Goethes anniversary and as a tribute to Derek himself
