Early childhood caries and its association with socio-behavioural and parental factors among 2-6 year old children Pratibha Taneja, 2017-08-08 Doctoral Thesis Dissertation from the year 2016 in the subject Medicine Dentistry language English abstract Oral health is related to general health and quality of life which emphasizes the importance of retaining good functional dentition It is associated with development of healthy personality perception and enables an individual to speak eat and socialize without active disease and discomfort The role of nutrition is also related to poor oral health affecting growth and cognitive development that leads to medical complications of untreated diseases and result in poor social outcomes Despite the great improvement in oral health many countries still encounter oral diseases which are widely prevalent more so in the developing countries like India Dental diseases such as Dental caries Periodontal disease and Oral mucosal lesions are the major public health problem throughout the world with the high prevalence due to altered life style and eating habits The burden of Oral disease is particularly high for the disadvantaged and poor population groups in both developing and developed countries Dental caries is an epidemic disease affecting humans of all ages in regions of most common disease of children Among all the dental diseases the prevalence of dental caries in India is increasing referred as Disease of civilization According to Centre for Disease Control Prevention dental caries is perhaps the most prevalent infectious disease Although it is well understood and preventable but still a global problem among children and young adults More than 40% of children have caries by the time they reach kindergarten

Visual Information Systems. Web-Based Visual Information Search and Management Monica Sebillo, Giuliana Vitiello, Gerald Schaefer, 2008-09-16 This book constitutes the thoroughly refereed proceedings of the 10th International Conference on Visual Information Systems VISUAL 2008 held in Salerno Italy September 11 12 2008 The 35 papers presented in this volume together with 3 keynote speeches were carefully reviewed and selected from 58 submissions The topics covered are

information and data visualization advances techniques for visual information management mobile visual information systems image and video indexing and retrieval applications of visual information systems and industrial experiences The Entomologist's Record and Journal of Variation James William Tutt,1925 The Parent Track Christina DeRoche, Ellie D. Berger,2017-02-24 The Parent Track provides an in depth understanding of parenting in academia from diverse perspectives gender age race ethnicity marital status sexual orientation and at different phases of a parent s academic career This collection not only arrives at a comprehensive understanding of parenthood and academia it reveals the shifting ideologies surrounding the challenges of negotiating work and family balance in this context Earlier research on parenting has documented the ways in which women and men experience and subsequently negotiate their roles as parents in the context of the workplace and the home Particular attention has been paid to the negotiation of familial and childcare responsibilities the division of labour the availability of family friendly policies social constructions of motherhood and fatherhood power relations and gender roles and inequality Studies on the experience of parenthood within the context of academia however have lacked diversity and failed to provide qualitative accounts from scholars of all genders at varying points in their academic careers who have or are planning to have children This book addresses that gap **The Resilience Doughnut** Lyn Worsley,2015-05-04 This thoughtful accessible inspirational and well written book outlines a model that can provide ourselves and our children with the capacity to face overcome and be transformed by adversity In Seven bite size chunks the Resilience Doughnut model represents the outside influences that build resilience in children and protect them from stress or adversity The model is a helpful guide for parents teachers counsellors and anyone caringly concerned with their health wellbeing and success in life This book has the potential to bring resilience into the common language of families The Resilience Doughnut has become a foundational ecological model of resilience used by practitioners all around Australia and is quickly spreading to other countries The work of the Resilience Doughnut across a whole organisation builds student and or staff awareness of the coping resources available and enhances a culture of resilience To date the Resilience Doughnut has worked directly with schools and corporate and community organisations to build the resilience of young people adults staff and the community The programs have shown an increase in resilience scores for all students with those showing signs of anxiety and depression having the most to benefit over a long period of time The key focus for these programs is to activate the strong and intentional connections in the community and existing relationships around each child

Getting the books **The Parent Factor** now is not type of challenging means.
