The Passionate Pagan Carter Brown, 1963 **The Passionate Pagan** Alan Yates, 1963 The Passionate Pagan Carter BROWN (pseud.), 1964 **Eros and Touch from a Pagan Perspective** Christine Hoff Kraemer, 2013-10-23 Within the past twenty years contemporary Pagan leaders progressive Christian and Goddess theologians advocates for queer and BDSM communities and therapeutic bodyworkers have all begun to speak forcefully about the sacredness of the body and of touch Many assert that the erotic is a divinely transformative force both for personal development and for social change Although the erotic includes sexuality it is not limited to it access to connected nonsexual touch is as profound a need as that for sexual freedom and health In this book Christine Hoff Kraemer brings together an academic background in religious studies and theology with lived experience as a professional bodyworker and contemporary Pagan practitioner Arguing that the erotic is a powerful moral force that can ground a system of ethics Kraemer integrates approaches from queer theology therapeutic bodywork and sexual minority advocacy into a contemporary Pagan religious framework Addressing itself to liberal religious people of many faiths *Eros and Touch from a Pagan Perspective* approaches the right to pleasure as a social justice issue and proposes a sacramental practice of mindful consensual touch The Edinburgh Review, 1882 Pagan Mysticism Michael York, 2018-12-10 As a non dogmatic religion paganism is a spirituality that is variously interpreted in terms of nature worship this worldliness the valuing of the physical and multiple understandings of the sacred Like most religions pagan spirituality also entertains the experience of mystical ecstasy as an intense state of psycho spiritual consciousness that radically diverges from ordinary waking awareness This volume addresses two fundamental questions namely how do the world's religions understand the mystical and its pursuit and how and why does paganism offer something different Proverbially the mystical quest is an ultimate human endeavour The re emergence of pagan thought in contemporary times challenges the obsolete and unlocks both innovation and available forms of transpersonal emancipation **Religious Truth and Identity in an Age of Plurality** Peter Jonkers, Oliver J. Wiertz, 2019-08-05 This book deals with the intellectual aspects of having diverse religious expressions in proximity and the socio political consequences It provides a multi disciplinary perspective on this complex subject cross fertilizing work on religious plurality with truth claims from theologians as well as philosophers from the continental and analytic traditions The book includes three major parts Part 1 explores the ideas around religious diversity and truth Part 2 draws out the epistemic import of religious diversity and Part 3 concludes the volume by examining the practical and social aspects of religious diversity Bringing a transdisciplinary perspective to a topic that remains at the forefront of conversation around the religious life of the world this book will be of great interest to scholars of Religious Studies Theology and the Philosophy of Religion Summa Theologiae: Volume 54, The Passion of Christ Richard T. A. Murphy, 2006-10-26 Paperback reissue of one volume of the English Dominicans Latin English edition of Thomas Aquinas *Summa Theologiae* *Pagan Theology* Michael York, 2003-04-01 This study identifies paganism as a viable religion exploring

its practices and theology as they are expressed in religious communities across the world Long dismissed as a miscellany of fringe ideas and practices Paganism is one of the fastest growing spiritual orientations in the West In Pagan Theology Michael York reframes Paganism as a world religion He provides an overview of pagan theology and practice while expanding on the concept of paganism itself He demonstrates it to be a viable spiritual perspective one which he identifies around the world today in such forms as Chinese folk religion Shinto tribal religions and neo Paganism in the West While adherents to many of these traditions do not use the word pagan to describe their beliefs or practices York contends that they feature common characteristics for which the label pagan is appropriate After outlining these characteristics he examines many of the world s major religions which while not themselves pagan have pagan elements In the course of examining such behavior York provides rich and lively descriptions of religions in action including Buddhism and Hinduism

Making Pagans John Kuhn, 2024-12-10 How early modern theatrical practice helped construct the category of pagan as a tool of European self definition and colonial ambition In Making Pagans John Kuhn argues that drama played a powerful role in the articulation of religious difference in the seventeenth century Tracing connections between the history of stagecraft and ethnological disciplines such as ethnography antiquarianism and early comparative religious writing Kuhn shows how early modern repertory systems that leaned heavily on thrift and reuse produced an enduring theatrical vocabulary for understanding religious difference through the representation of paganism a key term in the new taxonomy of world religions emerging at this time and a frequent subject and motif in English drama of the era Combining properties such as triumphal chariots trick altars and moving statues with music special effects and other elements the spectacular set pieces that were mostly developed for plays set in antiquity depicting England s pre Christian past were frequently repurposed in new plays in representations of Native Americans and Africans in colonial contact zones Kuhn argues that the recycling of these set pieces encouraged audiences to process new cultural sites through the lens of old performance tropes and helped produce fictitious quasi ethnographic knowledge for spectators generating the idea of a homogeneous trans historical trans geographical paganism Examining the common scenes of pagan ritual that filled England s seventeenth century stages magical conjurations oracular prophecies barbaric triumphal parades and group suicides Kuhn traces these tropes across dozens of plays from a range of authors including Ben Jonson Christopher Marlowe John Dryden and Philip Massinger Drawing together theater history Atlantic studies and the history of comparative religion Making Pagans reconceptualizes the material and iterative practices of the theater as central to the construction of radical religious difference in early modernity and of the category of paganism as a tool of European self definition and colonial ambition
