The Patrones Fathers Of Cocaine:

The Patrónes John Modi,2005-12-07 **The Andean Cocaine Industry** P. Clawson,R. Lee,2016-04-30 It is commonly known that the Andean nations of Colombia Peru and Bolivia are the international centers of cocaine production But until now there has been no comprehensive view of this billion dollar industry Using never before unearthed information culled from their extensive field research Patrick Clawson and Rensselaer Lee reveal the configuration of the drug industry from the original cultivation of coca in the fields of South America to the sale of cocaine on the streets of the United States The authors analyze the economic and political impact of the drug business on the Andean nations including such problems as violence and the undermining of legitimate business Through the ground breaking work of Clawson and Lee The Andean Cocaine Industry illuminates one of the most pervasive problems facing the world today *A defence of "Our Fathers," and of the original organization of the Methodist Episcopal church, against ... A. M'Caïne, etc* John EMORY,1827 *The Trials of Charles I* Ian Ward,2022-09-08 One of the iconic moments in English history the trial and execution of King Charles I has yet to be studied in depth from a contemporary legal perspective Professor Ian Ward brings his considerable legal and historical acumen to bear on the particular constitutional issues raised by the regicide of Charles and not only analyses the unfolding of events and their immediate historical context but also draws out their wider importance and legacy for the generations of historians politicians and writers over the ensuing three and a half centuries This is a book about constitutional history and thought but also about the writing of constitutional history and thought and the forms they have taken whether as scholarship polemics or literary experiments in collective British memory Chapters range from the events leading up to and through the trial and execution of Charles to their theatricality legality and constitutionality to the political writings such as Milton's *Tenure of Kings* and Hobbes *Leviathan* that followed and finally trace the various subsequent histories and trials of Charles I that presented him either as martyr Tory or in the 18th and 19th centuries the Whig **The Lives of the Fathers, Martyrs, and Other Principal Saints** Alban Butler,1868 **An abridgement of the first part of my Lord Coke's Institutes. By W. Hawkins. With some additions. ... Third edition, corrected** Sir Thomas LITTLETON,1822 *Cocaleros. Violence, drugs and social mobilization in the post-conflict Upper Huallaga Valley, Peru* ,2009 **Jacob Matham: Old Testament ; New Testament ; Subjects of devotion ; Fathers of the Church ; Saints** Jacob Matham,2007 *Coal and Coke* ,1907 **Great Psychologists as Parents** David Cohen,2016-09-29 Does it make you a better parent if you have pioneered scientific theories of child development In a unique study David Cohen compares what great psychologists have said about raising children and the way they did it themselves Did the experts practice what they preached Using an eclectic variety of sources from letters diaries autobiographies biographies as well as material from interviews each chapter focuses on a key figure in historical context There are many surprises Was Piaget the greatest child psychologist of the 20th century the only man to try to psychoanalyse his mother How many sons of great gurus have had to

rescue their father from a police station as R D Laing's son did And why did Melanie Klein's daughter wear red shoes the day her mother died The book covers early scientists such as Darwin psychoanalysts such as Freud and Jung to founders of developmental psychology including Piaget and Bowlby as well as Dr Spock It gives a vivid dramatic and often entertaining insight into the family lives of these great psychologists It highlights their ideas and theories alongside their behaviour as parents and reveals the impact of their parenting on their children Close bonds fraught relationships and family drama are described against a backdrop of scientific development as the discipline of psychology evolves Great Psychologists as Parents will be absorbing reading for students in childhood studies education and psychology and practitioners in psychology and psychoanalysis It will also interest general readers looking for a parenting book with a difference
