Hospitality, 2004 **WineSpeak** Bernard Klem, 2009-07-01 If you read wine reviews you re already either amused or confused by the soaring language wine writers often use to describe what they re smelling and tasting But do you always know what they mean Have you ever sipped a complex white and sensed what s so colorfully described as a peacock s tail Have you ever savored a full bodied red only to detect the ripe acrid smell of a horse stall If not you re in for a treat because these terms and thousands more are all here to amuse dismay enlighten inspire puzzle and utterly shock you Welcome to the rich linguistic universe of wine speak a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours The author a lifelong lover of both wine and words has compiled and organized this unique thesaurus of 36 975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others May your path across the galaxy of wine be paved only with labels from the very best bottles on earth Or much more cautiously with wines that could introduce you to angel pee citronella eastern European fruit soup Godzilla iodine ladies underwear mustard gas old running shoes rawhide hot tar roads bubblegum sweaty saddles crushed ants kitchen drains or even turpentine
