The Perfect City Of Man And Of God:

The God That Did Not Fail Robert Royal, 2010 Secular humanists and other progressives have been predicting the demise of religion for the past 250 years But they keep running into a problem those who were supposed to be liberated by the secular gospel that God is Dead aren't buying it Except for some parts of western Europe and in countries culturally destroyed by Communism secularization in the radical sense has not occurred While it has not obliterated the religious impulse however the drive towards progressive irreligion has Robert Royal believes encouraged ignorance of religion's central role in the development of the West In *The God That Did Not Fail* Royal offers an original reading of religion in ancient Greece and Rome of Christianity and Judaism the Middle Ages the Renaissance and Reformation the several modern Enlightenments culminating with a profound assessment of our current postmodern moment He concludes that since religion is a permanent part of human nature and of the particular character of the West our efforts should be directed not into a quixotic effort to deny the undeniable especially as we face challenges from Islamic fundamentalism but into promoting a well thought out and dynamic interplay of faith reason and modern freedoms *Theology and Technique* Jacques Ellul, 2024-02-21 *Theology and Technique* is a posthumous incomplete volume drafted in the 1970s that nevertheless constitutes a significant addition to the Ellul corpus Working from Jacques Ellul's original outline a collaborative team including three of Ellul's children a grandson and Ellul scholars has assembled previous partial publications that Ellul himself approved for eventual incorporation along with relevant unpublished essays and notes into a book which throws the relationship between Ellul's radical theology and sociological critique into fresh perspective Frederic Rognon contributes an especially insightful general introduction The translation by Christian Roy is a model of rendering the complexities of the French original into English This latest Ellul publication will be essential to any serious attempt to appreciate the scope and depth of Ellul's Christian engagement with the challenges of the contemporary world **The Barbarians Are Here** Michael Youssef, 2025-04-08 For decades Americans were vaguely aware that Islamist barbarians were in the deserts of the Middle East and in the mountains of Afghanistan and Pakistan executing infidels and raiding villages with unrecognizable names But the Muslim world seemed far away remote and irrelevant to our daily lives Then came the terrorist attacks of 9/11 followed by attacks at Fort Hood the Boston Marathon San Bernardino and more Now terrorists seem to be emerging everywhere unleashing senseless death and destruction on our nation They are here and their goal is nothing less than global conquest Motivated by ancient prophecies they are flooding into Western countries determined to conquer our countries and establish a global Muslim caliphate In *The Barbarians Are Here* Dr Michael Youssef provides clear insight into the motives and mission of the Islamic extremists He offers practical steps we can take right now to begin a New Reformation that will restore the hope of Western civilization It's not too late We are not doomed to destruction even though the barbarians are already here But we haven't a moment to lose Let this book shape how you think pray and take the Gospel to the ends of the earth R
