The Latimer Mercy:

Latimer Mercy Robert Richardson, 1993 **Latimer Mercy** Robert Richardson, Ph.D., 1986-01-01 *The Latimer Mercy* Robert Richardson, 2005 When a valuable Bible is stolen from Vercaster Cathedral and Diana Porter a London actress goes missing at the Dean's garden party the local police are concerned but not unduly alarmed **Robert Latimer** Gary Bauslaugh, 2010-09-16 In October 1993 Robert Latimer a Saskatchewan farmer decided to end the life of his chronically ill daughter rather than subject her to another painful surgery Tracy who had the mental capacity of a five month old infant was twelve at the time of her death She had already endured multiple operations to correct conditions caused by her severe cerebral palsy Tracy's death and the charge of murder laid against Robert Latimer set in motion Canada's most famous and controversial case of mercy killing The case sparked a national debate about euthanasia and the rights of the severely disabled that continues today Author Gary Bauslaugh takes us back to the beginning of this case describes its explosion on the national scene during two highly publicized trials and looks at later conflicts surrounding Latimer's parole hearing In clear insightful prose Bauslaugh discusses the conflicting views of Latimer's sympathizers and detractors in chapters that explore the ethical dilemmas as well as the legal issues that this case has raised As a reporter who has followed the case from its beginnings and interviewed Latimer multiple times during his imprisonment and subsequent parole Bauslaugh's intimate knowledge of the personalities and facts of this difficult case allow him to write a revealing and informed book

Last Word Florian Sauvageau, David Schneiderman, David Taras, 2011-11-01 Media coverage of the Supreme Court of Canada has emerged as a crucial factor not only for judges and journalists but also for the public It's the media after all that decide which court rulings to cover and how They translate highly complex judgments into concise and meaningful news stories that will appeal to and be understood by the general public Thus judges lose control of the message once they hand down decisions and journalists have the last word To show how the Supreme Court has fared under the media spotlight Sauvageau Schneiderman and Taras examine a year in the life of the court and then focus on the media coverage of four high profile decisions the Marshall case about Aboriginal rights the Vriend case about gay rights the Quebec Secession Reference and the Sharpe child pornography case They explore the differences between television and newspaper coverage national and regional reporting and the French and English language media They also describe how judges and journalists understand and interact with one another amid often clashing legal and journalistic cultures offering a rich and detailed account of the relationship between two of the most important institutions in Canadian life The Acts and Monuments of John Foxe John Foxe, 1838 **An Universal History of Christian Martyrdom, Being a Complete and Authentic Account of the Lives, Sufferings, and Triumphant Deaths of the Primitive as Well as Protestant Martyrs ... Together with a Summary of the Doctrines, Prejudices, Blasphemies, and Superstitions of the Modern Church of Rome. Originally Composed by the Rev. John Fox, M.A. with Notes, Commentaries, and Illustrations by the Rev. J. Milner ... A New Edition,**

Greatly Improved and Corrected John Foxe,1838 **Showing Remorse** Richard Weisman,2016-04-01 Whether or not wrongdoers show remorse and how they show remorse are matters that attract great interest both in law and in popular culture In capital trials in the United States it can be a question of life or death whether a jury believes that a wrongdoer showed remorse And in wrongdoings that capture the popular imagination public attention focuses not only on the act but on whether the perpetrator feels remorse for what they did But who decides when remorse should be shown or not shown and whether it is genuine or not genuine In contrast to previous academic studies on the subject the primary focus of this work is not on whether the wrongdoer meets these expectations over how and when remorse should be shown but on how the community reacts when these expectations are met or not met Using examples drawn from Canada the United States and South Africa the author demonstrates that the showing of remorse is a site of negotiation and contention between groups who differ about when it is to be expressed and how it is to be expressed The book illustrates these points by looking at cases about which there was conflict over whether the wrongdoer should show remorse or whether the feelings that were shown were sincere Building on the earlier analysis the author shows that the process of deciding when and how remorse should be expressed contributes to the moral ordering of society as a whole This book will be of interest to those in the fields of sociology law law and society and criminology **Little Mercy's Mantle** Annie Preston,1881 **Liberty to the Captive** Nina J. Lechiara,2001-04 The Mystery Fancier William F. Deeck,2008-08-01 A bibliography of various mystery novels published between November 1976 and Fall 1992 Latimer's Luck. [A Novel.] By the Author of "A Woman Against the World [i.e. W. G. Starbuck]." William Gayer Starbuck,1865 **Concepts and Cases in Nursing Ethics - Fourth Edition** Michael Yeo,Anne Moorhouse,Pamela Khan,Patricia Rodney,2020-04-30 A portion of the revenue from this book s sales will be donated to Doctors Without Borders to assist the humanitarian work of nurses doctors and other health care providers in the fight against COVID 19 and beyond Concepts and Cases in Nursing Ethics is an introduction to contemporary ethical issues in health care designed especially for Canadian audiences The book is organized around six key concepts beneficence autonomy truth telling confidentiality justice and integrity Each of these concepts is explained and discussed with reference to professional and legal norms The discussion is then supplemented by case studies that exemplify the relevant concepts and show how each applies in health care and nursing practice This new fourth edition includes an added chapter on end of life issues and it is revised throughout to reflect the latest developments on topics such as global health ethics cultural competence social media and palliative sedation as well as ethical issues relating to COVID 19 **The Library of the Old English Prose Writers ...: Latimer's Sermons** ,1832 **All the Year Round** ,1871 Seeking Medicine's Moral Centre Tom Koch,2025-01-16 For the first time in two millennia the Hippocratic ethic of medical care has been supplanted by a new bioethics The bottom up set of injunctions to care of the patient and for society ha been replaced by a top down commercial ethic focused on patient autonomy in a limited system of medical care To understand this transformation and its the effect

Seeking Medicine's Moral Centre focuses on the issue of medical aid in dying MAiD in Canada. Uniquely it introduces ethnography as a tool to parse a set of academic and public articles reflecting the changing face of medical ethics from 1996 to the present. In doing so it joins the professional and the popular as a single dataset. It is the first book to seriously critique bioethics as a medical ethic through its focus on medical aid in dying as a still contested program in care of the chronically ill and fragile. Key audiences include journalists, medical anthropologists and sociologists, ethicists and bioethicists, medical and scientific researchers and policy makers.

Life or Death Daniel J. Baum, 2015-08-22. A understandable overview of the laws regarding euthanasia, end of life treatment and medication of those who may be unable to decide for themselves if the treatment is necessary. Our bodies are ours to control free from state interference or so it appears. The Charter of Rights and Freedoms provides: Everyone has the right to life, liberty and security of the person and the right not to be deprived thereof except in accordance with the principles of fundamental justice. But how absolute is this? Do parents have the final decision in determining the medical care of their children even if that choice may mean death? May children override the choices of their parents as to medical care? What role if any does the state or the courts have in reviewing individual medical choices even if those choices are made by an adult but could result in death? Can physicians insist that their patients must have certain medical treatments? Do the terminally ill have the right to ask for assistance in dying? These are among the questions upon which Canadian judges must rule. When and how they reach decisions are explored in *Life or Death: A Matter of Choice*.

The Anti-Jacobin Review and Magazine Or Monthly Political and Literary Censor , Mental Health, Intellectual and Developmental Disabilities and the Ageing Process Vee P. Prasher, Philip W. Davidson, Flavia H. Santos, 2020-12-22. This book brings together findings from research and clinical practice with comprehensive coverage of the important aspects of mental health in ageing persons with intellectual and developmental disabilities. It is crucial for professionals involved in the care of persons with all intellectual and developmental disabilities to have a broad understanding of the essential range of issues and therefore this book provides a truly multi disciplinary perspective complete with many figures and illustrations to underline the key points. Undoubtedly research and clinical practice are much more advanced in the general ageing population than in persons with intellectual and developmental disabilities and so professionals and academics must be made fully aware of commonalities and idiosyncrasies of older people with intellectual and developmental disabilities. This book presents the ongoing developments concerning mental health and aging which will become relevant to the intellectually disabled population. Through experience this book also acknowledges that the impact on the persons themselves and on their carers always needs to be taken into account with treatment programs established with a multi faceted team approach in mind. Avoiding the jargon of many titles in this area while maintaining the hands on approach of clinical practice this book meshes the practical and scientific worlds with all chapters written by leading experts in the field. Beyond the US the IASSIDD support expands the book message worldwide.
