H. J. Greenidge, 2015-06-25 Excerpt from The Legal Procedure of Cicero s Time The leading design of this book is to furnish students of Cicero s writings with a clue to the chief legal difficulties which they will meet with in their reading These difficulties are far more numerous in the sphere of

procedure than in that of substantive law and as it was quite impossible to write a work of moderate compass which dealt with both branches of the subject I have thought it better to confine my attention mainly to the former although as will easily be understood it has proved impossible to deal thoroughly with the procedure of the period which I have treated without touching on many questions of pure law so intimately are these bound up with the forms in which they were presented to the courts When I had chosen the procedure of the Ciceronian period as my subject there were two methods of treatment which lay open before me About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Hand of Cicero Shane Butler, 2005-06-29 Hundreds perished in Rome's Second Proscription but one

victim is remembered above all others Cicero stands out however not only because of his fame but also because his murder included a unique addition to the customary decapitation For his corpse was deprived not only of its head but also of its right hand Plutarch tells us why Mark Antony wanted the hand that wrote the Philippics But how did it come to pass that Rome's greatest orator could be so hated for the speeches he had written Charting a course through Cicero's celebrated career Shane Butler examines two principal relationships between speech and writing in Roman oratory the use of documentary evidence by orators and the publication of both delivered and undelivered speeches He presents this fascinating theory that the success of Rome's greatest orator depended as much on writing as speaking he also argues against the conventional wisdom that Rome was an oral society in which writing was rare and served only practical secondary purposes **Brill's Companion to Cicero** James M. Sulla Oratio Marcus Tullius Cicero, 2004-05-20 In 62 BC the year after his suppression of Catiline Cicero delivered Pro Sulla a successful defence of P Cornelius Sulla the nephew of the dictator on a charge of participation in the Catilinarian conspiracy This edition which contains a new text together with introduction commentary and appendices is the first full scale scholarly treatment of the speech The text takes account of Gulielmius reports of the missing portion of the Erfurtensis manuscript recovered by Dr Berry and published as a preliminary to this edition in 1989 a complete collation is provided of this and the other principal manuscripts The introduction includes a reassessment of Sulla's guilt and Cicero's undertaking of the case and also considers issues such as the prose rhythm of the speech and its publication The commentary discusses history text and syntax as well as rhetoric and style
