The Lesbian Periodicals Index:

The Lesbian Periodicals Index Clare Potter, 1986 Author and subject index for lesbian periodicals **Lesbian Sources** Linda Garber, 2018-10-24 This is the final volume of nine in a series on Gay and Lesbian studies Originally published in 1993 *Lesbian Sources* is a cross referenced bibliography of articles written by and or about lesbians and published in nationally or internationally distributed periodicals between 1970 and 1990 **The A to Z of the Lesbian Liberation Movement**

JoAnne Myers, 2009-08-20 The Lesbian Liberation Movement is both a movement that encompasses liberating a sexual practice from stigmatization and a political movement challenging the dual oppression of women by the patriarchy's assumption of male supremacy and heterosexuality Over the years much has been written on homosexuality and the Gay Liberation Movement yet much of the focus has been on male homosexuals especially male homosexual activity and the politics that activity raises *The A to Z of the Lesbian Liberation Movement* Still the Rage is a comprehensive overview and resource guide for one of the most invisible social political movements the Lesbian Liberation Movement This book helps to make the still active movement visible the history successes setbacks controversies and issues This book is a good resource for those studying this social political movement containing a chronology contextual overview dictionary entries that cover persons laws terminology issues and countries and an extensive bibliography of primary resources and current work

Encyclopedia of Lesbian and Gay Histories and Cultures Bonnie Zimmerman, George Haggerty, 2021-06-13 A rich heritage that needs to be documented Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavors It covers a long history and a dynamic and ever changing present while opening up the academic profession to new scholarship and new ways of thinking A groundbreaking new approach While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written for and by a widerange of people Intended as a reference for students and scholars in all fields as well as for the general public the encyclopedia is written in user friendly language At the same time it maintains a high level of scholarship that incorporates both passion and objectivity It is written by some of the most famous names in the field as well as new scholars whose research continues to advance gender studies into the future **Encyclopedia of Lesbian and Gay Histories and**

Cultures George Haggerty, Bonnie Zimmerman, 2003-09-02 Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial

fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public

Lesbian Histories and Cultures Bonnie Zimmerman,2000 To reflect this crucial fact The Encyclopedia of Lesbian and Gay Histories and Cultures has been prepared in two separate volumes to assure that both histories receive full unbiased attention and that a broad range of human experience is covered BOOK JACKET *Historical Dictionary of the Lesbian and*

Gay Liberation Movements JoAnne Myers,2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality **Identity**

Poetics Linda Garber,2001-10-17 Queer theory asserts Linda Garber alternately buries and vilifies lesbian feminism missing its valuable insights and ignoring its rich contributions Rejecting the either/or choice between lesbianism and queer theory she favors an inclusive approach that defies current factionalism In an eloquent challenge to the privileging of queer theory in the academy Garber calls for recognition of the historical and intellectually significant role of lesbian poets as theorists of lesbian identity and activism The connections Garber shows are most clearly seen when looking at the pivotal work of working class lesbians lesbians of color whose articulations of multiple simultaneous identity positions and activist politics both belong to lesbian feminism and presage queer theory Identity Poetics includes a critical overview of recent historical writing about the women's and lesbian feminist movements of the 1970s discussions of the works of Judy Grahn Pat Parker Audre Lorde Adrienne Rich and Gloria Anzald a and finally a chapter on the rise and hegemony of queer theory within lesbian/gay studies *Introduction To Library Research In Women's Studies* Susan E. Searing,2019-02-26 This annotated bibliography evaluates the traditional reference aids available in most college libraries in terms of their usefulness in women's studies research highlighting issues and problems of central concern to researchers in women's studies *Women Online*

Steven D. Atkinson,Judith Hudson,1990 Women Online focuses on the problems of investigating interdisciplinary topics in

women's studies working with controlled vocabularies and inconsistent indexing and locating feminist scholarship The authoritative contributors to the book not only analyze these problems in general terms but also suggest practical strategies for making online research more effective and productive The sixteen chapters in this much needed book are organized into three broad categories covering disciplines such as humanities and social sciences format of the material covered such as non bibliographic and cited reference databases and specific topics such as lesbian studies and women of color Chapter authors employ a variety of useful methods to analyze issues of coverage and content They compare the results of controlled vocabulary and free text or full text searching and make use of search examples cited reference and multi file searching and bibliometric techniques including analysis of recall precision overlap relevancy uniqueness and trends in file growth The Database Matrix provides an alphabetical listing of files discussed in the book and serves as a directory for online research in women's studies Women Online will be useful to librarians scholars and students who search databases as well as to producers who design and market them
