Sporting Cultures, 1650-1850 Daniel O'Quinn, Alexis Tadié, 2018-01-01 *Sporting Cultures 1650 1850* is a collection of essays that charts important developments in the study of sport in the eighteenth century      **The Letters and Journals of Lady Mary Coke: 1756-1767** Lady Mary Coke, 1970      **The Charmed Circle** Rebecca Gates-Coon, 2015-01-15 In late eighteenth century Vienna a remarkable coterie of five aristocratic women popularly known as the five princesses achieved social preeminence and acclaim as close associates of the reforming Habsburg Emperor Joseph II They were Princess Maria Josepha Clary 1728 1801 Princess Maria Sidonia Kinsky 1729 1815 Princess Maria Leopoldine Liechtenstein 1733 1809 Countess subsequently Princess Maria Leopoldine Kaunitz 1741 1795 and Princess Maria Eleonore Liechtenstein 1745 1812 The group assumed a stable form by 1772 by which time Joseph II and two of his closest male associates Field Marshal Franz Moritz Lacy and Count Franz Xavier Orsini Rosenberg had become accepted members of the circle as well During the Viennese social season members of the group made their way several times each week to the inner city palace of one of the Dames as members of the group called themselves During the summer months when the women dispersed to visit country estates in Bohemia and Moravia or to travel group members corresponded regularly These were exciting restless years in the Habsburg monarchy as reforms were implemented to help the monarchy withstand threats to its stability and international stature from without and within With assured access to the emperor and his closest advisors the Dames enjoyed both a unique view of events and a chance to participate in public affairs albeit informally and discreetly as steadfast acknowledged friends of the emperor Through analysis of the correspondence of these women and of the published and unpublished commentaries of their contemporaries this study scrutinizes the activities of this select group of women during the co regency period 1765 1780 when Joseph shared responsibility with his mother Maria Theresia and during Joseph's decade as

**The Johnson Circle** Lyle Larsen,2017-10-05 Samuel Johnson from early boyhood lived with the knowledge that his homely face large and ungainly body loud voice and odd mannerisms put people off He later confessed that he had never made an effort to please others until past thirty considering the matter as hopeless Yet he managed to gather about him as friends especially during the last quarter of his life some of the most fascinating and accomplished people of the day These friendships were not always smooth and some did not last but Johnson valued the individuals nonetheless Actor painter playwright novelist Greek scholar miscellaneous writer biographer leading bluestocking wealthy man of fashion they represented a wide range of talents and personalities Johnson brought them together as a group and all testified that in knowing him they became far better persons than they otherwise would have been This book focuses on ten key figures aside from Johnson himself of the so called Johnson circle It explores their characters their contributions to society their relationships with one another and their indebtedness to Samuel Johnson

*Shakespearean Objects in the Royal Collection, 1714-1939* Kirsten Tambling,2025-09-22 The British royal collection includes nearly 2 000 objects with a connection to Shakespeare What stories do these objects tell of the relationship between the man often described as Britain s national poet and Britain s royal family Royal collecting of Shakespeare did not really begin until 1714 and has therefore broadly tracked the development and entrenchment of the Hanoverian and latterly the Saxe Coburg Gotha royal family Not entirely coincidentally this period also saw a general increase in public interest in objects associated with Shakespeare s life and biography often to the detriment of Shakespeare s works a development partially spearheaded by the Shakespeare Jubilee masterminded by the actor David Garrick at Stratford upon Avon in 1769 The histories of specific works of art in the royal collection from Thomas Gainsborough s painting of Mary Robinson to a collection of relic objects relating to Herne s Oak and Shakespeare s mulberry tree reveal how royal engagement with Shakespearean objects between 1714 and 1939 contributed to the development of a new constitutional settlement between the monarchy and its subjects under George IV Queen Victoria and George V and Queen Mary During this period objects relating to Shakespeare increasingly regarded by the royal family as nostalgic souvenirs from a fantastical national past were useful tools in shoring up these ideas and in yoking the fortunes of the British monarchy to a new vision of shared national history

*A Cultural History of Dress and Fashion in the Age of Empire* Denise Amy Baxter, 2018-11-01 During the nineteenth and early twentieth centuries the production of dress shifted dramatically from being predominantly hand crafted in small quantities to machine manufactured in bulk The increasing democratization of appearances made new fashions more widely available but at the same time made the need to differentiate social rank seem more pressing In this age of empire the coding of class gender and race was frequently negotiated through dress in complex ways from fashionable dress which restricted or exaggerated the female body to liberating reform dress from self defining black dandies to the oppressions and resistances of slave dress Richly illustrated with over 100 images and drawing on a plethora of visual textual and object sources *A Cultural History of Dress and Fashion in the Age of Empire* presents essays on textiles production and distribution the body belief gender and sexuality status ethnicity and visual and literary representations to illustrate the diversity and cultural significance of dress and fashion in the period

**Eating in Eighteenth-century Provence** Barbara Santich, 2023-08-10 We have two cuisines in France that of the north and that of the south boldly stated the first cookbook directly concerned with southern French cuisine in 1830 This book investigates the reasons for and background to these differences specifically in Provence In the absence of cookbooks for the region in the 18th century it uses innovative methodologies relying on a range of hitherto unexplored primary resources ranging from household accounts and manuscript recipes to local newspapers and gardening manuals that focus on the actuality of the 18th century Provençal table The sources emphasise the essentially seasonal and local nature of eating in Provence at this time In many ways eating habits echoed generalised French patterns according to class but at the same time the use of particular foods and culinary practices testified to a distinctive Provençal food culture partly related to geographic and climatic differences but also to cultural influences This food culture represented the foundation for the Provençal cuisine which was recognised and codified in the early 19th century From a diverse archive of documents has emerged new evidence for the cultivation and consumption of potatoes and tomatoes in Provence and for the origins and evolution of emblematic

dishes such as bourride bouillabaisse and brandade In linking the coming of age of Provençal cuisine to post Revolutionary culture in particular the success of restaurants and the flourishing of gastronomic discourse this book offers a new understanding of the development and evolution of regional cuisines **Chance and the Eighteenth-Century Novel** Jesse Molesworth, 2010-07-08 A study of the relationship between realism probability and chance in eighteenth century fiction

*Remembering Anne Beach* Carolyn Day, 2025-02-28 Remembering Anne Beach pulls back the veil on the challenges of research the problems of gaps in archives and the long process involved in constructing historical narratives Through the tragic tale of an ill fated couple and their disapproving families this microhistory explores not only forbidden love but also marriage illness death disability and scandal in eighteenth century society Drawing on the story of Anne Beach the author sheds light on the lost experiences of early modern women as well as those with mental afflictions who have left us mere fragments of their lived experiences In weaving a tragic narrative Day also tackles the problem of archival silences and provides the reader with insight into the highs and lows of the research process With charm and clarity Day describes the frustration skill determination obsession and sheer luck required to be able to provide a diligent more inclusive perception of our past
