 creative power that is available to every human being without restriction If you activate and combine this power with
 intuition inspiration the inner voice or the gut feeling an all encompassing source of creativity and wonder opens up which
 provides the answers to all questions and goes far beyond Man himself becomes a creator as part of a universal whole This
 can sometimes also happen in dreams but only the subconscious acts there so that the dreamed events usually only remain a
 vague memory and cannot effect anything in reality The coaching is therefore about establishing a conscious connection in
 order to distract the focus from rational mind and ego and finally to direct it into the heart The Brueckmann Method
 combines free imagination inside mental accompaniments with elements from quantum healing and light breathing exercises
