The Overland Migrations:

The Overland Migrations U. S. National Park Service, 2017-12-26 Excerpt from *The Overland Migrations Settlers to Oregon California and Utah* The busy outfitters of the neighboring towns of Independence and Westport Missouri merchants innkeepers blacksmiths saddlers and the rest had never before seen such a crowd of movers as the one that poured through their muddy streets in the spring of 1843 Not that the frontier businessmen weren't used to travelers Each spring for the past 20 years specially built freight wagons had been traveling from Missouri along the famed Santa Fe Trail to New Mexico and some of them on south as far as Chihuahua But the sinewy roustabouts and the Mexican and American proprietors of those caravans were entirely male adventurers not settlers seeking new homes By fall most would be back with the bars of gold and silver bullion the jingling silver pesos the sacks of coarse wool and the herds of fine Spanish mules that were the fruit of their bartering This influx was different Numbering close to a thousand persons it was composed for the most part of families Members ranged in age from an occasional grandfather and grandmother down to a scattering of babes even unborn babes to judge from the appearance of a few of the women They planned to journey to the Pacific Coast more than twice as far as Santa Fe in ordinary farm wagons covered with clumsy roofs of canvas What was more none of those setting forth that year intended at least at the outset to come back again When news of this gathering reached New York Horace Greeley editor of the influential Tribune picked up his pen in amazement Years later Greeley would advise the youth of the nation Go west young man and grow up with the country In 1843 however he wasn't ready for so radical an idea Instead he wrote scornfully This migration of more than a thousand persons in one body to Oregon wears an aspect of insanity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Lavender, 1990 *The Mormon Handcart Migration* Candy Moulton, 2019-04-25 In 1856 the Church of Jesus Christ of Latter-day Saints employed a new means of getting converts to Great Salt Lake City who could not afford the journey otherwise They began using handcarts thus initiating a five year

experiment that has become a legend in the annals of Mormon and North American migration Only one in ten Mormon emigrants used handcarts but of those 3 000 who did between 1856 and 1860 most survived the harrowing journey to settle Utah and become members of a remarkable pioneer generation Others were not so lucky More than 200 died along the way victims of exhaustion accident and for a few starvation and exposure to late season Wyoming blizzards Now Candy Moulton tells of their successes travails and tragedies in an epic retelling of a legendary story The Mormon Handcart Migration traces each stage of the journey from the transatlantic voyage of newly converted church members to the gathering of the faithful in the eastern Nebraska encampment known as Winter Quarters She then traces their trek from the western Great Plains across modern day Wyoming to their final destination at Great Salt Lake The handcart experiment was the brainchild of Mormon leader Brigham Young who decreed that the saints could haul their own possessions pushing or pulling two wheeled carts across 1 100 miles of rough terrain much of it roadless and some of it untrodden The LDS church now embraces the saga of the handcart emigrants including even the disaster that befell the Martin and Willie handcart companies in central Wyoming in 1856 as an educational faith inspiring experience for thousands of youth each year Moulton skillfully weaves together scores of firsthand accounts from the journals letters diaries reminiscences and autobiographies the handcart pioneers left behind Depth of research and unprecedented detail make this volume an essential history of the Mormon handcart migration
