The Oz Factor Whos Doing What In Australia:

The Pilbara Bradon Ellem, 2017 The Pilbara a large thinly populated region in the north of Western Australia has become central to the Australian economy and imagination With millions of tons of iron ore shipped to China the Pilbara is a media staple through stories of mining companies profits the earnings of fly in fly out workers and the wealth of new entrepreneurs For all this what we know about a vital region such as the Pilbara remains incomplete The boomtime stories do not reveal much about the Pilbara itself a place completely transformed across fifty years of mining No one has acknowledged the Pilbara s ancient history or the men and women who worked there from the 1960s building unions and making communities as they worked the mines In those days the Pilbara excited both hope and dread about its workers and their power From the deserts prophets come AD Hope wrote years before in his poem Australia And it appeared that the Pilbara might be the site of a novel kind of unionism with workers winning not only high wages but control of the places where they worked and the towns where they lived But it was not to be Starting in the 1980s the companies fought back defeating the unions and remaking the Pilbara The managers were now the prophets with new ways of organising work and managing workers The companies reinvented the Pilbara through workplace control fly in fly out labor and twelve hour shifts Their vision reshaped not just the desert but the cities not just the work in mines and ports but in offices and shops When the biggest boom in mining history came along it unfolded across a Pilbara landscape very different from a generation earlier The union prophets were gone the companies profits grew This book reveals the story of fifty years of conflict over work and life in the Pilbara and how this conflict has affected the rest of Australia Subject Australian Studies Labor History **Island Home** Tim Winton, 2017-03-20 The writer explores his beloved Australia in a memoir that is a delight to read and a call to arms It beseeches us to revere the land that sustains us Guardian From boyhood Tim Winton s relationship with the world around him rock pools sea caves scrub and swamp has been as vital as any other connection Camping in hidden inlets walking in high rocky desert diving in reefs bobbing in the sea between surfing sets Winton has felt the place seep into him and learned to see landscape as a living process In *Island Home* Winton brings this landscape and its influence on the island nation s identity and art vividly to life through personal accounts and environmental history Wise rhapsodic exalted in language as unexpected and wild as the landscape it describes *Island Home* is a brilliant moving portrait of Australia from one of its finest writers the prize winning author of *Breath Eyrie* and *The Shepherd s Hut* among other acclaimed titles

The Oz Factor Michael Coyne, Leigh Edwards, 1980-01-01 *Black Words, White Page* Adam Shoemaker, 2004-03-01 This award winning study the first comprehensive treatment of the nature and significance of Indigenous Australian literature was based upon the author s doctoral research at the ANU *Australian Prime Ministers*, 1991 **If This Is Your Land, Where Are Your Stories?** J. Edward Chamberlin, 2010-05-28 We need to understand our stories because our lives depend upon it Ted Chamberlin The stories we tell each other reflect and shape our deepest feelings Stories help us live

our lives and are at the heart of our current conflicts We love and hate because of them we make homes for ourselves and drive others out on the basis of ancient tales As Ted Chamberlin vividly reveals we are both connected by them and separated by their different truths Whether Jew or Arab black or white Muslim or Christian Catholic or Protestant man or woman our stories hold us in thrall and hold others at bay Like the work of Joseph Campbell and Bruce Chatwin this vital engrossing book offers a new way to understand the hold that stories and songs have on us and a new sense of the urgency of doing so Drawing on his own experience in many fields as scholar and storyteller witness among native peoples and across cultures Ted Chamberlin takes us on a journey through the tales of different peoples from North America to Africa and Jamaica Beautifully written with insight and deep understanding If This Is Your Land Where Are Your Stories examines why it is now more important than ever to attend to what others are saying in their stories and myths and what we are saying about ourselves Only then will we understand why they have such power over us **Australian Journal of Political Science** ,1981 [Index to Australian Book Reviews](#) ,1981 Includes entries supplied by University of Queensland Library Staff [Monash Biographical Dictionary of 20th Century Australia](#) ,1994 With over 2200 lively informative Monash biographical dictionary of 20th century Australia is the first comprehensive single volume reference work to encompass major figures in the arts politics sport science medicine the law the media the public service and numerous other significant areas of society **Australian National Bibliography** ,1995
