Railroad Signatures Across the Pacific Northwest Carlos A. Schwantes, 1993 Demonstrates that the railroads profoundly affected the way people lived how they adjusted to the new opportunities or threats that swift and cheap transportation provided In short how they viewed the world This book is for everyone fascinated by trains and their nineteenth century opening of the

great Northwest With cases of pictures never before published this book tracks the stories of families lured to settle in the west revelations about railroad buccaneers and breathtaking engineering feats of bridges over daunting gorges Gene Shalit The Today Show NBC Murdering Holiness Jim Phillips, Rosemary Gartner, 2003-09-15 Murdering Holiness explores the story of the Holy Roller sect led by Franz Creffield in the early years of the twentieth century In the opening chapters the authors introduce us to the community of Corvallis Oregon where Creffield a charismatic self styled messiah taught his followers to forsake their families and worldly possessions and to seek salvation through him As his teachings became more extreme the local community reacted Creffield was tarred and feathered and his followers were incarcerated in the state asylum Creffield himself was later imprisoned for adultery but shortly after his release he revived the sect This proved too much for some of the adherents families and in May 1906 George Mitchell the brother of two women in the sect pursued Creffield to Seattle and shot him dead The authors take us into the courtroom for the trial that made headlines across North America as Mitchell was acquitted of murder Though the formal plea was insanity the defence built its case on the unwritten law that justified killing to protect or avenge family honour Based on court records and archival sources this case study includes a detailed examination of the trial the media s response to it and the dramatic aftermath and sheds light on the rise of ardent religion in the Pacific Northwest the justice system in Seattle and the role of the press in influencing public opinion

Forlorn Confederacy Revised Edition Mark Berhow, 2019-02-02 The conflicts occurring in the Washington Territory in the 1850s provide an interesting case study of the Native American Indian Wars It is an excellent story not only of the conflict itself but also the interplay between the natives early settlers missionaries and army personalities involved There is a wealth of contemporary documentation available but modern histories often center on only certain aspects of those conflicts Many of the tribes on the Washington coast and in the interior had strong ties with one another and the events of the Washington Territory Indian wars in the Puget Sound area and the Inland Empire area are tied to one another This is not often been brought together in a single work This is short history of those conflicts along with an extensive bibliography of references of both contemporary works and original source material Most of the sites where the major events that occurred during this conflict are marked today and a guide to those sites is included **Currents of Change** Todd Jennings, 2003

Refuge in the Nineteenth Century the Borderlands as a Refuge in the Twentieth Century and Natural Resources and Conservation along the Border Topics include the borderlands environment its aboriginal and gender history frontier interactions and comparisons agricultural and labor relations tourism the region as a refuge for Mormons far right groups and Vietnam War resisters and conservation and natural resources These areas show how the history and geography of the borderlands region has been transboundary multidimensional and unique within North America
