The Past Is Another Country:

The Past Is Another Country Mohul Bhowmick, 2025-10-03 Seeped in the details of remembrance and translucent in memories Mohul Bhowmick's *The Past Is Another Country* vainly attempts to honour celebrate and restore what is lost While such erasure as may be possible in poetry is done little justice to Bhowmick remains true to his roots with a poignant gratifying and sincerely intimate collection of poems after a lull of three long years Examining the human condition seems to have become an attribute of his as is the willingness to speak without hushed tones about the remnants of moments once intensely felt but now disregarded While the dismembering of the past is perhaps the easier way out in times of such decay Bhowmick overlooks the pain that causes pain and confronts himself with his recollections of sunnier days He does not shy away from looking straight into the heart of all things as is his wont and the result is a treatise on love loss grief and most of all a time that can not be reclaimed Treatment of such nuanced emotions has seldom been acceptable in the harsh light of society's ochre coloured drawing rooms but Bhowmick does not tread lightly or carefully in connivance with the present For he is also a pilgrim weary of the mind and incapable of seeking such knowledge as may be his privilege who ruptures into his wounds and asks for such healing as may be possible through mere words

Ussa: the Past Is Another Country Peter Wludyka, 2010-07-20 *USSA* The Past is Another Country is about what might have been as seen through the eyes of 17 year old Alex Nurov son of a prominent Russian father and a beautiful American mother Growing up on a barrier island near Charleston S C Alex has to deal with his dual ancestry in a world in which Russian snobbery views Americans as lazy and parasitic Alex's unquestioning view of the world gradually unravels when he discovers something he calls The Book He soon realizes this is not one of the mysteries he loves to read it is the lunatic ravings of Father Piotr Babulieski who presents an entirely different and dangerous history of the Great Uprising that produced socialist America And who is this Jesus Christ A general *USSA* The Past is Another Country takes place in vividly described locales in coastal South Carolina and the mountains of North Carolina Near Charleston the Nurov family lives on a barrier island on which Alex and his beautiful enigmatic mother swim and share long walks On the island's northern end is a huge dune the tops of giant oaks rise from it like the green plume from an extinct volcano which is 17 year old Alex's secret place where he reads his mysteries and daydreams far from the prying eyes of student block commander Gregorov Alex attends school in the old city of Charleston which is used by Alex's history teacher Brownsky as the example of pre Great Uprising America in which the decadent rich exploited the workers and slaves whose toil was converted into luxurious homes for a handful of capitalists Near the Nurov's mountain house Alex discovers what he calls The Book Alex knows he should turn The Book over to his father Or at least destroy it Instead this discovery turns Alex into one of the detectives he admires drawing him into a dangerous quest to prove that The Book is full of lies or that everything he has been taught is a lie There are three women in Alex's life Alex's American mother envisions a great future for her son and expects him to pursue the destiny she has earned for him through marriage

She is willing to use her beauty and almost mystical charm to make sure her hopes come to fruition Alex is infatuated with a fellow student the athletic and gorgeous Martina Antipova a true Russian and the epitome of socialist womanhood Dedicated unquestioning and intelligent she is certainly the right choice While Alex's curiosity about The Book grows he encounters Celeste a wispy young American woman Easy and indifferent to the strict morality that governs Martina Antipova she introduces Alex to the seamy underbelly of old Charleston and more The Past is a Foreign Country David

The Past is a Foreign Country - Revisited David Lowenthal, 2015-10 A completely updated new edition of David Lowenthal's classic account of how we reshape the past to serve present needs **The Past Is a Foreign Country - Revisited** David Lowenthal, 2015-10-01 The past remains essential and inescapable A quarter century after the publication of his classic account of man's attitudes to his past David Lowenthal revisits how we celebrate expunge contest and domesticate the past to serve present needs He shows how nostalgia and heritage now pervade every facet of public and popular culture History embraces nature and the cosmos as well as humanity The past is seen and touched and tasted and smelt as well as heard and read about Empathy re-enactment memory and commemoration overwhelm traditional history A unified past once certified by experts and reliant on written texts has become a fragmented contested history forged by us all New insights into history and memory bias and objectivity artefacts and monuments identity and authenticity and remorse and contrition make this book once again the essential guide to the past that we inherit reshape and bequeath to the future **The Past is a**

Foreign Country Gianrico Carofiglio, 2007 Memory and Power in Post-War Europe Jan-Werner Müller, 2002-08-29 How has memory collective and individual influenced European politics after the Second World War and after 1989 in particular How has the past been used in domestic struggles for power and how have historical lessons been applied in foreign policy While there is now a burgeoning field of social and cultural memory studies mostly focused on commemorations and monuments this volume is the first to examine the connection between memory and politics directly It investigates how memory is officially recast personally reworked and often violently re-instilled after wars and above all the ways memory shapes present power constellations The chapters combine theoretical innovation in their approach to the study of memory with deeply historical empirically based case studies of major European countries The volume concludes with reflections on the ethics of memory and the politics of truth justice and forgetting after 1945 and 1989 **Why Collingwood Matters**

Giuseppina D'Oro, 2023-10-05 R G Collingwood 1889-1943 was an English philosopher historian and practicing archaeologist His work particularly in the philosophy of action and history has been profoundly influential in the 20th and 21st century Although the importance of his work is indisputable this is the first book to consider how and why it actually matters Giuseppina D'oro considers the importance of Collingwood as a thinker who thinks kaleidoscopically and unlike lots of contemporary philosophers refuses to focus on narrow technical interests but instead observes the whole world of thought

Why Collingwood Matters revives Collingwood's conception of the role and character of philosophical analysis and shows how it informs his understanding of the mind what it means to act and what it means to understand the past historically It also argues for the relevance of his metaphilosophical approach to the challenge posed by the Anthropocene and the global environmental crisis Both an elucidation of Collingwood's thought and a lively exploration of its contemporary relevance

Why Collingwood Matters provides a much needed examination of a 20th century polymath The Routledge Handbook of Arabic Translation Sameh Hanna,Hanem El-Farahaty,Abdel-Wahab Khalifa,2019-12-09 Translation related activities from and into Arabic have significantly increased in the last few years in both scope and scale The launch of a number of national translation projects policies and awards in a number of Arab countries together with the increasing translation from Arabic in a wide range of subject areas outside the Arab World especially in the aftermath of the Arab Spring have complicated and diversified the dynamics of the translation industry involving Arabic The Routledge Handbook of Arabic Translation seeks to explicate Arabic translation practice pedagogy and scholarship with the aim of producing a state of the art reference book that maps out these areas and meets the pedagogical and research needs of advanced undergraduate and postgraduate students as well as active researchers **Time** Diane Owen Hughes,Thomas R.
