Cultivating a Thoughtful Faith Dr Maxie D Dunnam, Steven G W Moore, 2005-09 A passionate call for theological thinking that challenges our intellect enriches our faith kindles our heart and infuses our daily life The assumption in much of the church is that theology is an obstacle to a vital growing faith not an aid to it In fact everyone is a theologian either a good one or a bad one So what are the advantages of thinking intentionally about matters of theology and how they can guide inform and nourish our faith What are the components of good thinking and what are some ways we can cultivate it As the contributors to this volume make clear theology is for everyday and every person as all are called to be thoughtful followers of Jesus They make the case for how a living thoughtful faith and how learning to think about God can launch your faith and make it powerful and alive This engaging volume will help lay people incoming college students and prospective seminarians understand that vital faith is as much about our mind as it is about a warm heart *Cultivating a Thoughtful Faith* challenges the intellect while touching the heart It advances our understanding of how to love God with all our minds We in Christian higher education celebrate this contribution to a deeper understanding of our calling Robert C Andringa President Council for Christian Colleges and Universities Washington D C Rather than reserving theology for a classroom or Sunday morning discussion these essays challenge the reader to make sure that theology engages the imagination and the intellect the heart
