The Peoples Liberation Army And China In Transition:

The People's Liberation Army Stephen J. Flanagan, Michael E. Marti, 2012-07-18 The global war on terrorism has provided a new context for relations between the United States and China As the September 2002 National Security Strategy of the United States of America makes clear cooperation with China on a range of economic political security and military issues increasingly serves U S interests At the same time this relationship retains elements of competition and the potential for confrontation compounded by a legacy of periodic crises and mutual wariness Achieving a national consensus on an appropriate balance in U S China relations especially in military to military affairs remains a central challenge for those who analyze formulate and implement America s China policies *The People's Liberation Army and China in transition* Stephen J. Flanagan, Michael E. Marti, 2003 Antologi hvor forfatterne til de enkelte kapitler ikke indbyrdes altid er enige i de fremf rte beskrivelser af udviklingen i det kinesiske samfund i almindelighed og det kinesisk milit re samfund i s rdeleshed Med udgangspunkt i tiden efter 11 september 2001 beskrives den seneste 4 generation af ledere i Kina og disses syn p kinesisk inden udenrigs og forsvarspolitik herunder ogs kinesisk holdning til terrorisme **China's Military in Transition** David L. Shambaugh, Richard Yang, 1991 China s Military in Transition is the most comprehensive study of the Chinese People s Liberation Army PLA ever published Drawing upon a broad range of documentary sources and interviews many of the world s leading specialists on the Chinese military provide in depth and expert analyses of China s military modernization programme This unprecedented volume covers many aspects of the PLA on the eve of the twenty first century party army relations and the role of the PLA in domestic Chinese politics the changing officer corps the paramilitary People s Armed Police troop reorganizations and the demobilization programme the national security and defence policy decision making processes the military industrial complex and defence industrial conversion defence finance budget and training weapons procurement nuclear force modernization threat perceptions power projection capabilities and the military balance in the Taiwan Strait *China and the People's Liberation Army* NA NA, 2019-06-12 China and the People s Liberation Army defines great powers and developing states and suggests that the purposes of their militaries are fundamentally different Solomon Karmel works to debunk frequently unquestioned myths about China s status as a great power He employs extensive research of Chinese and foreign sources secret and public to understand shortcomings in the strategic military and industrial overhaul of China s military industrial complex His thematic framework and case study analysis have important implications for the study of developing world militaries and East Asian security **Chinese Military Modernization** Anthony H. Cordesman, Martin Kleiber, 2007-04-11 **Chinese Security Policy** Robert Ross, 2009-05-20 This volume provides a coherent and comprehensive understanding of Chinese security policy comprising essays written by one of America s leading scholars Chinese Security Policy covers such fundamental areas as the role of international structure in state behavior the use of force in international politics including deterrence coercive diplomacy and war and the sources of great power conflict

and cooperation and balance of power politics with a recent focus on international power transitions The research integrates the realist literature with key issues in Chinese foreign policy thereby placing China's behaviour in the larger context of the international political system Within this framework Chinese Security Policy considers the importance of domestic politics and leadership in Chinese policy making This book examines how Chinese strategic vulnerability since U S China rapprochement in the early 1970s has compelled Beijing to seek cooperation with the United States and to avoid U S China conflict over Taiwan It also addresses the implications of the rise of China for the security of both United States and of Chinese neighbors in East Asia and considers the implications of China's rise for the regional balance of power and the emerging twenty first century East Asian security order This book will be of great interest to all students of Chinese Security and Foreign Policy Chinese and Asian Politics US foreign policy and International Security in general

People's Republic of China People's Liberation Army Air Force Kenneth W. Allen, 1991

Revival: The People's Liberation Army and China's Nation-Building (1973) Ying-Mao Kau, 2017-09-29 This revised edition brings the problem of Third World conflict into the post Cold War era It asks when and how should the developed countries intervene in internal wars outside of their traditional geopolitical interest and what can such intervention realistically accomplish

Shaking the Heavens and Splitting the Earth Roger Cliff, 2011 This monograph analyzes published Chinese and Western sources about current and future capabilities and employment concepts of the People's Liberation Army Air Force PLAAF and provides recommendations about actions that should be taken in response

Chinese Naval Strategy in the 21st Century James R. Holmes, Toshi Yoshihara, 2012-09-10 Alfred Thayer Mahan has been called America's nineteenth century evangelist of sea power and the intellectual father of the modern US Navy His theories have a timeless appeal and Chinese analysts now routinely invoke Mahan's writings exhorting their nation to build a powerful navy Economics is the prime motivation for maritime reorientation and securing the sea lanes that convey foreign energy supplies and other commodities now ranks near or at the top of China's list of military priorities This book is the first systematic effort to test the interplay between Western military thought and Chinese strategic traditions vis vis the nautical arena It uncovers some universal axioms about how theories of sea power influence the behaviour of great powers and examines how Mahanian thought could shape China's encounters on the high seas Empirical analysis adds a new dimension to the current debate over China's rise and its importance for international relations The findings also clarify the possible implications of China's maritime rise for the United States and illuminate how the two powers can manage their bilateral interactions on the high seas Chinese Naval Strategy in the 21st Century will be of much interest to students of naval history Chinese politics and security studies
