Swain, Eugene D. Hill, William A. Long**

Sir Philip Sidney As A Literary Craftsman:

Sir Philip Sidney as a Literary Craftsman Kenneth Myrick, 1965 *Sir Philip Sidney as a literary craftsman* Kenneth Orne Myrick, **Sir Philip Sidney as a Literary Craftsman** Kenneth Myrick, 1935 **Philip Sidney and the Poetics of Renaissance Cosmopolitanism** Robert E. Stillman, 2016-04-22 Celebrations of literary fictions as autonomous worlds appeared first in the Renaissance and were occasioned paradoxically by their power to remedy the ills of history Robert E Stillman explores this paradox in relation to Philip Sidney's *Defence of Poesy* the first Renaissance text to argue for the preeminence of poetry as an autonomous form of knowledge in the public domain Offering a fresh interpretation of Sidney's celebration of fiction making Stillman locates the origins of his poetics inside a neglected historical community the intellectual elite associated with Philip Melanchthon leader of the German Reformation after Luther the so called Philippists As a challenge to traditional Anglo-centric scholarship his study demonstrates how Sidney's education by Continental Philippists enabled him to dignify fiction making as a compelling form of public discourse compelling because of its promotion of powerful new concepts about reading and writing its ecumenical piety and its political ambition to secure through natural law from universal Ideas freedom from the tyranny of confessional warfare Intellectually ambitious and wide ranging this study draws together various elements of contemporary scholarship in literary religious and political history in order to afford a broader understanding of the *Defence* and the cultural context inside which Sidney produced both his poetry and his poetics **Renaissance Minds and Their Fictions** Ronald Levaio, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985 **Encyclopedia of Renaissance Philosophy** Marco Sgarbi, 2022-10-27 Gives accurate and reliable summaries of the current state of research It includes entries on philosophers problems terms historical periods subjects and the cultural context of Renaissance Philosophy Furthermore it covers Latin Arabic Jewish Byzantine and vernacular philosophy and includes entries on the cross fertilization of these philosophical traditions A unique feature of this encyclopedia is that it does not aim to define what Renaissance philosophy is rather simply to cover the philosophy of the period between 1300 and 1650 **The Ashgate Research Companion to The Sidneys, 1500-1700** Mary Ellen Lamb, 2017-02-17 Presented in two volumes *The Ashgate Research Companion to The Sidneys 1500-1700* assesses the current state of scholarship on members of the Sidney family and their impact as historical and/or literary figures in the period 1500-1700 Volume 2 *Literature* begins with an exploration of the Sidneys' books and manuscripts and how they circulated followed by an overview of the contributions of family members Sir Philip Sidney Mary Sidney Herbert Countess of Pembroke Lady Mary Wroth Robert Sidney Earl of Leicester and William Herbert Earl of Pembroke in the genres of prose romance drama poetry psalms and prose These essays

outline major controversies and areas for further research as well as conducting literary analysis

English Renaissance Rhetoric and Poetics Heinrich F. Plett, 2023-08-14 This volume is the first comprehensive reference work on English Renaissance rhetoric and poetics It is arranged in four sections A bibliographies B primary sources C secondary sources D indices Section B lists more than 500 books on rhetoric and poetics published in the British Isles and abroad between 1479 and 1660 Detailed information is provided on each of them transcription of the title page of the editio princeps call number of the library copy consulted further historical and modern editions together with the relevant secondary literature Section C covers the whole range of applied rhetoric and poetics totalling some 2 000 titles between 1900 and 1994 It deals systematically with such topics a General Studies Rhetorical Genres and Rhetoric Poetics and Individual Authors An introductory essay outlines the principles of the bibliography

Unwritten Poetry Scott A. Trudell, 2019-03-07 Vocal music was at the heart of English Renaissance poetry and drama Virtuoso actor singers redefined the theatrical culture of William Shakespeare and his peers Composers including William Byrd and Henry Lawes shaped the transmission of Renaissance lyric verse Poets from Philip Sidney to John Milton were fascinated by the disorienting influx of musical performance into their works Musical performance was a driving force behind the period s theatrical and poetic movements yet its importance to literary history has long been ignored or effaced This book reveals the impact of vocalists and composers upon the poetic culture of early modern England by studying the media through which and by whom its songs were made In a literary field that was never confined to writing media were not limited to material texts Scott Trudell argues that the media of Renaissance poetry can be conceived as any node of transmission from singer s larynx to actor s body Through his study of song Trudell outlines a new approach to Renaissance poetry and drama that is grounded not simply in performance history or book history but in a more synthetic media history

Major Tudor Authors Alan Hager, 1997-06-18 The Tudor era 1485 1603 was one of the most culturally significant periods in history Under three generations of Tudor rulers the era witnessed the advent of humanism the birth of the Reformation and the rise of the British Empire The literature of the period is marked by complexity of thought and form and reflects the political religious and cultural changes of the era This reference book surveys the literature of Tudor England Included are alphabetically arranged entries for nearly 100 authors who wrote between 1485 and 1603 Some figures covered are widely taught such as Shakespeare Donne and Spenser Others are less well known such as Edward Fairfax and Abraham Fraunce The work includes entries for notable women writers of the period many of whom have been neglected until recent years Also included are entries for continental writers such as Ariosto Tasso Calvin and Erasmus whose writings were influential in England Entries are written by expert contributors and contain valuable bibliographies of primary and secondary sources Included are entries for nearly 100 people who wrote between 1485 and 1603 The entries are written by expert contributors and are arranged alphabetically to facilitate use Some of the authors profiled are major canonical figures such as Shakespeare Spenser and Donne But the volume also includes a

significant number of entries for women writers whose work has been unjustly disregarded until recent years While most of the authors were from England the volume contains entries on figures such as Erasmus who though born in another country wrote important works in England and on writers such as Machiavelli Calvin Ariosto and Tasso whose works were almost immediately adopted translated or otherwise made part of Tudor culture Each entry provides a brief biography which is followed by a discussion of major works and themes a review of the author s critical reception and a bibliography of primary and secondary sources

The Countesse of Pembrokes Arcadia and the Invention of English Literature J. Davis,2011-11-07

Revises the semiotic paradigm of the early modern literary system dominant since 1983 by adapting methods entailed in the idea that literary works emerge through a series of semiotic events Davis analyzes Philip Sidney s Arcadia and Astrophil and Stella to demonstrate how design elements stage the scene of reading these works

[The Ashgate Research Companion to The Sidneys, 1500-1700](#) Michael G. Brennan,Mary Ellen Lamb,2020-07-26

Few families have contributed as much to English history and literature indeed to the arts generally as the Sidney family This two volume Ashgate Research Companion assesses the current state of scholarship on family members and their impact as historical and literary figures in the period 1500 1700 Volume 1 Lives begins with an overview of the Sidneys and politics providing some links to court events entertainments literature and patronage The volume gives biographies to prominent high profile Sidney women and men as well as sections assessing the influence of the family in the areas of the English court international politics patronage religion public entertainment the visual arts and music The focus of the second volume is the literary contributions of Sir Philip Sidney Mary Sidney Herbert Countess of Pembroke Lady Mary Wroth Robert Sidney Earl of Leicester and William Herbert Earl of Pembroke

Sovereignty and Intelligence John Michael Archer,1993

The book examines the configurations of surveillance sovereignty and the accompanying forms of subjectivity and knowledge in the transition to modernity The association of sovereignty with intelligence extended far beyond the identification of sovereignty with the personal power of the sovereign In Montaigne s France sovereignty appeared in a disseminated form Montaigne s Essais exemplify the situation of the courtier self fashioned to serve an absent sovereign like Lacan s subject he is looked at from all sides Montaigne s description of the search for self knowledge as self spying reveals how deeply this quest was implicated in a culture of courtly surveillance At Elizabeth s court observation evolved into political espionage based on a system of courtly patronage and employed as a means of policing sexuality centered on the unmarried monarch Sidney s Arcadia inscribes ways of coping with the anxieties produced by this surveillance fraught environment

Magical Imaginations Genevieve Guenther,2012-01-30

In the English Renaissance poetry was imagined to inspire moral behaviour in its readers but the efficacy of poetry was also linked to conjuration the theologically dangerous practice of invoking spirits with words *Magical Imaginations* explores how major writers of the period including Spenser Marlowe and Shakespeare negotiated this troubling link between poetry and magic in their attempts to transform readers and audiences with the power of art Through analyses

of texts ranging from sermons and theological treatises to medical tracts and legal documents Genevieve Guenther sheds new light on magic as a cultural practice in early modern England She demonstrates that magic was a highly pragmatic even cynical endeavor infiltrating unexpected spheres including Elizabethan taxation policy and Jacobean political philosophy With this new understanding of early modern magic and a fresh context for compelling readings of classic literary works *Magical Imaginations* reveals the central importance of magic to English literary history *Challenging Humanism* Dominic Baker-Smith, 2005 Dominic Baker Smith has been a leading international authority on humanism for more than four decades specializing in the works of Erasmus and Thomas More The present collection of essays by colleagues throughout Europe Canada and the United States examines humanism in both its historic sixteenth century meanings and applications and the humanist tradition in our own time drawing on his work and that of scholars who have followed him Contributors include Andrew Weiner Elizabeth McCutcheon and Germaine Warkentin Arthur F Kinney is Thomas W Copeland Professor of Literary History at the University of Massachusetts Amherst Ton Hoenselaars is Associate Professor of English at the University of Utrecht **Convention, 1500-1750** Lawrence Manley, 1980 A major reinterpretation of the development of European literary theory this wide ranging study offers a new approach to ways of thinking about man's work in general This book is a history of the idea of convention the roles it played in the formative stages of English and Continental literary theory and in the development of modern thought **Trials of Desire** Margaret W. Ferguson, 1983-01-01 *On Not Defending Poetry* Catherine Bates, 2017-03-16 Sidney's Defence of Poesy the foundational text of English poetics is generally taken to present a model of poetry as ideal the poet depicts ideals of human conduct and readers are inspired to imitate them Catherine Bates sets out to challenge this received view Attending very closely to Sidney's text she identifies within it a model of poetry that is markedly at variance from the one presumed and shows Sidney's text to be feeling its way toward a quite different indeed a de idealist poetics Following key theorists of the new economic criticism *On Not Defending Poetry* shows how idealist poetics like the idealist philosophy on which it draws is complicit with the money form and with the specific ills that attend upon it among them commodification fetishism and the abuse of power Against culturally approved models of poetry as profitable as benefiting the individual and the state as providing in the form of intellectual moral and social capital a quantifiable yield the Defence reveals an unexpected counter argument one in which poetry is modelled rather as pure expenditure a free gift a net loss Where a supposedly idealist Defence sits oddly with Sidney's literary writings which depict human behaviour that is very far from ideal a de idealist Defence does not In its radical reading of the Defence this book thus makes a decisive intervention in the field of early modern studies while raising larger questions about a culture determined to quantify the value of the humanities and to defend the arts on those grounds alone *A New Companion to English Renaissance Literature and Culture* Michael Hattaway, 2010-05-10 In this revised and greatly expanded edition of the Companion 80 scholars come together to offer an original and far reaching assessment of English Renaissance literature and

culture A new edition of the best selling Companion to English Renaissance Literature revised and updated with 22 new essays and 19 new illustrations Contributions from some 80 scholars including Judith H Anderson Patrick Collinson Alison Findlay Germaine Greer Malcolm Jones Arthur Kinney James Knowles Arthur Marotti Robert Miola and Greg Walker Unrivalled in scope and its exploration of unfamiliar literary and cultural territories the Companion offers new readings of both literary and non literary texts Features essays discussing material culture sectarian writing the history of the body theatre both in and outside the playhouses law gardens and ecology in early modern England Orientates the beginning student while providing advanced students and faculty with new directions for their research All of the essays from the first edition along with the recommendations for further reading have been reworked or updated

Right Romance Emily Griffiths Jones, 2020-04-23 In this book Emily Griffiths Jones examines the intersections of romance religion and politics in England between 1588 and 1688 to show how writers during this politically turbulent time used the genre of romance to construct diverse ideological communities for themselves Right Romance argues for a recontextualized understanding of romance as a multigeneric narrative structure or strategy rather than a prose genre and rejects the common assumption that romance was a short lived mode most commonly associated with royalist politics Puritan republicans likewise found in romance strength solace and grounds for political resistance Two key works that profoundly influenced seventeenth century approaches to romance are Philip Sidney's New Arcadia and Edmund Spenser's The Faerie Queene which grappled with romance's civic potential and its limits for a newly Protestant state Jones examines how these works influenced writings by royalists and republicans during and after the English Civil War Remaining chapters pair writers from both sides of the war in order to illuminate the ongoing ideological struggles over romance John Milton is analyzed alongside Margaret Cavendish and Percy Herbert and Lucy Hutchinson alongside John Dryden In the final chapter Jones studies texts by John Bunyan and Aphra Behn that are known for their resistance to generic categorization in an attempt to rethink romance's relationship to election community gender and generic form Original and persuasive Right Romance advances theoretical discussion about romance pushing beyond the limits of the genre to discover its impact on constructions of national communal and personal identity

As recognized, adventure as skillfully as experience very nearly lesson, amusement, as with ease as covenant can be gotten by just checking out a books **Sir Philip Sidney As A Literary Craftsman** next it is not directly done, you could undertake even more on the subject of this life, regarding the world.

We have the funds for you this proper as skillfully as easy way to acquire those all. We present Sir Philip Sidney As A Literary Craftsman and numerous books collections from fictions to scientific research in any way. in the midst of them is this Sir Philip Sidney As A Literary Craftsman that can be your partner.
