The Six Great Humanistic Essays of John Stuart Mill John Stuart Mill, 1969 THE SIX GREAT HUMANISTIC ESSAYS OF JOHN STUART MILL. WITH AN INTRODUCTION BY ALBERT WILLIAM LEVI. John Stuart Mill, 1969 **John Stuart Mill : Six great humanistic essays** A.W. Levi (intro), 1963 *Routledge Handbook of Well-Being* Kathleen Galvin, 2018-05-15 The Routledge Handbook of Well Being explores diverse conceptualisations of well being providing an overview of key issues and drawing attention to current debates and critiques Taken as a whole this important work offers new clarification of the widely used notion of well being focusing particularly on experiential perspectives Bringing together leading authors from around the world Routledge Handbook of Well Being reflects on What it is that is experienced by humans that can be called well being What we know about how to understand it How well being is manifested in human endeavours through a wide range of disciplines including the arts This comprehensive reference work will provide an authoritative overview for students practitioners researchers and policy makers working in or concerned with well being health illness and the relation between all three across a range of disciplines from sociology healthcare and economics to philosophy and the creative arts **Freedom in Practice** Moises Lino e Silva, Huon Wardle, 2016-11-25 Freedom is one of the most fiercely contested words in contemporary global experience This book provides an up to date overview from an anthropological perspective of the diverse ways in which freedom is understood and practised in everyday life including the emergent relationships between governance autonomy and liberty The contributors offer a wealth of ethnographic insight from a variety of geographic cultural and political contexts Taken together the essays constitute a radical challenge to assumptions about what freedom means in today s world The System of Liberty George H. Smith, 2013-04-22 Liberal individualism or classical liberalism as it is often called refers to a political philosophy in which liberty plays the central role This book demonstrates a conceptual unity within the manifestations of classical liberalism by tracing the history of several interrelated and reinforcing themes Concepts such as order justice rights and freedom have imparted unity to this diverse political ideology by integrating context and meaning However they have also sparked conflict as classical liberals split on a number of issues such as legitimate exceptions to the presumption of liberty the meaning of the public good natural rights versus utilitarianism the role of the state in education and the rights of resistance and revolution This book explores these conflicts and their implications for contemporary liberal and libertarian thought Carnal Rhetoric Lana Cable, 1995-02-28 In recent years New Historicists have situated the iconoclasm of Milton s poetry and prose within the context of political cultural and philosophical discourses that foreshadow early modernism In *Carnal Rhetoric* Lana Cable carries these investigations further by exploring the iconoclastic impulse in Milton s works through detailed analyses of his use of metaphor Building on a provocative iconoclastic theory of metaphor she breaks new ground in the area of affective stylistics not only as it pertains to the writings of Milton but also to all expressive language Cable traces the development of Milton s

iconoclastic poetics from its roots in the antiprelatical tracts through the divorce tracts and Areopagitica to its fullest dramatic representation in *Eikonoklastes* and *Samson Agonistes* Arguing that like every creative act metaphor is by nature a radical and self transgressing agent of change she explores the site where metaphoric language and imaginative desire merge Examining the demands Milton places on metaphor particularly his emphasis on language as a vehicle for mortal redemption Cable demonstrates the ways in which metaphor acts for him as that creative and radical agent of change In the process she reveals Milton's engagement at the deepest levels of linguistic creativity with the early modern commitment to an imaginative and historic remaking of the world An insightful and synthetic book *Carnal Rhetoric* will appeal to scholars of English literature Milton and the Renaissance as well as to those with an interest in the theory of affective stylistics as it pertains to reader response criticism semantics epistemology and the philosophy and psychology of language

Justice and Health Care E.E. Shelp, 2012-12-06 Bioethics is a discipline still not fully explored in spite of its rather remarkable expansion and sophistication during the past two decades The proliferation of courses in bioethics at

educational institutions of every description gives testimony to an intense academic interest in its concerns. The media have catapulted the dilemmas of bioethics out of the laboratory and library into public view and discussion with a steady report of the so-called miracles of modern medicine and the moral perplexities which frequently accompany them. The published work of philosophers, theologians, lawyers, and others represents a substantial and growing body of literature which explores relevant concepts and issues. Commitments have been made by existing institutions and new institutions have been chartered to further the discussion of the strategic moral concerns that attend recent scientific and medical progress. This volume focuses attention on one of the numerous topics of interest within bioethics. Specifically, an examination is made of the implications of the principle of justice for health care. Apart from four essays in *Ethics and Health Policy* edited by Robert Veatch and Roy Branson, the discussion of justice and health care has been occasional, almost non-existent, and scattered. The paucity of literature in this area is regrettable but perhaps understandable. On the one hand, Joseph Fletcher, one of the contemporary pioneers in bioethics, can hold that distributive justice is the core or key question for biomedical ethics. 1 p 102
