## Six Moral Tales:

*Six Moral Tales* Eric Rohmer, 1985-02-01      *Six Moral Tales* Éric Rohmer, 1980 Years before Eric Rohmer turned to filmmaking he wrote his famed *Six Moral Tales* in book form Stripped down and incisive these stories anticipate the literary quality of the cinematic works they would ultimately become Both a primer for Rohmer's brilliant career and a series of perceptive character studies in their own right Rohmer's collection *Six Moral Tales* speaks eloquently of a great cinematic legacy Page 4 of cover      **On the Six Moral Tales**, 2006 Commentary on Eric Rohmer's films in the *Six contes moraux* *Six moral tales* series The bakery girl of Monceau Suzanne's career My night at Maud's La collectionneuse Claire's knee and Love in the afternoon      *Six Moral Tales* by Eric Rohmer, 2006      **Six Moral Tales (Six @Contes Moraux (engl.))** Eric Rohmer, Sabine D'Estrée, 1980      **European Directors and Their Films** Bert Cardullo, 2012-08-09 In *European Directors and Their Films* Essays on Cinema Bert Cardullo offers readable analyses of some of the most important film artists and individual films of the last several decades Beyond simple biographical capsules and plot summaries these readings demonstrate with elegance and clarity what cinema means as well as shows explaining how international moviemakers use the resources of the medium to pursue complex significant human goals      **The Cinema of Eric Rohmer** Jacob Leigh, 2012-05-03 Since the death of the French film director Eric Rohmer in 2010 interest in his work has reignited Known as the last of the established directors in the French New Wave Rohmer took complete control over all his films acting as his own producer throughout his career and writing the scripts He also made his mark by taking the lead in casting and location scouting as French seaside resorts with beautiful young people are some of the elements present in most of his films Combining history and criticism Jacob Leigh pens the first chronological survey of this understudied filmmaker in order to give readers clear insights into how Rohmer's films came about and what he intended them to be The book provides in depth analysis of the themes and ideas of Rohmer's twenty three feature films and illustrates the complexity of their cinematic style Leigh's study is the perfect introduction to the work of this great filmmaker for both students and the general reader      **The Encyclopedia of Epic Films** Constantine Santas, James M. Wilson, Maria Colavito, Djoymi Baker, 2014-03-21 Soon after film came into existence the term epic was used to describe productions that were lengthy spectacular live with action and often filmed in exotic locales with large casts and staggering budgets The effort and extravagance needed to mount an epic film paid off handsomely at the box office for the genre became an immediate favorite with audiences Epic films survived the tribulations of two world wars and the Depression and have retained the basic characteristics of size and glamour for more than a hundred years Length was and still is one of the traits of the epic though monolithic three to four hour spectacles like *Gone with the Wind* 1939 and *Lawrence of Arabia* 1962 have been replaced today by such franchises as the *Harry Potter* films and the *Lord of the Rings* trilogy Although the form has evolved during many decades of existence its central elements have been retained refined and modernized to suit the tastes of every new generation *The Encyclopedia of Epic Films*

identifies describes and analyzes those films that meet the criteria of the epic sweeping drama panoramic landscapes lengthy adventure sequences and in many cases casts of thousands This volume looks at the wide variety of epics produced over the last century from the silent spectacles of D W Griffith and biblical melodramas of Cecil B DeMille to the historical dramas of David Lean and rollercoaster thrillers of Steven Spielberg Each entry contains Major personnel behind the camera including directors and screenwriters Cast and character listings Plot summary Analysis Academy Award wins and nominations DVD and Blu ray availability Resources for further study This volume also includes appendixes of foreign epics superhero spectaculars and epics produced for television along with a list of all the directors in the book Despite a lack of overall critical recognition and respect as a genre the epic remains a favorite of audiences and this book pays homage to a form of mass entertainment that continues to fill movie theaters The Encyclopedia of Epic Films will be of interest to academics and scholars as well as any fan of films made on a grand scale      *Six Moral Tales* Jules Laforgue, 1928      **The Planetary Clock** Paul

Giles, 2021-02-11 The theme of *The Planetary Clock* is the representation of time in postmodern culture and the way temporality as a global phenomenon manifests itself differently across an antipodean axis To trace postmodernism in an expansive spatial and temporal arc from its formal experimentation in the 1960s to environmental concerns in the twenty first century is to describe a richer and more complex version of this cultural phenomenon Exploring different scales of time from a Southern Hemisphere perspective with a special emphasis on issues of Indigeneity and the Anthropocene *The Planetary Clock* offers a wide ranging revisionist account of postmodernism reinterpreting literature film music and visual art of the post 1960 period within a planetary framework By bringing the culture of Australia and New Zealand into dialogue with other Western narratives it suggests how an antipodean impulse involving the transposition of the world into different spatial and temporal dimensions has long been an integral if generally occluded aspect of postmodernism Taking its title from a Florentine clock designed in 1510 to measure worldly time alongside the rotation of the planets *The Planetary Clock* ranges across well known American postmodernists John Barth Toni Morrison to more recent science fiction writers Octavia Butler Richard Powers while bringing the US tradition into juxtaposition with both its English Philip Larkin Ian McEwan and Australian Les Murray Alexis Wright counterparts By aligning cultural postmodernism with music Messiaen Ligeti Birtwistle the visual arts Hockney Blackman Fiona Hall and cinema Rohmer Haneke Tarantino this volume enlarges our understanding of global postmodernism for the twenty first century
