Six Theories Of Justice:

Six Theories of Justice Karen Lebacqz, 1987-01-01 There may be no more urgent cry today than that of justice and no more frequent accusation than that of injustice But what is meant when these terms are used Six Theories of Justice clarifies that question and offers major alternative answers Dr Lebacqz surveys three philosophical approaches to justice John Stuart Mill's utilitarianism the contract system of John Rawls and the entitlement views of Robert Nozick These are followed by analysis of three theological approaches that of the National Conference of Catholic Bishops of Reinhold Niebuhr and of the liberation theologian Jose Porfirio Miranda A comparison of the effectiveness of each approach in providing direction for facing and dealing with contemporary issues and situations adds to the usefulness of this volume A lucid and well structured introduction to recent thinking in social ethics

Eight Theories of Justice Karen Lebacqz, Matthew J. Gaudet, 2025-04 Eight Theories of Justice presents ideas of justice in political philosophy and theological ethics utilitarianism liberalism libertarianism communitarianism Catholic social teaching Christian realism liberation theology and womanism Each chapter introduces the major elements of a theory and an assessment of its value for living justly

Justice in an Unjust World Karen Lebacqz, 1987-11-06 Have we heard the cry for justice that rises from humanity suffering from varieties of injustice economic sexual political cultural verbal Or what is more have Christians on occasion knowingly or unknowingly acquiesced in or even contributed to injustice By means of powerful and dramatic use of biblical images and models Dr Lebacqz sets before us the justice of God and God's call for us to heed the cry of the suffering and to work for justice in an unjust world

A Light Too Bright Paulos Gregorios, 1992-01-01 Questioning the very legitimacy of Western liberalism and the modern secular civilization it has given rise to Dr Gregorios critically examines the values of the European Enlightenment of the eighteenth and nineteenth centuries and the corporate drive of European peoples by which they have dominated the external world He shows that both Capitalism and Marxism as well as Modern Science and Technology are creations of the same spirit he argues The powerful light of Critical Rationality emitted by the European Enlightenment is like the light of the sun It is bright and helpful for seeing this world in detail but too bright to let us see the night sky and the vast expanses of the universe This light too bright eclipses the Transcendent Dr Gregorios invites us to appropriate the other Enlightenment of the overall religious cultural outlook in a new way and to relate it to the valid insights of the European Enlightenment

The Enigma of Justice Morris A. Inch, 2010-07-06 While justice is thought indispensable for a healthy society its complex character gives rise to conflicting applications Accordingly The Enigma of Justice serves as an appropriate title In greater detail the course is set with a consideration of justice in context of the prophets These were faced with the unenviable task of fine tuning the monarchy to its covenant ideals The topic is then treated in its classical setting as one of the cardinal virtues This introduces a series of competing theories more or less compatible with one another In still greater detail the text treats a wide range of related topics such as justice in conjunction with poverty mercy and freedom In conclusion it touches on justice from an

international perspective **A Macrotheory of Justice** Gabriel Andrew Msoka, 2011-01-01 For too long a time the contemporary theories of justice have been focusing on humankind as the sole bearer or claimant of justice and too little importance has been given to nature or the cosmos as the bearer of justice in its own right Due to this limitation ecological justice in particular has not been given the priority it deserves in the study of justice Given the sacred character of nature or cosmos God has not been considered an integral part of the study of justice and further that protecting nature has not been considered an important moral and sacred duty This study presents a wholesome and all encompassing macro theory of justice Umuntology by demonstrating how humankind God and nature are inter related and how harmony peace and abundant life in the world can be the fruit of a three fold relationship *Ethical and Legal Aspects of Health Care Practice* Frederick Adolf Paola, 2022-12-12 This book is designed to help students work through the ethics of clinical cases It is a survey of legal and ethical issues intended for health profession As students it covers various approaches to ethical analysis illustrates their application through the use of cases and surveys important substantive topics in the field of medical ethics

The Bible, Justice, and Public Theology David J. Neville, 2014-10-09 Public theology is a developing field of discourse concerned to address matters of pressing public concern in theological perspective for the common good Themes of ecology poverty human rights and especially justice feature prominently in its discourse Although justice is also a prominent theme in the Bible there is no single perspective on what constitutes justice in the Bible and no single view on how biblical perspectives on justice should contribute to contemporary discussion regarding the meaning and implementation of justice Informed and inspired by Christopher Marshall s landmark work on Compassionate Justice Cascade Books 2012 in dialogue with Jesus parables of the Good Samaritan and the Prodigal Son this collection of studies addresses various interrelations between the Bible justice and public theology Marshall himself proposes that certain parables of Jesus are paradigmatic for public theology and some contributors respond to different dimensions of his treatment of the parables of the Good Samaritan and the Prodigal Son in terms of restorative justice Other contributors by contrast examine broader related concerns such as justice in biblical theological and philosophical perspective the hermeneutics of engagement for justice the relation between feminist theology and restorative justice biblical resources for public theology and popular culture as both a conversation partner with and a medium for public theology Roles of Justice in Bioethics Matti Häyry, 2022-08-11 This Element traces the origins and development of bioethics the principles and values involved in the discipline and the roles of justice among these principles and values The main tasks given to the concept of justice have since the late 1970s been nondiscrimination in research prioritization in medical practice and redistribution in healthcare The Element argues that in a world challenged by planet wide political and environmental threats this is not sufficient The nature and meaning of justice has to be rethought The Element does this by dissecting current bioethical approaches in the light of theories of justice as partly clashing interpretations of equality The overall findings are twofold Seen against the background of global concerns

justice in bioethics has become a silent guardian of economic sustainability Seen against the same background we should set our aims higher Justice can and must be put to better use than it presently is This title is also available as Open Access on Cambridge Core **A Theology of Justice** Larry Donell Covin Jr.,2022-06-14 There are thirty eight ethical statements principles throughout the seven chapters of A Theology of Justice These ethical statements form a comprehensive corrections ethic informed by the human rights abuses occurring in jails and prisons in the United States offering evidence based correctives This corrections ethic is informed by twenty years of qualitative research inside four jail and prison institutions as an administrator of both Treatment and Religious Services departments including the United States Disciplinary Barracks at Leavenworth United States Penitentiary in Atlanta Maryland Division of Pretrial Detention and Services and the Adams County Adult Correctional Complex in Gettysburg Pennsylvania A Theology of Justice is foundational toward a corrections ethic and reflective of disciplines possessing extensive research in the development of its ethics such as business ethics and medical ethics
