Skill Building For Interpersonal Competence:

Skill Building for Interpersonal Competence Sharon A. Ratliffe, David D. Hudson, 1987 **Working Alliance Skills for Mental Health Professionals** Jairo N. Fuertes, 2019-09-30 *Working Alliance Skills for Mental Health Professionals* provides expert guidance to mental health providers who wish to develop and augment their skills and competence in this area of practice. Each chapter deconstructs a dimension of the working alliance in psychotherapy, defining and describing specific mechanisms and interventions that can help professionals establish an alliance with their clients. The book includes skills in nonverbal communication, ways to foster the working bond with diverse clients, goal and task setting strategies, and verbal and interpersonal therapeutic skills, as well as mechanisms for repairing ruptures and for fostering the working alliance through supervision. The authors provide in-session examples of how each skill may be implemented and highlight the use of interventions through clinical vignettes and masked clinical cases. *Working Alliance Skills for Mental Health Professionals* is ideal for use in training programs in counseling, clinical psychology, and social work. It may also be valuable to professional-level practitioners interested in honing their skills in optimizing the working alliance. Technical Report, 2004
