Getting to Yes Katie Lenhart,2013 Getting to Yes Negotiation Skills Strategies reveals killer negotiation tactics that put you in the driver s seat when you sit down at the bargaining table Negotiation is an important part of life and you need to know how to be successful when you come head to head with the opposition You need to solve the problem of how you go about negotiating in many different situations in your life and that is exactly what Katie Lenhart does for you in this book Lenhart unleashes top notch negotiation techniques that are sure to make you a winner Can you afford to miss out on even one tip that could make a difference in you coming out on top No you can t afford to miss anything that Lenhart offers but you will miss out if you don t read this book There is more to negotiations than just having a few skills Lenhart will add plenty of ammunition to your arsenal Just a few but extremely important subjects that are covered Different styles of negotiating Five steps to negotiating effectively Five different situations that can develop and what you should do Things to avoid in negotiating What are the secrets of a MASTER negotiator How to negotiate by getting to yes will erase the question marks that you may have and it will strengthen your negotiation skills to get you to an expert level Maybe you have some negotiation techniques and negotiation skills and strategies of your own but you need to be ultimately prepared in any situation if you are to be declared the victor Lenhart leads you on to victory in the negotiation war Have that ace up your sleeve Katie Lenhart will deal it to you Start now so that YOU will be the master negotiator Negotiating Skills Jim Berry,2014-12-16 Negotiation is a practice that not everyone approves of it There are those who hate it because they think it is too confrontation or simply they don t want to be bothered This book will show you how negotiations in everyday transactions do not necessarily have to be confrontational instead they can be fun Becoming a master negotiator therefore requires that you develop certain qualities such as problem solving abilities confidence and the flexibility to change tactic during the negotiation process Practice always makes perfect and the more time and resources you put into the negotiation planning the higher the chances that you will succeed and get what you want Remember that you are not the only one on the negotiation table but rather a party to a wide range of interests and perspectives Try to accommodate the views and concerns of the other people by listening carefully to what they are saying Do not try to win every argument because this can make you look aggressive and rude from the perspective of your opponent On the contrary strive to make your argument reasonable and fair across the board The guidelines illustrated in this book will teach you a new way of dealing with people regardless of how difficult or insensitive they are You will become a better negotiator in both the simple and complex day to day negotiations that many people fear In a negotiation process every person is significant and there is no ultimate decision maker Do not dictate what needs to be done and the perspective to be followed Instead win people over to your side through the simple tactic of communication skills Be open to positive criticism and do not take anything personal Being calm and

composed will position you at a vantage point to win any negotiation
