Zuern,2025-06-27 *Comic Lives* examines the dynamic intersection of life narrative and comedy within the theoretical and methodological frameworks of auto biography studies In stand up acts comedy specials podcasts and print memoirs autobiographical comedy offers a productive occasion for addressing key concerns in the discipline in particular the challenges of representing trauma and the testimonial uses of personal stories The contributors take up examples of auto biographical comedy in Australia Canada South Africa and the United States to explore the question of how comedians transform difficult life experiences such as mental illness the displacements of immigration family conflicts and institutional racism into texts and performances aimed at making people laugh Thinking about auto biography and comedy auto biography as comedy and auto biographical comedy this collection reflects on what auto biography brings to comedy what affordances comedy offers life narrative the benefits and risks of playing life for laughs and the capacities and limitations of the comic for resistance and counternarrative This book will be of particular interest to students and researchers in fields such as literary studies cultural studies performance studies and social theory especially those exploring intersections of identity trauma and humor in contemporary media and performance The chapters in this book were originally published as a special issue in a b *Auto Biography Studies* *Trauma, Memory, and Narrative in the Contemporary South African Novel* ,2012-01-01 The contributions to this volume probe the complex relationship of trauma memory and narrative By looking at the South African situation through the lens of trauma they make clear how the psychic deformations and injuries left behind by racism and colonialism cannot be mended by material reparation or by simply reversing economic and political power structures Western trauma theories as developed by scholars such as Caruth van der Kolk Herman and others are insufficient for analysing the more complex situation in a postcolony such as South Africa This is because Western trauma concepts focus on the individual traumatized by a single identifiable event that causes PTSD Post Traumatic Stress Disorder What we need is an understanding of trauma that sees it not only as a result of an identifiable event but also as the consequence of an historical condition in the case of South Africa that of colonialism and more specifically of apartheid For most black and coloured South Africans the structural violence of apartheid s laws were the existential condition under which they had to exist The living conditions in the townships pass laws relocation and racial segregation affected great parts of the South African population and were responsible for the collective traumatization of several generations This trauma however is not an unclaimed and unclaimable experience Postcolonial thinkers who have been reflecting on the experience of violence and trauma in a colonial context writing from within a Fanonian tradition have on the contrary believed in the importance of reclaiming the past and of transcending mechanisms of victimization and resentment so typical of traumatized consciousnesses Narration and the novel have a decisive role to play here **A Rush of Blood (Bob Skinner series, Book 20)** Quintin Jardine,2010-07-08 An old enemy has fresh secrets Quintin Jardine s *A Rush of Blood* sees a complex tale of deception and revenge lead Skinner and his team to a bloody encounter and a dramatic confrontation Perfect for fans of Ian Rankin and Peter Robinson The horrific

suicide of a successful Lithuanian entrepreneur rouses suspicion amongst the newly appointed Chief Constable Bob Skinner and his colleagues They've crossed swords with the businessman before why would a man with everything to live for take his own life As enquiries begin a mystery girl drugged and incoherent is dumped in a health centre by a mysterious Galahad who promptly disappears Who is she who is he and where has he gone Is it coincidence that most of the massage parlours in the city have suddenly closed overnight What readers are saying about A Rush of Blood A thoroughly enjoyable and absorbing read Brilliant The story builds up to a crescendo which takes Skinner and his people into dangerous territory murder and mayhem The conclusion is surprising and at times bloody Thoroughly recommended Quintin Jardine is up there with the best of them His characters are so real you feel as though you know every one of them personally

Intersectional Trauma in American Women Writers' Incest Novels from the 1990s Marinella Rodi-Risberg, 2022-03-24 This book explores the intersections of sexualized gendered

and racialized traumas in five US novels about father daughter incest from the 1990s It examines how incest can be connected to wider past and present structural oppression and institutional abuse and what fiction looks like that testifies against and references a historical background of slavery poverty settler colonialism annexation and immigration Investigating the means of resistance used against attempts at silencing and denial in these texts the book also shows how contemporary women s novels can propose social change Overall this study uniquely argues that the individual trauma of incest in these texts must be understood in relation to histories of and present collective wounding against marginalized communities By sitting at the intersections between trauma theory and US third world feminism it allows for theory to meet literary activism
