Alexander Perry Biddiscombe

Skorzeny Project:

The SS Hunter Battalions Professor Perry Biddiscombe, 2006-11-15 Conventional wisdom suggests that the Allies and the Soviets were the only side in the Second World War to support resistance movements This book shows that Hitler had his own version of the SOE and the OSS and that the Nazis too encouraged underground resistance against their enemies especially as Europe was liberated in 1944 5 **The Skorzeny Project. [read by Christopher Kay]**. Clive Egleton, 1999

Forbidden Bookshelf Presents Christopher Simpson Christopher Simpson, 2018-10-23 Three provocative exposés from a National Jewish Book Award winning journalist address the CIA's recruitment of Nazis and use of psychological warfare The Splendid Blond Beast This groundbreaking investigation into the CIA's post World War II liberation and recruitment of Nazi war criminals including the pivotal role played by CIA director Allen Dulles traces the roots not only of US government malfeasance but of mass murder as an instrument of financial gain and state power from the Armenian genocide during World War I to Hitler's Holocaust through the practice of genocide today Revelatory and shocking Kirkus Reviews Blowback The true story of how US intelligence organizations employed Nazi war criminals in clandestine warfare and propaganda against the USSR anticolonial revolutionaries and progressive movements worldwide that were claimed to be Soviet pawns The story is one that needs to be told and Blowback makes a major contribution to its telling supplementing a thorough collation of known cases with ample new research The New York Times Science of Coercion Drawing on long classified documents from the Pentagon the CIA and other national security agencies Simpson exposes secret government funded research into psychological warfare and reveals that many of the most respected pioneers in the field of communication science were knowingly complicit as their findings were employed for the purposes of propaganda subversion intimidation and counterinsurgency during the Cold War era An intriguing picture of the relations between state power and the intellectual community Noam Chomsky Massachusetts Institute of Technology **Kill the Fuhrer** Denis Rigden, 2011-11-08 During the Second World War Britain's top secret Special Operations Executive plotted to assassinate Hitler A small department of SOE known as Section X had the tantalisingly complex task of investigating how when and where their plan could be executed The section also plotted the killing of Goebbels Himmler and other selected members of Hitler's inner circle Only Section X and a handful of other SOE staff had any knowledge of these projects codenamed Operation Foxley and Operation Little Foxleys As history has shown these schemes turned out to be pipe dreams Even so Section X renamed the German Directorate in 1944 made a huge contribution to the Allied war effort through their organised sabotage and clandestine distribution of black propaganda Denis Rigden describes Section X's efforts to discover as much as possible about the intended assassination targets and questions whether a successful Operation Foxley would have helped or hindered the Allied cause Based on top secret documents and private sources and illustrated with archive photographs Kill the Fuhrer is an intriguing insight into the shadowy world of Britain's wartime secret services *The SS Hunter Battalions*

Alexander Perry Biddiscombe, 2006 Conventional wisdom suggests that the Allies and the Soviets were the only side in the Second World War to support resistance movements in occupied countries However based on recently released archival sources The SS Hunter Battalions shows that Hitler had his own version of the SOE and the OSS and that the Nazis too encouraged underground resistance against their enemies especially as Europe was liberated in 1944 45 The Nazis tried to exploit the misguided activism of ex collaborators ethnic nationalists and rabid anti communists but their efforts were clumsy and they were hamstrung by the sordid reputation that they had gained as wartime occupiers In addition the German commandos and spy masters in charge of the project hindered their own efforts through infighting ill discipline and a misconceived appreciation of their ability to motivate violent dissent Nonetheless the Germans supported as many as 700 000 anti Soviet partisans during the last year of the war and even in liberated France and Italy they bolstered small anti Allied cells and bands As Perry Biddiscombe demonstrates such efforts were not mere transitory occurrences but touched upon the origin of die Cold War and the roots of postwar Euro fascism

Airborne Espionage David Oliver, 2005-01-13 Operating in all weathers invariably at night often at low level and usually without fighter escort Allied Special Duties SD squadrons and units played a vital role in the Second World War By their very nature these operations went unreported in wartime and for considerable time thereafter but their importance in prosecuting the war of resistance in Occupied Europe was immense Emerging from a time of rudimentary communications and transport dedicated air units had been established by 1939 to fly agents into enemy territory but their aircraft were hand me downs and the SD was considered a poor third to fighter and bomber operations However the tasks undertaken by these men and their aircraft were often more hazardous and demanding than any other type of wartime flying for every SOS SIS or OSS agent who lost their life in the field at least one RAF or USAAF airman was killed while flying SD operations Here David Oliver examines the exploits of British Commonwealth American Free European Soviet German Italian and Japanese airmen and units supported by first hand accounts and archive photographs

Nebula Walter Baeyens, Wayne Madsen, 2017-06-21 Providing deep insights into the unseen but real forces that shape the course of history this investigation exposes a cabal which controls most of the money transfers worldwide as well as the highest political authorities The spider in the web according to the investigators was Felix Przedborski a selfmade millionaire of Polish Jewish descent who held both Belgian and Costa Rican nationalities By 1990 Don Felix was Grand Master of the Lodge B Nai B Rith called US presidents by their first names and had excellent contacts with the Holy See Mossad CIA and various heads of state In order to understand this cabal one must to abandon the conventional logic of economics and politics

Beyond Esoteric Brad Olsen, 2024-11-14 The word occult means nothing more than to study the realm of the hidden So much of real knowledge and wisdom is disguised because the

people who run the planet feel that true information as to how the world works is something the sheeple should not be informed about But truth always resonates Beyond Esoteric takes off the kid gloves and exposes the nefarious control grid extending its tentacles across the planet
