Slavery In The Twentieth Century The Evolution Of A Global Problem:

Slavery in the Twentieth Century Suzanne Miers, 2003-05-28 Well known Africanist Suzanne Miers places modern slavery in its historical context tracing the phenomenal development of the international anti slavery movement over the last hundred years She demonstrates how the problems of eradication seem greater and more intractable today than they had ever been with the expansion of slaving to include forced labor prostitution and the exploitation of children Her book will be a valuable resource for readers interested in world history slavery human rights race and ethnic studies labor and the world economy and international relations

Slavery in the Twentieth Century Suzanne Miers, 2003 Miers has written extensively about the slave trade of days past Here she looks at the period from 1919 to 2000 during which she says the definition of slavery was stretched to cover so many practices that the term became almost meaningless many of those practices were generally condemned internationally and contemporary forms of slavery became more widespread and pernicious She highlights both the campaign against the abuses by non government organizations and the efforts by governments to avoid action and evade criticism

Slavery in the Twentieth Century Suzanne Miers, 2003 Modern slavery is placed in its historical context tracing the development of the international anti slavery movement over the last hundred years with demonstrations on how the problems of eradication seem greater and more intractable today than they had ever been

Slavery in International Law Jean Allain, 2012-10-12 With the advent in the twenty first century of the trafficking conventions and the criminalisation of enslavement before the International Criminal Court the need to establish the black letter law dealing with human exploitation has become acute **Slavery in International Law** sets out the applicable law of human exploitation in the various sub areas of international law including general international law human rights law humanitarian law labour law and the law of the sea so as to create an overall understanding of what constitutes in law slavery and lesser types of human exploitation including forced labour and servitudes such as debt bondage or servile marriage as set out in the established definition of trafficking in persons

The Internationalisation of the 'Native Labour'

Question in Portuguese Late Colonialism, 1945-1962 José Pedro Monteiro, 2022-11-22 This volume addresses the ways the native labour question in the Portuguese late colonial empire in Africa became a recurrent topic of international and transnational debate and regulation after the Second World War. As other European colonial empires were tentatively transforming their labour and social policies in the aftermath of the war, the Portuguese Empire in Africa resisted significant changes in this domain, preserving a strict dual labour regime. As a result, a growing number of individuals, networks, and institutions abroad engaged with labour and social realities in Portuguese African colonies, giving origin to a series of instances of denunciation of labour-related abuses. Portuguese authorities responded to these initiatives by selectively engaging with international norms, languages, and mechanisms. However, as global decolonisation gained momentum, international and transnational events and processes would significantly constrain Portuguese imperial and colonial decision-making procedures with the aim of retaining the empire. Therefore, the native labour question became in its own right a crucial political and diplomatic element of the broader struggles over the meaning of Portuguese imperial legitimacy. As this volume argues, these historical processes are critical to properly understanding the history of Portuguese late colonialism and its protracted trajectory of decolonisation.

The Law and Slavery Jean Allain, 2015-05-19 The Law and Slavery sets out the articles, book reviews, and case notes by Professor Jean Allain, which led to pioneering exploration of forced labour, servitudes, slavery, the slave trade, and trafficking in his 2013 *Slavery in International Law: Of Human Exploitation and Trafficking* (MNP). This collection brings together Professor Allain's considerations of the evolution of legal abolition internationally, his critique of the then status quo in the area of slavery and the law, and goes on to develop the foundations of a legal understanding of various servitudes and slavery based on his archival research and legal analysis. Professor Allain's research has transformed the landscape of how we understand contemporary slavery and those other servitudes which constitute human exploitation.

Slavery and Manumission Jerzy Zdanowski, 2013 I am a free born woman and not a slave of anyone. Manuy bint Khalfan. Speaking to a British Agency in Sharjah on 24th October 1938. Manuy bint Khalfan was a female slave who was sold and mortgaged several times before she finally escaped from her master. Reparations to Africa Rhoda E.

Howard-Hassmann, 2011-02-09 Given the long history of European and American mistreatment of Africa, what is the just measure of Western obligations to the peoples of this continent? The author analyzes the arguments for reparations from multiple disciplinary perspectives and suggests alternative means to restorative justice.

Modern Slavery Christina G. Villegas, 2020-10-05 *Modern Slavery: A Reference Handbook* provides a thorough treatment of the evolving scope, nature, and contexts of modern slavery and a discussion of prevention and abolition efforts in an accessible format for high school and college readers. *Modern Slavery: A Reference Handbook* addresses essential questions about slavery in its contemporary manifestations. The book examines the growing epidemic and recent contexts of modern slavery in the United States and throughout the world and describes in detail what caused it, whom it impacts, and what can be and is being done about it. It

also explores the various contributing factors and how governmental and nongovernmental agencies can better engage in prevention and eradication. The volume opens with chapters providing information on contemporary slavery followed by a discussion of the causes, consequences, and possible solutions. The next chapter includes essays from a diverse range of contributors providing useful perspectives to round out the author's expertise. The book concludes with a collection of data and documents, an overview of important people, organizations, and resources relating to the issue, a chronology, and a glossary of key terms.
