Sleeper Agent:

Sleeper Agent Ib Melchior, 2014-07-01 Is another Hitler rising to power Tom Jaeger's war with the Nazis began the day World War II ended During those last days in the bunker Hitler and Bormann created a plan that would perpetuate the cause of Nazism long after they were dead A small band of highly trained agents were to be planted all over the world someday to come together and bring final glory to the Fatherland Rudolph Kessler was one of those sleeper agents He was letter perfect in English incredibly smart and highly resourceful All he had to do was get through the enemy lines once the war was over make his way to the United States and then prepare incognito for the precise moment when the worldwide Fascist movement would once again rear its ugly head And only one man stood in his way Tom Jaeger Only Tom understood the lethal far ranging depths of this daring plan And he couldn't get anyone to listen except for one woman Sleeper Agent Ann Hagedorn, 2021-07-20 The little known story of a spy on the atom bomb project in World War II who had top security clearance American born Soviet trained he was never even suspected until after his information was in Soviet hands and he was safe in the USSR **Sleeper Agent** Ib Melchio, 1975 **The Sleeper Agent in Post-9/11 Media** Vanessa Ossa, 2023-01-01 This book examines the figure of the sleeper agent as part of post 9 11 political journalistic and fictional discourse There is a tendency to discuss the terroristic threat after 9 11 as either a faraway enemy to be hunted down by military force or on the other hand as a ubiquitous intangible threat that required constant alertness at home The missing link between these two is the sleeper agent the foreign enemy hiding among US citizens By analyzing popular television shows several US comic books and a broad variety of Hollywood films that depict sleeper agents direct or allegorically this book explores how a shift in perspective from terrorist to sleeper agent brings new insights into our understanding of post 9 11 representations of terrorism The book's interdisciplinary focus between media studies cultural studies and American studies suggests that it will find an audience in a variety of fields including historical research narratology popular culture as well as media and terrorism studies *Sleeper Cell* Kierra Dorsay, 2016-02-27 A sleeper cell is a person who remains a dormant member of a group while belonging to another group for undisclosed reasons Usually the sleeper cell status is kept a secret A sleeper cell is a clandestine group of terrorists who work underground and come back to life suddenly to achieve the target set by their superiors A sleeper agent is a spy who is placed in a target country or organization not to undertake an immediate mission but rather to act as a potential asset if activated Sleeper agents are popular plot devices in fiction in particular espionage fiction and science fiction Sleeper agents who have been discovered have often been natives of the target country who moved elsewhere in early life and were co-opted perhaps for ideological or ethnic reasons before returning to the target country This is valuable to the sponsor as the sleeper's language and other skills can be those of a native and thus less likely to trigger suspicion One of the most insidious tactics at a terrorist organization's disposal is the implementation of a sleeper cell This consists of secret agents who receive specialized training in their home countries and

are then assigned to assimilate into another country's culture and society. These agents may spend years performing their regular duties while living deep undercover, then suddenly receive orders from their overseas handlers to either commit an act of terrorism or provide aid to those who will.

Another Me Heather Duerre Humann, 2018-01-12 A figure from ancient folklore, the doppelgänger in fiction, a character's sinister look-alike continues to appear in literature, television, and film. The modern-day version of the Doppelgänger or double goer in German is typically depicted in a form adapted to reflect present-day social anxieties. Focusing on a broad range of narratives, the author explores 21st-century representations in novels such as Audrey Niffenegger's *Her Fearful Symmetry*, José Saramago's *The Double*, television shows *Orphan Black*, *Battlestar Galactica*, *Ringer*, and movies *The Island*, *The Prestige*, *Oblivion*.

THE TRUTH ABOUT FREEMASONS, ILLUMINATI, AND NEW WORLD ORDER S.D.S.C.M.W., 2012-03 Two Books In One. The New World Order's Letter to Every Citizen of the World warning: Resistance is Futile. According to this letter addressed to everybody in America, it's useless to resist a one-world takeover as the program is in its final stages. The very word secrecy is repugnant in a free and open society, and we are as people inherently and historically opposed to secret societies, to secret oaths, and to secret proceedings. We decided long ago that the dangers of excessive and unwarranted concealment of pertinent facts far outweighed the dangers which are cited to justify. If you have the privilege to know, you have the duty to act.
