PROGRAM NOTES

The music of J. S. Bach is fundamental and was a strong influence on the music that followed in the classical, romantic, and even contemporary periods. This familiar chorale prelude, though originally written for a cantata, lends itself well to transcription for orchestra. Each part from the bass line-up is a melodic line that is unique. This gives all the instruments in the ensemble an opportunity to share equally in the performance of the primary themes. In addition to being entertaining, Bach's works are excellent teaching tools for young musicians.

Please note: Our band and orchestra music is now being collated by an automatic high-speed system. The enclosed parts are now sorted by page count, rather than score order. We hope this will not present any difficulty for you in distributing the parts. Thank you for your understanding.
