your healthy child and leaving a child with rickets in its place make three dolls from the child's clothing to put into the cradle. The huldrefolk will take one of them instead of your child. These and many more fascinating folk healing rituals were secretly administered by healers, witches and religious caregivers who tended the medical and spiritual needs of rural Norwegians for hundreds of years. In *Remedies and Rituals*, Kathleen Stokker culls from hundreds of original documents and first-hand accounts to detail the ingredients, customs and histories behind natural remedies, potions, whispered spells and the infamous black books used for centuries by Norway's folk healers. Stokker also illuminates the surprising personalities of those who risked imprisonment and persecution to help fellow Norwegians throughout the nineteenth century as well as the often reluctant healers in the U.S. who continued to treat immigrants living in rural communities beyond the reach of doctors. Dodging harsh criminal laws championed by formally trained doctors, these rebel practitioners drew on ancient written and oral sources to treat everything from burns, broken bones and whooping cough to difficult labors and emotional stress.

The Norwegian composer Ludvig Irgens-Jensen 1894-1969 was one of the towering creative figures of his native land, although his dignified and powerful music is only now beginning to receive the attention its quality deserves. The success of his dramatic symphony *Heimferd* (Homecoming) in 1930 brought him national fame, but the post-war triumph of modernism coupled with his personal modesty pushed Irgens-Jensen's tonal music into the shadows. Its contrapuntally based textures and its modally tinged harmonies were seen as things of the past. But a growing number of recordings is reminding listeners that he was one of the most distinguished and distinctive voices in twentieth-century music, a figure of international importance writing music of striking nobility and strength of purpose with some meltingly lovely melodic lines. **Solen over slekten Scorta**, Laurent Gaudé, 2014-04-05. Laurent Gaudé vant den prestisjetunge Goncourt-prisen for denne episke romanen. En kvelende het sommerdag i 1875 vender den beryktede kjeltringen Luciano Mascalzone tilbake til hjembyen Montepuccio sør i Italia. Etter femten år i fengsel har han kun ett mål denne dagen: erobre den vakre Filomena Rocco for siste ledd i den stolte slekten Scorta før det til fattigdom og skam men ender opp som en av landsbyens rikeste og mest foraktede menn.
