The Sociology of Philosophical Knowledge Martin Kusch, 2000-04-30 Until 30 years ago most sociologists believed that only knowledge in the humanities and social sciences is open to sociological analysis This is no longer the case a large number of studies have shown that the knowledge of science and technology also has the character of social institutions The success of sociologists in understanding the social dimensions of science and technology has led to a relative decline of sociological studies of the humanities in general philosophy in particular This anthology seeks to correct that neglect The authors seek to show that contextual and sociological sensitivity is crucial to an understanding of the very content of philosophical positions and controversies and for recapturing the contingency in the history of philosophy Readership All students of the history of philosophy and sociologists of knowledge

Hermeneutic Philosophies of Social Science Babette Babich, 2017-10-23 Hermeneutic philosophies of social science offer an approach to the philosophy of social science foregrounding the human subject and including attention to history as well as a methodological reflection on the notion of reflection including the intrusions of distortions and prejudice Hermeneutic philosophies of social science offer an explicit orientation to and concern with the subject of the human and social sciences Hermeneutic philosophies of the social science represented in the present collection of essays draw inspiration from Gadamer's work as well as from Paul Ricoeur in addition to Michel de Certeau and Michel Foucault among others Special attention is given to Wilhelm Dilthey in addition to the broader phenomenological traditions of Edmund Husserl and Martin Heidegger as well as the history of philosophy in Plato and Descartes The volume is
