Softening Without Liberalization in the Soviet Union Rein Taagepera, 1984-02-07 To find more information on Rowman Littlefield titles please visit us at www.rowmanlittlefield.com *Soviet Constitutional Crisis* Robert Sharlet, 2016-06-16 Moving from the adoption of the post Stalin Constitution of 1977 through its subsequent implementation under Brezhnev Andropov and Chernenko to the radical legal restructuring of the Gorbachev years Robert Sharlet traces the gradual evolution of a nascent constitutionalism in the erstwhile USSR Sharlet a noted authority on Soviet law and constitutional development demonstrates the gradual transformation of law from an instrument of Communist Party rule into the new rules of the game for nonauthoritarian political development In effect he argues one of Gorbachev's most durable achievements may be his redefinition of Soviet politics into a legal idiom along with his relocation of policymaking from behind the closed doors of Party conclaves into the more open emergent arena of constitutional government In analyzing the politics of law from the Brezhnev era to the rise of Yeltsin the author takes account of the war of laws the symbolic uses of the Soviet constitution and even the fact that the leaders of the failed coup attempted to justify their seizure of power on constitutional grounds Constitutionalism has sufficiently suffused Soviet public life the book concludes that most of the sovereign republics as successors to the former USSR have begun designing their futures to varying degrees in constitutional forms *The Baltic States, Years of Dependence, 1940-1990* Romuald J. Misiunas, Rein Taagepera, 1993 In this updated edition of their renowned *The Baltic States* Romuald Misiunas and Rein Taagepera bring the story of Lithuania Latvia and Estonia up to the 1990s The authors describe and analyze how the Baltic nations survived fifty years of social disruption language discrimination and Russian colonialism The nations histories are fully integrated and compared and some notable differences between them are pointed out With two new chapters a revised preface and an appendix on the end of Soviet domination this expanded study covers a tumultuous period of political economic cultural and ecological reform **Globalizing Human Rights** Christian Peterson, 2012-03-12 This work elucidates the complexities of how Western governments private citizens and the Soviet Union used the issue of human rights violations as ideological weapon during the Cold War It will pay particular attention to how private citizens both shaped and became an important part of the U S government's efforts to weaken the international prestige of the USSR **Soviet Disunion** Bohdan Nahaylo, Victor Swoboda, 1990 Ethnic upheaval throughout the USSR now threatens the very reforms introduced by Gorbachev and may well decide the fate of his government This volume describes the histories of the suppressed and angry nationalities their drive for the restoration of national rights and the implications for the future Annotation copyrighted by Book News Inc Portland OR **The Consolidation of Democracy in East-Central Europe** Karen Dawisha, Bruce Parrott, 1997-06-13 Edited by two of the world's leading analysts of post communist politics this book brings together distinguished specialists on the Baltic states Estonia Latvia and Lithuania Poland the Czech Republic Slovakia and Hungary The authors analyse the patterns of post communist

democratization in these countries paying particular attention to the process of party formation electoral politics the growth of civil society and the impact of economic reform on the emergence of interest groups Karen Dawisha and Bruce Parrott provide theoretical and comparative chapters on post communist political development across the region This book will provide students and scholars with detailed analysis by leading authorities plus the latest research data on recent political and economic developments in each country

Problems of Communism ,1989 **A History of Modern Political Thought in East Central Europe** Balázs Trencsenyi,Michal Kopeček,Luka Lisjak Gabrijelčič,Maria Falina,Mónika Baár,2018-11-10 A History of Modern Political Thought in East Central Europe is a synthetic work authored by an international team of researchers covering twenty national cultures and 250 years It goes beyond the conventional nation centered narratives and presents a novel vision especially sensitive to the cross cultural entanglement of political ideas and discourses Its principal aim is to make these cultures available for the global market of ideas and revisit some of the basic assumptions about the history of modern political thought and modernity as such The present volume is the final part of the project following Volume I Negotiating Modernity in the Long Nineteenth Century and Volume II Part I Negotiating Modernity in the Short Twentieth Century 1918 1968 OUP 2018 Its starting point is the defeat of the vision of socialism with a human face in 1968 and the political discourses produced by the various consolidation or normalization regimes It continues with mapping the exile communities and domestic dissidents critical engagement with the local democratic and anti democratic traditions as well as with global trends Rather than achieving the coveted end of history however the liberal democratic order created in East Central Europe after 1989 became increasingly contested from left and right alike Thus instead of a comfortable conclusion pointing to the European integration of most of these countries the book closes with a reflection on the fragility of democracy in this part of the world and beyond

Totalitarianism and the Prospects for World Order Alexander Shtromas,2003-01-01 A remarkably prescient thinker Aleksandras Shtromas devoted his life to understanding totalitarianism and political change This posthumous collection of writings edited by Robert Faulkner and Daniel J Mahoney addresses some of the topics that preoccupied Shtromas throughout his life including totalitarian regimes postcommunist transitions the fates of the Baltic states and the nature of political revolutions Russia and Eastern Europe, 1789-1985 Raymond Pearson,1989
