SOLDIER IN S·A·S

*THE GAMBIAN
BLUFF*

A NOVEL OF THE S-A-S BY DAVID MONNERY

Soldier N Gambian Bluff

Jay Garnett

Soldier N Gambian Bluff:

Soldier N: Gambian Bluff David Monnery, 2013-12-12 At the end of July 1981 world heads of state gathered in London for the wedding of Prince Charles and Lady Diana Spencer Among those present was President Jawara of the Gambia whose absence was exploited by Marxist rebels to overthrow him Rightly fearing armed intervention from neighbouring Senegal the new revolutionary council seized hostages including one of the President's wives and several of his children and emptied the prisons in a desperate search for allies in the coming struggle In the first couple of days as opposing factions of the Gambian police force wrestled for control many of the released prisoners succumbed to the temptation to settle old scores and almost two thousand Gambians lost their lives In tourist beach hotels several hundred Europeans waited and feared the worst Only one group of men was considered capable of stabilising the situation the legendary Special Air Service the SAS So at Jawara's request three men of SAS 22 Regiment were sent into this cauldron supposedly to advise the President and his Senegalese allies But within days circumstances and the men's bravado turned them into the spearhead of the counter revolution heavily embroiled in both the pursuit of heavily armed criminals and the dangerously delicate business of rescuing hostages Soldier N SAS The Gambian Bluff is the electrifying story of how against all the odds these three highly skilled soldiers defeated the rebels and restored President Jawara to power

Soldier Z: For King and Country David Monnery, 2013-12-12 By early 1944 the tide of the war was flowing steadily against the Germans but to the Western Allies the need for a speedy victory was becoming more apparent with each new Russian advance and each new hint of the horror at work in the camps of occupied Europe The SAS born in North Africa as a strategic raiding force behind enemy lines was well suited to performing a similar role in the different terrain of the Italian mountains and French forests Here after making common cause with the local partisans they could cut the road and rail lines which served the front line German armies Hitler knew as much and was determined that the SAS should pay a terrible price for their efforts In October 1942 he had issued the infamous Commando Order which decreed that the raiders captured behind enemy lines whether in or out of uniform would be summarily executed Denied the safety net usually provided by the rules of war the SAS embarked on each new mission knowing that it would end in either success or death Soldier Z SAS For King and Country tells the riveting story of the undertaking and execution of these death defying operations and of how later in the final days of war and the opening weeks of peace the survivors at last began to seek out the murderers of their comrades and bring them to justice

Soldier T: War on the Streets Peter Cave, 2013-12-12 Terrorist bombs in town and city streets an ever rising tide of crime and a teenage drug problem that was rapidly escalating out of control this was the ugly face of Great Britain in 1995 The conventional police forces were already stretched beyond their limit and now a new threat was looming A fanatical right wing movement that in recent months had wreaked murder and chaos in mainland Europe was spreading its evil tentacles into the UK Using terrorism and crime to fund its undercover activities and a frightening new drug to spur on its growing army of bullyboys to

unprecedented extremes of violence it threatened to turn the streets of Britain's towns and inner cities into battlegrounds of anarchic brutality. In desperation the civil authorities turned to the only group of men who might be able to confront and beat these fanatics on their own terms: the legendary Special Air Service, the SAS. Guided by a maverick undercover drug cop, the SAS team were pitted against an enemy as ruthless and deadly as any the regiment had faced in its chequered and splendid history. The SAS were at war and that war was just outside the window: a war on the streets. *Soldier Y: Days of the Dead* David Monnery, 2013-12-12

Guillermo Macias disappeared in 1976 in Argentina's Dirty War. Twenty years later in 1996 his terminally ill father was determined that someone should find out what had happened to him and why. He had the names of two men he wanted questioned: one in Mexico City, the other in a prison on the Colombian island of Providencia. But no one to ask the questions. A friend of the family suggested retired SAS hero Jamie Docherty, now living with his Argentine wife in neighbouring Chile. Marysa Salcedo had disappeared on a picnic the previous year along with four other young women. Her family had given her up for dead when her older sister Carmen stumbled upon a Miami newspaper story that mentioned two of the friends. One had just died of a drug overdose, the other half deranged, told a garbled story of sexual slavery on a Caribbean island which sounded suspiciously like Providencia. MI6 and the British Government were also more than a little interested in the island. They were certain that a huge drug trafficking empire was run from the prison and knew that at least some of the profits were being funnelled by its Argentine guest into the financing of a mercenary invasion of the Falklands. Ignored by the Colombian authorities and mysteriously obstructed by their American allies, the British had no choice but to send their own elite force, the SAS. **Soldier R: Death on Gibraltar** Shaun Clarke, 2013-12-12

In May 1987 a successful SAS ambush resulted in the deaths of eight IRA terrorists in Loughgall. Aware that retaliation was certain, British intelligence went on the alert and eventually established that the IRA had selected Gibraltar as being a soft target and one identified with British imperialism. In November the terrorism experts of Madrid's Servicios de Informaci3n informed British intelligence that two male members of the IRA had arrived in Southern Spain under false names. British intelligence assumed immediately that the two men were intending either to murder some of the British residents on the Costa del Sol or to attack a British Army target on Gibraltar. The changing guard outside the Governor of Gibraltar's residence was judged to provide the most likely opportunity for such an attack. The most likely date was 8 March 1988 when the band parade ceremony of the 1st Battalion of the Royal Anglian Regiment was due to take place. For the next few months British and Spanish intelligence services kept the two men under surveillance, waiting for them to travel from Spain to Gibraltar. In February MI5 reported that an Irishwoman travelling under a false identity had repeatedly visited the rock and attended the guard ceremony. Now that there appeared to be little doubt about the target, the British government decided to send a hit team to Gibraltar to prevent the planned bombing, if necessary, by killing the terrorists. The only men even considered for this dangerous operation were the legendary Special Air Service, the SAS. **Soldier R: SAS Death on Gibraltar** tells the story of what was to become the most controversial of

all SAS campaigns a deadly cat and mouse game that called into play all the expertise and tenacity at the SAS team's disposal

Soldier Q: Kidnap the Emperor! Jay Garnett, 2013-12-12 In 1975 the Emperor Haile Selassie of Ethiopia recently deposed in a Communist revolution was declared dead in the hands of the brutal army officer Mengistu Haile Mariam the country descended into chaos and bloodshed Then an astonishing truth emerged The Emperor was not dead He had been kept alive in prison by Lieutenant Colonel Mengistu whose objective was to wring from him his massive fortune bullion jewels cash and shares amounting to 2.5 billion lodged in Swiss British and New York banks In London bankers and diplomats were appalled The banks could not contemplate the loss of such a huge sum The British and American governments would not tolerate a ruthless Communist regime's acquisition of wealth it would destabilise the Middle East and all East Africa There was only one answer kidnap the Emperor And there was only one organisation capable of mounting the operation the legendary Special Air Service the SAS Three men Peter Halloran Michael Rourke and Richard Collins were selected for this hazardous mission which was like nothing the regiment had ever tackled before to penetrate a remote desert fortress and then to escape through arid highlands with a frail old man in tow Only extraordinary duplicity would get them in Only acute tactical expertise and merciless improvisation would get them out And if anything went wrong it would be as if they had never existed

Soldier K: Mission to Argentina David Monnery, 2013-12-12 In May 1982 as the British Task Force prepared for the recapture of the Falkland Islands a lone Sea King helicopter made an apparently forced landing in the southernmost reaches of Chile Its crew barely credibly claimed to have been propelled off course by a combination of adverse weather conditions and engine trouble The reality never officially disclosed was rather different The only threat to the Task Force and the enemy's only hope of ultimate victory lay in Argentina's Super Extended aircraft and their sea-skimming Exocet missiles Since radar could not be relied upon as an adequate means of detection the British opted for a less conventional warning system Before landing in Chile the stray Sea King dropped a team of men into Argentina where they were tasked with remaining hidden within sight of the airfields and within easy reach of the enemy's security patrols The only men who could be entrusted with this difficult and dangerous mission were members of the legendary Special Air Service the SAS Getting the men in was easy enough but once they were there staying unobserved was another matter and eventual escape far from certain despite help from an unexpected quarter in the shape of a beautiful woman guerrilla a survivor of Argentina's dirty war ***Soldier K: SAS Mission to Argentina*** tells the electrifying story of this SAS operation from the inside a heart-stopping hair-raising thriller about the regiment equalled by no other the SAS

specialist group who could perform highly dangerous and arduous military tasks in the inhospitable perilous terrain The only men suitable for such operations were the legendary Special Air Service the SAS Soldier H SAS The Headhunters of Borneo is the story of one of the least known most extraordinary wars in British history The SAS braved jungle and swamp infested with snakes lizards leeches wild pigs and all kinds of poisonous insects to live with the primitive headhunting natives in their longhouses by the rivers winning their hearts and minds with medical aid and other assistance then training them as paramilitaries who would eventually become known as the Border Scouts While some of the SAS remained for months with the headhunters other moved even deeper into the unexplored jungle the Gap to establish ambush sites and helicopter landing zones They also conducted daring Claret raids across the border when as the renowned Tiptoe Boys who hit hard and vanished fast they set booby traps and ambushed enemy troops moving along the many jungle tracks and rivers They fought a bloody nightmarish war and won it

Soldier P: Night Fighters in France Shaun Clarke,2013-12-12 In September 1944 following the successful Anvil landings of the previous month the Allies were planning airborne landings in the Orlans Gap In order to soften the enemy before the landings they decided to drop a squadron of men and jeeps by parachute in central France These men were tasked with engaging in a series of daring hit and run night raids against enemy positions to distract attention from the landings taking place elsewhere Only one group of men was deemed resourceful enough for such a high risk mission the legendary Special Air Service the SAS Operation Kipling began when 46 jeeps and 107 well armed SAS men from C Squadron were parachuted in with orders to establish a base and make contact with the Maquis Frenchmen living in makeshift camps in the forest having fled from the Germans to conduct sabotage missions behind enemy lines Even as the SAS men were setting up their secret base camp the airborne landings were cancelled and the SAS was ordered to conduct aggressive patrolling Over the next six weeks C Squadron carried out a succession of perilous raids against the Germans racing into occupied towns I jeeps firing on the move and racing out again The SAS continually harassed the enemy and inflicted heavy casualties By the Operation Kipling had ended the very mention of the SAS was enough to make even the crack troops of the German Army tremble with fear and in many cases throw down their arms and surrender Soldier P SAS Night Fighters in France is the story of this daredevil World War Two operation little known but utterly vital

Soldier J: Counter Insurgency in Aden Shaun Clarke,2013-12-12 In 1964 two different kinds of war were being waged simultaneously by the British in Aden The inhabitants of the forbidding mountainous region of Radfan in the north of the Republic of Yemen were conducting guerrilla attacks against the British Armed by the Egyptians and trained by the communist Yemenis they were a formidable fighting force and appeared invincible The British had only one hope of beating them to draft in an even more tenacious group of soldiers the SAS Tasked with stopping the flow of weapons to the rebel tribesmen Radforce was assembled from Aden's federal regular army together with various British forces including the legendary troopers of the SAS After parachuting into the enemy territory at night the SAS established concealed observation

posts high in the mountains from where they directed air strikes on the rebels moving through the sun baked passes At the same time in an even more dangerous campaign teams of two or three SAS men disguised as Arabs were infiltrating the souks and bazaars of the port of Aden to neutralise leading members of the National Liberation Front with their renowned double tap 0 firing their Browning high power high power handguns at close range as part of the daring Keeni Meeni operations Soldier J SAS Counter insurgency in Aden is the breathtaking story of how the SAS fought these two contrasting campaigns in the same place at the same time with exceptional tenacity skill and courage
