Revolutionary Activities Directed Toward the Administration of Penal Or Correctional Systems United States. Congress. House. Committee on Internal Security,1978 **Revolutionary Activities Directed Toward the Administration of Penal Or Correctional Systems, Hearings ...**, 93-1, March 29 and May 1, 1973 United States. Congress. House Internal Security,1973 **CHILD DISCIPLINE** Bekir AYAZ,2024-10-05 **Culture Moves** Thomas R. Rochon,2018-06-05 Some periods in history are marked by stability in cultural values at other times values undergo rapid change How and why do cultural transformations such as those affecting race and gender relations take place How does one value win acceptance in society when there are conflicting values competing for attention In Culture Moves Thomas Rochon addresses this complex process and develops a theory to explain both how values originate and how they spread In particular he analyzes the crucial role that small communities of critical thinkers play in developing new ideas and inspiring their dissemination through larger social movements Rochon develops this theory by drawing from such sources as survey research content analysis of the mass media and historical accounts He focuses mainly on contemporary issues in the United States such as feminism civil rights and environmentalism but also discusses cases ranging from the French Revolution to the abolition of slavery He explores the cultural niches typically universities and research institutes where new ideas and values evolve and then traces how these ideas play out in society through movements that may have little formal structure Attention in the media he argues is often a deciding move in the contest over public opinion This book will fundamentally revise how we understand the process of social change and what the prospects are for particular culture moves in the future *Social Prevention and the Social Sciences* Günter Albrecht,Hans-Uwe Otto,2010-10-06 No detailed description available for Social Prevention and the Social Sciences **Learning for Democracy** Tetyana Hoggan-Kloubert,Chad Hoggan,2025-10-23 This book offers a framework for adult civic learning positioning democracy not merely as a form of government but as an overarching way of living together where citizens understand and support essential principles of democracy These principles are often in conflict with one another meaning that citizens must negotiate the tensions that arise between them Highlighting the principles of Autonomy and Solidarity and Rationality and Pluralism the authors explore the importance and dangers of each of them for democracy This framework for adult civic learning explores the implications of these competing principles for civic life and therefore civic learning and adult education practice The book will serve as a valuable resource for educators policymakers and individuals who are interested in promoting adult civic learning and ensuring the growth and vitality of democracy

New Sources of Development Finance World Institute for Development Economics Research,2005 As their Millennium Development Goals world leaders have pledged by 2015 to halve the number of people living in extreme poverty and hunger to achieve universal primary education to reduce child mortality to halt the spread of HIV AIDS and to halve the number of people without safe drinking water Achieving these goals requires a large increase in the flow of financial resources to

developing countries double the present development assistance from abroad Examining innovative ways to secure these resources this book sets out a framework for the economic analysis of different sources of funding applying the tools of modern public economics to identify the key issues It examines the role of new sources of overseas aid considers the fiscal architecture and the lessons that can be learned from federal fiscal systems asks how far increased transfers impose a burden on donors and investigates how far one can separate raising resources from their use In turn the book examines global environmental taxes such as a carbon tax the taxation of currency transactions the Tobin tax a development focused allocation of Special Drawing Rights by the IMF the UK Government proposal for an International Finance Facility increased private donations for development purposes a global lottery or premium bond and increased remittances by emigrants In each case it considers the feasibility of the proposal and the resources that it can realistically raise In each case it offers new perspectives and insights into these new and controversial proposals June 25, July 12, and July 25 (in part), 1973

(Including index), v. 959-1177, xii p United States. Congress. House. Committee on Internal Security, 1973 **The Division of Labor in Society** Emile Durkheim, 2014-02-25 Revised for the first time in over thirty years this edition of Emile Durkheim's masterful work on the nature and scope of sociology is updated with a new introduction and improved translation by leading scholar Steven Lukes that puts Durkheim's work into context for the twenty first century reader When it was originally published *The Division of Labor in Society* was an entirely original work on the nature of labor and production as they were being shaped by the industrial revolution Emile Durkheim's seminal work studies the nature of social solidarity and explores the ties that bind one person to the next in order to hold society together This revised and updated second edition fluently conveys Durkheim's arguments for contemporary readers Leading Durkheim scholar Steve Lukes's new introduction builds upon Lewis Coser's original which places the work in its intellectual and historical context and pinpoints its central ideas and arguments Lukes explains the text's continued significance as a tool to think about and deal with problems that face us today The original translation has been revised and reworked in order to make Durkheim's arguments clearer and easier to read *The Division of Labor in Society* is an essential resource for students and scholars hoping to deepen their understanding of one of the pioneering voices in modern sociology and twentieth century social thought
