Soliloquies And Letters:

The Oxford Handbook of Friedrich Schleiermacher Andrew Dole, Shelli M. Poe, Kevin M. Vander Schel, 2024 This Handbook presents authoritative interpretations of Schleiermacher's work from both German and English speaking scholars Topics covered include Schleiermacher's historical and intellectual context the structure and content of Schleiermacher's theology and philosophy and the reception of his thought **Shakespeare through Letters** David M. Bergeron, 2020-10-14 In *Shakespeare through Letters* David M. Bergeron analyzes the letters found within Shakespeare's comedies histories and tragedies arguing that the letters offer the principal intertextual element in the plays as text in their own right Bergeron posits that Shakespeare's theater itself exists at the intersection of oral and textual culture which the letters also exhibit as they represent writing reading and interpretation in a way that audiences would be familiar with in contrast with the illustrious culture of kings queens and warriors This book demonstrates that the letters profound or perfunctory constitute texts that warrant interpretation even as they remain material stage props impacting narrative development revealing character and enhancing the play's tone Scholars of literature theater and history will find this book particularly useful

Monteverdi and his Contemporaries Tim Carter, 2024-10-28 This collection of reprinted essays takes the trends of the author's Music Patronage and Printing in Late Renaissance Florence also in the *Variorum* series in a somewhat different direction If the focus there was primarily on archival documents here it is on the actual music The starting point is similar the rise of the new music for solo voice and basso continuo in late sixteenth and early seventeenth century Florence in particular the songs of Giulio Caccini But it moves on to broader aesthetic issues crystallized in contemporary theoretical debate and musical practice not least the rise of aria based styles and concludes with a series of studies of Claudio Monteverdi's works for the theatre including the operas *Il ritorno d'Ulisse in patria* 1640 and the ever problematic *L'incoronazione di Poppea* 1643 *Letters*, 1927 *Francesco Petrarca, the First Modern Man of Letters* Edward Henry Ralph Tatham, 1925 *The Edinburgh Edition of the Collected Letters of Katherine Mansfield: Letters to correspondents A-J* Katherine Mansfield, 2020 Organized by recipient this innovative four volume edition allows the reader to explore and share Katherine Mansfield's individual relationships via her letters Well known Mansfield scholars Claire Davison and Gerri Kimber have returned to the author's original letters retranscribing and fully annotating them incorporating recently discovered biographical material as well as previously unpublished letters As the four volumes in the *Collected Letters* reveal letter writing was an essential part of Mansfield's literary production *In the Classic Mode* Donald Elwin Stanford, 1978 In this study Dr Stanford surveys and evaluates the major achievements of Robert Bridges 1844-1930 an important poet dramatist scholar and man of letters whose work has been unjustifiably neglected in recent years Making use of Bridges's letters Dr Stanford has written a volume of criticism that reflects both the poet and the man Theological Anthropology at the Beginning of the Third Millennium Kevin Wagner, Peter John McGregor, M. Isabell Naumann, 2022-04-29 Theological

Anthropology at the Beginning of the Third Millennium is the third volume of the Theology at the Beginning of the Third Millennium series. Bringing together Catholic and Orthodox scholars of diverse disciplines, this work sheds new light on the question: what does it mean to be a human person? Beginning with an overview on the state of the discipline in our time, the book brings theological anthropology into dialogue with epistemology, Christology, science, spiritual theology, and pedagogy. It explores how human persons, who are created in God's image and likeness, can come to knowledge of the self and the other such that the individual person can know love and be united to the God and Father of Jesus Christ. Schleiermacher: On Religion Friedrich Schleiermacher, 1996-04-18. A classic of modern religious thought, Schleiermacher's *On Religion: Speeches to its Cultured Despisers* is here presented in Richard Crouter's acclaimed English translation of the 1799 edition, originally published in *Cambridge Texts in German Philosophy*. Written when its youthful author was deeply involved in German Romanticism and the critique of Kant's moral and religious philosophy, it is a masterly expression of Protestant Christian apologetics of the modern period, which powerfully displays the tensions between the Romantic and Enlightenment accounts of religion. Unlike the revised versions of 1806 and 1821, which modify the language of feeling and intuition and translate the argument into more traditional academic and Christian categories, the 1799 text more fully reveals its original audience's literary and social world. Richard Crouter's introduction places the work in the milieu of early German Romanticism, Kant criticism, the revival of Spinoza, and Plato studies, and theories of literary criticism and of the physical sciences, and his fully annotated edition also includes a chronology and notes on further reading. *The Letters of George Santayana* George Santayana, 2001. The second of eight books of the correspondence of George Santayana.
