Solitary War:

The Solitary War of a Sniper Martin Pegler, 2025-07-30 The remarkable story of Harry Furness a young British sniper who fought from D Day to Germany Growing up in a working class family in Manchester Harry Furness joined the army in 1939 at the age of 16 Having always been captivated by the stories of First World War snipers he immediately volunteered for sniper training when the army began to recruit soldiers in 1941 He did exceptionally well qualifying as a marksman whilst a pre war army cadet and was quickly promoted to lance corporal Just prior to D Day he was promoted to corporal in the Green Howards Regiment and landed at Gold Beach on 6th June 1944 Together he and his comrades began a hard fight across North West Europe gradually moving through Northern France Belgium Holland and eventually into Germany as they pushed the Germans back towards the Rhine The manifold dangers and occasional humour of Harry Furness's experiences of war come across in a very matter of fact but compelling way in the dozens of previously unpublished letters personal interviews and images that make up Martin Pegler's fascinating moving biography of Furness and his extraordinary life *A Solitary War* Henry Williamson, 1966 *The Lonely War* Nazila Fathi, 2014-10-14 In the summer of 2009 as she was covering the popular uprisings in Tehran for the New York Times Iranian journalist Nazila Fathi received a phone call They have given your photo to snipers a government source warned her Soon after with undercover agents closing in Fathi fled the country with her husband and two children beginning a life of exile In *The Lonely War* Fathi interweaves her story with that of the country she left behind showing how Iran is locked in a battle between hardliners and reformers that dates back to the country's 1979 revolution Fathi was nine years old when that uprising replaced the Iranian shah with a radical Islamic regime Her father an official at a government ministry was fired for wearing a necktie and knowing English to support his family he was forced to labor in an orchard hundreds of miles from Tehran At the same time the family's destitute uneducated housekeeper was able to retire and purchase a modern apartment all because her family supported the new regime As Fathi shows changes like these caused decades of inequality especially for the poor and for women to vanish overnight Yet a new breed of tyranny took its place as she discovered when she began her journalistic career Fathi quickly confronted the upper limits of opportunity for women in the new Iran and earned the enmity of the country's ruthless intelligence service But while she and many other Iranians have fled for the safety of the West millions of their middleclass countrymen many of them the same people whom the regime once lifted out of poverty continue pushing for more personal freedoms and a renewed relationship with the outside world Drawing on over two decades of reporting and extensive interviews with both ordinary Iranians and high level officials before and since her departure Fathi describes Iran's awakening alongside her own revealing how moderates are steadily retaking the country **A Lonely War** Amy Sanderson, Home should be where the heart is but for Fleet Manteios it's nothing but a place of obligations and bad memories When she's drawn back to Requies to attempt a reconciliation with her dying father she finds it a changed city Her estranged husband

might still be there but there s a fresh sense of hope and freedom on the streets and there s trouble too The last person Fleet expected to see has made her way to the city and what s followed her could put every life in danger Fleet s loyalties are about to be divided between the family she abandoned the friend who was once a foe and the city she fled from and which might not want to be saved *The Lone War Cry* George E. Miller,2008 The intertwining stories of people struggling to survive in the Oregon Territories around 1850 **War Remains** Yasmine Khayyat,2023-05-15 War Remains traces the poetics of ruination and resistance in select contemporary Lebanese wartime literature cultural production and sites of memory Drawing upon work from southern Lebanon and Beirut Khayyat examines how war remains are employed as a resistant trope in the intellectual spaces of war s aftermath She focuses on Southern Counterpublics a collective of poets novelists activists artists and ordinary citizens and their war inspired creative productions that speak to the ruins capacity to be reframed recycled and recontested Khayyat argues that the ruins of war can be thought of as a generative milieu for resistant thought and action An ambitious and provocative work War Remains ventures to the so called margins to archive the texture and substance rendered invisible when studies of memory rely solely on data furnished by official narratives and military accounts of war A Solitary War Henry Williamson,1969 On Absolute War Eric Fleury,2019-01-15 Nearly two decades after the declaration of a War on Terror the precise relationship between warfare and terrorism remains unclear The United States and its allies have long sought to inflict a decisive defeat upon groups such as Al Qaeda and ISIS while regarding their individual members as malevolent criminals undeserving of combatant status A clearer understanding of how terrorists define victory and how their method of fighting relates to conventional military forces is necessary in order to devise more realistic and effective strategies of counterterrorism On Absolute War constructs a theoretical framework for the study of terrorism based on Carl von Clausewitz s On War widely regarded as the greatest analysis of war ever written Through a review of Clausewitz s work and a set of historical case studies ranging from the Fenian Dynamite Campaign of the 1880s to the wars in Iraq and Afghanistan Prof Fleury reveals just how closely terrorism mimics the logic of war Terrorism attempts to restore war to its theoretical baseline a condition that Clausewitz called absolute war featuring relentless escalation toward a climactic result While never achieving this ideal in practice terrorists succeed to the extent that they compel their enemies and their prospective followers to engage mutual escalation which will ultimately favor whichever side is better able to jettison logistical and normative limits Consequently states must engage terrorists on the basis of Clausewitz s two most important injunctions namely that war is temporary and subordinate to political controls Given the very real prospect of a war without any temporal and spatial limits On Absolute War provides the theoretical basis for a strategy of limiting the effects of terrorism rather than repeatedly trying and failing to destroy it **Preventing Unjust War** Roger Bergman,2020-12-15 Catholic pacifists blame the just war tradition of their Church That tradition they say can be invoked to justify any war and so it must be jettisoned This book argues that the problem is not the just war tradition but the

unjust war tradition Ambitious rulers start wars that cannot be justified and yet warriors continue to fight them The problem is the belief that warriors do not hold any responsibility for judging the justice of the wars they are ordered to fight However unjust a command renders any war just for the obedient warrior This book argues that selective conscientious objection the right and duty to refuse to fight unjust wars is the solution Strengthening the just war tradition depends on a heightened role for the personal conscience of the warrior That in turn depends on a heightened role for the Church in forming and supporting consciences and judging the justice of particular wars As Saint Augustine wrote The wise man will wage just wars For unless the wars were just he would not have to wage them and in such circumstances he would not be involved in war at all

The Face of War Martha Gellhorn, 2018-11-20 A collection of first rate frontline journalism from the Spanish Civil War to US actions in Central America by a woman singularly unafraid of guns Vanity Fair For nearly sixty years Martha Gellhorn's fearless war correspondence made her a leading journalistic voice of her generation From the Spanish Civil War in 1937 through the Central American wars of the mid eighties Gellhorn's candid reporting reflected her deep empathy for people regardless of their political ideology Collecting the best of Gellhorn's writing on foreign conflicts and now with a new introduction by Lauren Elkin The Face of War is a classic of frontline journalism by the premier war correspondent of the twentieth century Ward Just The New York Times Magazine Whether in Java Finland the Middle East or Vietnam she used the same vigorous approach I wrote very fast as I had to she says afraid that I would forget the exact sound smell words gestures which were special to this moment and this place As Merle Rubin noted in his review of this volume for The Christian Science Monitor Martha Gellhorn's courageous independent minded reportage breaks through geopolitical abstractions and ideological propaganda to take the reader straight to the scene of the event
