The New Capital Markets in Central and Eastern Europe Michael Schröder, 2012-12-06 It is the aim of this study to assess the effects of the EU enlargement on the capital markets in the most advanced countries of Central and Eastern Europe CEE and Russia and to analyse the impacts on the interactions between Eastern and Western capital markets due to the integration process Therefore this study should be particularly useful for financial analysts institutional investors and academic researchers who are interested in the economic and institutional developments of capital markets in CEE countries and are looking for a thorough and comprehensive analysis of the future perspectives of these capital markets The European Union has opened negotiations for EU membership in early 1998 with five CEE countries the Czech Republic Estonia Hungary Poland and Slovenia In autumn 1999 the group of CEE countries involved in the negotiations for EU membership has been enlarged by Bulgaria Latvia Lithuania Romania and Slovakia The negotiations with some of the CEE countries have already reached a stage that makes entry into the EU in the next few years very likely The joining countries have to adopt the whole *acquis communautaire* which represents the legislative framework common to all EU members Important parts of the *acquis communautaire* e.g. the liberalisation of capital movements European Monetary Union the free provision of bank and non bank financial services and new rules for prudential supervision directly and indirectly affect the behaviour of the financial sector and the functioning of capital markets

Cracking the Emerging Markets Enigma G. Andrew Karolyi, 2015-05-01 Forward thinking investors are constantly looking for the next BRIC what foreign market is on the brink of expansive growth Will these investments payoff or are the potential risks too great Investing in these emerging markets requires a careful analysis of potential risks and benefits which vary greatly from country to country and even from day to day In *Cracking the Emerging Markets Enigma* emerging markets expert Andrew Karolyi outlines a practical strategy for evaluating the opportunities and more importantly the risks of investing in emerging markets Karolyi's proposed system evaluates multiple dimensions of the potential risks faced by prospective investors These categories of risk reflect the uneven quality or fragility

of the various institutions designed to assure integrity in capital markets political stability corporate opacity limits placed on foreign investors and more By distilling these analyses into a numerical scoring system Karolyi has devised a way to assess with ease emerging markets by different dimensions of risk and across all dimensions together This novel assessment framework already has been tested in the market to great success Researchers students firms and both seasoned and novice investors are poised to gain a clear understanding of how to evaluate potential investments in emerging markets to maximize profits
