Dementia Reimagined Tia Powell, 2020-09-01 Now in paperback the cultural and medical history of dementia and Alzheimer s disease by a leading psychiatrist and bioethicist who urges us to turn our focus from cure to care Despite being a physician and a bioethicist Tia Powell wasn t prepared to address the challenges she faced when her grandmother and then her mother were diagnosed with dementia not to mention confronting the hard truth that her own odds aren t great In the U S 10 000 baby boomers turn 65 every day by the time a person reaches 85 their chances of having dementia approach 50 percent And the truth is there is

no cure and none coming soon despite the perpetual promises by pharmaceutical companies that they are just one more expensive study away from a pill Dr Powell's goal is to move the conversation away from an exclusive focus on cure to a genuine appreciation of care what we can do for those who have dementia and how to keep life meaningful and even joyful Reimagining Dementia is a moving combination of medicine and memoir peeling back the untold history of dementia from the story of Solomon Fuller a black doctor whose research at the turn of the twentieth century anticipated important aspects of what we know about dementia today to what has been gained and lost with the recent bonanza of funding for Alzheimer's at the expense of other forms of the disease In demystifying dementia Dr Powell helps us understand it with clearer eyes from the point of view of both physician and caregiver Ultimately she wants us all to know that dementia is not only about loss it's also about the preservation of dignity and hope

Boston's Banner Years: 1965-2015 Melvin B. Miller, 2018-07-20 Everyone with a sense of fair play is horrified by stories of racially inspired abuse As bad as such incidents can be however what is most damaging to the well being of blacks is the constant media assertions that blacks are inexorably inferior It can be difficult for people to feel motivated to achieve when they lack the confidence to believe in their own abilities Boston's Banner Years 1965-2015 seeks to refute the negative implications of alleged black incompetence by chronicling black success Over the years editor Melvin B Miller has developed an institutional memory of his community's affairs He has used that unique resource to help produce this collection in which well qualified reporters share researched accounts of black achievement in Boston creating a record for future generations of black community success Stories of individual achievements of blacks can be inspiring but they sometimes seem like aberrations Providing numerous examples of blacks being assertive competent and successful these essays make it impossible to apply the negative racial stereotype to blacks in Boston a place that is to some extent an incubator of black success This collection of essays presents a series of biographical profiles highlighting black achievement and success in Boston over the course of fifty years

Pauline Hopkins and Advocacy Journalism Rhone Fraser, 2019-02-22 In the 1905 letter to William Monroe Trotter Pauline Hopkins wrote that she lost the editorship of the Colored American Magazine because she refused partisan lines and pursued an independent course This book focuses on how her editorship

promoted an advocacy journalism that sought to abolish Jim Crow The work of the magazine under her editorship pursued an independent course because it included in depth biographical sketches of those whose lives she before many deemed important to know such as Toussaint L Overture and Harriet Tubman Hopkins pursued an independent course also as a novelist particularly in her first novel *Contending Forces* a work unique for a narrator that tried to in Hopkins s words raise the stigma of degradation from my race Her following three novels were serialized in the *Colored American Magazine* Her 1901 novel *Hagar s Daughter* is about the attempt of two generations to assimilate within the Washingtonian elite her 1902 novel *Winona* exposes the effect of Washington s 1850 Fugitive Slave Law on enslaved children and her 1903 novel *Of One Blood* explores what it means for an individual socialized in the West to in Hopkins s words curse the bond of the white race In Dr Rhone Fraser s close reading of her fiction he looks at how her protagonists in each novel pursue an independent course and in his final chapter he compares her essential work to Black journalists of the twenty first century who like her refused partisan lines and pursued an independent course Pauline Hopkins s work was not just the work of a typical journalist but the work of an advocate
