The Legend Of The Vampire Khufu:

The Legend of the Vampire Khufu Raymond Mayotte, 2010-03-12 Travel the last five thousand years in dark shadows along with the Immortal Vampire Khufu as he struggle to exist in the world of mortal men an adventure seen mostly through the eyes of the vampire as he moves through time leaving many historical memories in his wake Excerpts from The Legend of The Vampire Khufu As deep wells of darkness envelope a small cemetery and in the shadows of an old tomb the heavy lid of a grave liner slowly begins to stir the lids minute movement causing a muffled scraping sound to echo ever so softly in the stillness From within the liner a hair line crack of blackness appears and slowly begins to widen then long fingers snake out to wrap themselves around the edge of the lid In a sudden movement the lid is shoved back to where it slams against the wet clay like texture of the wall with a dull thud the impact sending dozens of many legged beetles and furry spiders scurrying to find darker places From within the shadowy depths of a casket the naked figure of a young man now slowly arises and steps out onto the damp floor his height unfolding to six feet as he straightens and turns toward two old and rusted iron doors that protect the tomb and his casket while he sleeps through the day With a shudder of his shoulders the man s form changes to that of a large bat that flies up and squeezes out through a wedge shaped hole above the door and into the night After climbing the stairs to her bedroom Karen curls up snug and content on the foot of her bed and begins to read a book However out through the bedroom window she can see the huge fireball of the sun getting ready to set and she watches mesmerized as it slowly sinks out of sight its rays instantly causing the horizon to come ablaze with red and orange like the sky itself is on fire Suddenly a movement below catches her eye and she glances out across the field towards the cemetery only to jump back with a gasp when she sees a dark figure detach itself from the shadows at the rear of the cemetery and move towards the road Immediately she realizes this is the man she saw early the morning before that entered the cemetery and never came out again at least for the next few hours she had watched and once again now she finds herself alone in the house and shivering with cold thankful in her mind that she hasn t put on any lights in the house and it will look dark and empty However she gasps again when the man stops and glares directly up into the dark bedroom window where she sits her eyes now staring into his that she can see as clear as if he is standing only a few feet from her Now a moan escapes her as she clasps her hands tightly over her mouth to hold back a scream and when she attempts to turn her eyes away from him her ears are filled with the roaring sound of her blood gushing through her veins causing her heart to pound wildly against her ribs Then like someone has been holding her heart in their hand and squeezing the pressure let go when the figure below turns and walks away out of the cemetery

The Sword and The Staff Raymond Mayotte, 2010-03-10 An exciting action adventure for both the young and old The serenity of a spring morning encompassing Ebony Castle and its surrounding village suddenly becomes chaotic when out of a clear blue sky comes a fire breathing creature of destruction The creature none other than a fabled dragon a myth made up through the years by the old ones to awe and thrill the children Yet here is the dragon belching tongues of fire that shatter the hard stones of the castle like they are made of sand When I return to check my snares the sun's dwindling light is casting long shadows of the trees across the crystallized snow and to my dismay I find five of the snares empty but when I approach the sixth and find a rabbit caught in it I hurry forward to claim my dinner Suddenly a sound causes me to glance up and see a gray shape launch itself from a mound of snow when with a terrifying growl an enormous gray wolf of

almost my own weight strikes me with enough force to splay me face down in the snow and clamp its jaws onto my shoulder Suddenly an unbearable pain courses through me as the wolf s fangs dig deep into my flesh two into my chest and two into my back my complete right shoulder deep inside the wolfs maw With a quick motion of his head the wolf tries to tear the flesh from my bones and if it had not bitten over the bone it surely would have succeeded The fear of what is happening arouses a strength in me I don t know I had as I push to my knees and grab the snout of the wolf s open jaw and yank the fangs from my chest While with the other hand I reached over my shoulder to claw and pull on the wolf s ear until I feel my thumb in the jelly like softness of its eye and squeeze With a howl of pain the wolf jumps clear of me but before I can make a move I am aware of at least four other gray shapes bearing down on me Almost instantly a howl of pain escapes my own lips when another of the gray shapes clamps its jaws onto the calf of my left leg causing a river of fire to run through me its fangs deep into the flesh trying to tear the meat away Now everything seems to be moving in slow motion and I see the wolf with the eye I gouged limping away while the huge gaping jaws of another is hurtling towards my head Behind me over my shoulder I also ss the other wolf savagely tearing at the calf of my leg while my blood sprayed out to cover the snow for a large area around me Suddenly a beam of bright light about the thickness of a good staff shoots from the pouch I carry the crystal in and strike the wolf hurtling towards my head In that instant the gray form disintegrates in a shower of sparks and is no more Over my shoulder the wolf tearing at my leg also disappears as in succession the beam lash out until all the wolves are vanquished and silence fills the forest Astounded by this sudden turn of events I fall forward onto the snow as the pain wells up in me until I lose consciousness Some time later I awake to find my body shaking uncontrollably with cold the blood in my veins like it s turned to ice In the darkness of the forest I can see where my blood stains the snow and realize I lost a lot of blood and my body is racked with fever No matter I know I must move away from this place where the scent of the blood will attract more wolves and with all the strength I can muster I crawl to a nearby tree and pull myself up only to find I can t put weight on my left leg however I do manage to hold on and break a good size branch from the tree to use as a staff then in my delirium hobble forward using the staff to help drag me along
