## **The Life And Death Of Carthage:**

*The Life and Death of Carthage* Gilbert Charles-Picard, Colette Charles-Picard, 1968      **The Life and Death of Carthage** Gilbert Charles-Picard, Colette Charles-Picard, 1969 Studies the development of the Carthaginian civilization focusing on the course of its foreign affairs and the Punic Wars which led to its destruction      **The Life and Death of Carthage ... Translated ... by Dominique Collon. [With Illustrations, Including Maps.]**. Gilbert CHARLES-PICARD (and CHARLES PICARD (Colette)), Colette Charles-Picard, Dominique P. M. COLLON, 1968      **The Cambridge Ancient History** John Boardman, 1984      **The life and death of Carthage** Gilbert Charles Picard, Colette Picard, 1968      *Seapower States* Andrew Lambert, 2018-11-27 A fascinating geopolitical chronicle A superb survey of the perennial opportunities and risks in what Herman Melville called the watery part of the world The Wall Street Journal In this volume one of the most eminent historians of our age investigates the extraordinary success of five small maritime states Andrew Lambert author of The Challenge Britain Against America in the Naval War of 1812 winner of the prestigious Anderson Medal turns his attention to Athens Carthage Venice the Dutch Republic and Britain examining how their identities as seapowers informed their actions and enabled them to achieve success disproportionate to their size Lambert demonstrates how creating maritime identities made these states more dynamic open and inclusive than their lumbering continental rivals Only when they forgot this aspect of their identity did these nations begin to decline Recognizing that the United States and China are modern naval powers rather than seapowers is essential to understanding current affairs as well as the long term trends in world history This volume is a highly original big think analysis of five states whose success and eventual failure is a subject of enduring interest by a scholar at the top of his game An intriguing series of stories of communities thinking seriously about how to stand their own ground when outpowered how to do so in ways that are consistent with their values and sometimes how to negotiate the descent from being a great power when the cards just aren't in their favor any more These are timely questions Times Higher Education Supplement Lambert is without a doubt the most insightful naval historian writing today The Times      **The Life and Death of Ancient Cities** Greg Woolf, 2020 The growth of the modern world urban system is the greatest episode of urban growth there has ever been but it is not the first Three thousand years ago most of the Mediterranean basin was a world of villages a world without money or writing without temples for the gods or palaces for the mighty Over the centuries that followed however an extraordinary series of civilizations grew up around the Inland Sea They included those of the Greeks and Romans but also others created by Etruscans and Phoenicians by Tartessians and Lycians and eventually by many others At the heart of all these cultures was the city Most ancient cities were tiny by modern standards but they were the building blocks of all the states and empires of classical antiquity the places where new literatures and art forms were created the motors of history and the most fiercely contested prizes of warfare The greatest cities Athens and Corinth Syracuse and Marseilles Alexandria and Ephesus Antioch and Carthage Rome and Byzantium

became the powerhouses of successive ancient societies And then for reasons that remain mysterious the cities withered away leaving behind evocative ruins that have fascinated and inspired so many who came after The Life and Death of Ancient Cities tells the story of the rise and collapse of Europe's first great urban experiment Drawing on the latest historical and archaeological evidence Greg Woolf provides a rich narrative history of the ancient Mediterranean city and attempts to solve the puzzles about its rapid emergence and equally rapid decline making comparisons along the way with contemporary urban experience Containing dozens of illustrations with sidebar commentaries on specific urban themes this book will appeal to all students and general readers of ancient history

**The Life and Death of Gus Reed** Thomas Bahde,2014-09-30 Gus Reed was a freed slave who traveled north as Sherman's March was sweeping through Georgia in 1864 His journey ended in Springfield Illinois a city undergoing fundamental changes as its white citizens struggled to understand the political legal and cultural consequences of emancipation and black citizenship Reed became known as a petty thief appearing time and again in the records of the state's courts and prisons In late 1877 he burglarized the home of a well known Springfield attorney and brother of Abraham Lincoln's former law partner a crime for which he was convicted and sentenced to the Illinois State Penitentiary Reed died at the penitentiary in 1878 shackled to the door of his cell for days with a gag strapped in his mouth An investigation established that two guards were responsible for the prisoner's death but neither they nor the prison warden suffered any penalty The guards were dismissed the investigation was closed and Reed was forgotten Gus Reed's story connects the political and legal cultures of white supremacy black migration and black communities the Midwest's experience with the Civil War and Reconstruction and the resurgence of nationwide opposition to African American civil rights in the late nineteenth century These experiences shaped a nation with deep and unresolved misgivings about race as well as distinctive and conflicting ideas about justice and how to achieve it

*Carthage's Other Wars* Dexter Hoyos, 2019-12-19 A very good read and a reminder that the Romans were hardly the only imperialist warmongers of the ancient world StrategyPage Carthage was the western Mediterranean's first superpower long before Rome and her military history was powerful eventful and checkered even before her Punic Wars against Rome Although characterized in the surviving sources and modern studies as a predominantly mercantile state Carthage fought many wars both aggressive and defensive before and in between the contests with the Roman parvenus The Greek states of Sicily above all Syracuse under its tyrants Dionysius the Great and then Agathocles were her most resolute opponents but in North Africa itself in Sardinia and later on in Spain she won and sometimes lost major wars This is the first full length study dedicated to these other wars that furthered Carthage's interests for over half a millennium Based firmly and analytically on ancient sources it also offers the insight that Carthage though usually considered a naval power did more fighting on land than at sea and with more success Includes illustrations

**A Shakespeare Commentary ...: The life and death of Julius Caesar** Arthur Ernest Baker, 1957

*The Life of John Taylor: Third President of the Church of Jesus Christ of Latter-day Saints* Brigham Henry Roberts, 2020-09-28 The leading spirits whom the Prophet Joseph Smith gathered about him in his brief but glorious career were remarkable men Not remarkable for illustrious birth for they were of humble origin not for scholarly attainments for such were the conditions of their early life that scholastic education of a very high order was out of the question but they were remarkable for character that mysterious something which exists independent of birth education or fortune It has become proverbial that all great movements all reformations all revolutions must produce their own leaders and this is as true of the great work of the last days the establishment of the Church of Christ on the earth as it is of any other great movement Leaders in established usages and institutions political social or religious are very seldom converted to

innovations They usually consider it to their interest to oppose changes especially those changes which from their very nature cast any shadow of doubt upon the correctness of existing customs or institutions with which they are connected Hence it happened that the Jewish rabbis the priests the scribes the members of the great Sanhedrin leaders in their nation did not accept the doctrines of Messiah and become the chief apostles seventies and elders of the new church On the contrary this class were the stubbornest opponents to the doctrines taught by the Son of God and His most implacable enemies It was the common people who heard Him gladly and from their number He chose the apostles who through the God given powers of the priesthood conferred upon them shook the old systems of morals and religion from their foundations Nor can it be doubted that the hand of the Lord is in this matter of choosing men to be His messengers His prophets and His rulers Many of them are chosen before they are born in the flesh The messenger that was to prepare the way for the coming of the Son of God John the Baptist was so chosen Jeremiah was ordained a prophet to the nations before he was born Cyrus the Great the war prince of Persia was selected to be the deliverer of Israel from Babylonian bondage more than a century before his birth Indeed we are given to understand from the revelations of God that from among the nobler class of spirits that dwell in His presence the Father hath chosen those who are to be His rulers From the very nature of things it must be necessary that men whose minds are unwarped by prevailing customs and traditions should be selected to establish a new order of religion of government or of society How could the Jewish priests and rabbis bound by long custom to a slavish adherence to the outward forms and ceremonies of the Mosaic ritual the spirit and purpose of which had long been made of no effect by the rubbish of false traditions open their minds to receive the larger and nobler doctrines of the gospel of Christ unmixed with the pomp and circumstance which they of that age and nation considered essential to religion Can men educated to an attachment for despotic government and whose interests are bound up with its maintenance be expected to look with favor on democratic principles or become the champions of a republic

**Jesus Christ and the Apostles and Evangelists** John Fleetwood, 1865

**The Life of Our Lord and Saviour**

**Jesus Christ and the Apostles and Evangelists** John Fleetwood, 1865      **The Life of Saint Augustine** Saint Possidius, 2008 Few figures from antiquity are as well known to us as Augustine of Hippo Thanks to his Confessions we know a great deal about Augustine's life prior to his conversion to Christianity Yet without this little biography written by his intimate friend Possidius bishop of Calama we would know comparatively little about Augustine's life after his baptism In straight forward unadorned prose Possidius shows Augustine as a powerful intellect voluminous writer and compelling orator willing and able to defend the Church against all comers be they pagans Donatists Arians or Manichaeans But he also presents an Augustine who humbly endured the everyday trials and difficulties of life as a bishop in Roman Africa He shows a man who ate sparingly worked tirelessly despised gossip shunned the temptations of the flesh and exercised prudence and frugality in the financial stewardship of his see Possidius also supplies one of the only first hand descriptions of the great tragedy of Augustine's life the Vandalic conquest of Roman Africa He poignantly describes Augustine's final illness as he lay

locked inside Hippo Regius with the barbarian host literally at the city gates More than simply the biography of a great saint The Life of Saint Augustine provides a tantalizing glimpse into life in late Roman Africa a prosperous society on the verge of destruction This edition of Weiskotten s translation has been completely re typeset for the modern reader The text has been amended to include several corrections from an errata sheet that accompanied the original publication It includes an expanded bibliography updated citations and a revised map Note this edition does not include Weiskotten s revised Latin text

**Book Review Digest** Leslie Dunmore-Leiber, 1976      *The Life of Augustine* Louis-Sébastien Le Nain de Tillemont, 2010  
In 1695 Louis S bastien Le Nain de Tillemont completed volume 13 of his M moire eccl siastique a work of 1200 pages published posthumously in 1700 This was the first modern biography of Augustine and the most comprehensive of all Augustinian biographies This English translation has been divided into three volumes
