Ryan, 2022-11-17 This is the first full length study of the life and work of novelist Gerald O Donovan 1871 1942 a Catholic priest and social and cultural activist who having abandoned the priesthood became a writer and publisher As a priest in Loughrea Co Galway he was a very public figure in Irish life in several different areas He was friendly with W B Yeats Lady Gregory and George Moore and actively promoted the Celtic Revival He was also a friend of Douglas Hyde and Sir Horace Plunkett and for a number of years he was a national figure in their respective organizations the Gaelic League and the Co operative Movement After his marriage to Beryl Verschoyle he moved to England and subsequently published six novels the best known and most controversial of which was *Father Ralph* 1913 a portrait of the artist as a priest He also spent time working in the British Department of Propaganda under Lord Northcliffe where H G Wells was one of his colleagues This biography of an important and strangely neglected figure allows us new insights into a whole range of interesting cultural moments in twentieth century Irish life including the beginnings of literary modernism the flourishing of the Irish literary revival and the

emergence of a dissident strand within the Catholic clergy Based on a rich and previously untapped array of archival material in Ireland Britain and the US the book provides both a much needed reassessment of O Donovan s work and also a history of Irish writing during those early decades of the twentieth century that saw the development of a new and powerful national literature

**Renegades: Irish Republican Women 1900-1922** Ann Matthews,2010-08-01 The history of the Irish republican movement is dominated by the story of the men who took up arms in Ireland s fight for freedom against the British The names of men like Pearse Connolly Collins and Barry still resonate today as heroes who won independence for Ireland However the critical role of women in this fight for freedom has often been overlooked Renegades examines the part played by women in the major political and social revolutions that took place from 1900 1922 It explores the growing separation of republican women into two distinct groups those active on the military side in Cumann na mBan and those involved on the political side particularly with Sinn F in It also looks at the often ignored war on women which manifested itself in the form of physical and sexual assaults by both sides during the War of Independence and the fury of female republicans as the political establishment accepted the Anglo Irish Treaty In this evocative account Renegades restores the women of the republican movement to the prominent place they deserve in Irish history

Wild Irish Women Marian Broderick,2012-11-15 From patriots to pirates warriors to writers and mistresses to male impersonators this book looks at the unorthodox lives of inspiring Irish women In times when women were expected to marry and have children they travelled the world and sought out adventures in times when women were expected to be seen and not heard they spoke out in loud voices against oppression in times when women were expected to have no interest in politics literature art or the world outside the home they used every creative means available to give expression to their thoughts ideas and beliefs In a series of succinct and often amusing biographies Marian Broderick tells the life stories of these exceptional Irish women

A World of Our Own Frances Borzello,2024-11-19 A new edition of one of the first books to focus on the world of women artists and their practice Women have always practiced as artists but for centuries the art world considered them mere dilettantes Their work was derided as second rate and they were considered intruders in a male profession This study examines how against the odds they overcame these difficulties and shifts the focus away from women artists as victims to give an account of how they actually practiced their art This stirring account documents the centuries long struggle of gifted women who confronted the exclusionary tactics of a male dominated art establishment but pressed ahead undaunted to gain acceptance as sought after professionals Art historian Frances Borzello takes readers deep into the restricted world of women artists of the past showing how diligently they trained themselves set up studios and pursued sympathetic patrons Starting with Renaissance painters Sofonisba Anguissola and Lavinia Fontana the book reconstructs the changing world of women artists as social attitudes evolved Seventeenth century painters Artemisia Gentileschi and Judith Leyster enjoyed success by depicting subjects relevant to women as did eighteenth century greats Angelica Kauffman and Elisabeth Vigée Lebrun with lucrative

commissions Further breakthroughs came in the nineteenth century as young hopefuls Mary Cassatt and Marie Bashkirtseff strove to be admitted to exhibiting societies and opened art schools Finally as equality for women advanced through the twentieth century Augusta Savage Georgia O Keeffe Frida Kahlo Cindy Sherman Mona Hatoum and others led the way for today's talented women to secure their rightful place in the annals of art Now fully revised and updated Frances Borzello's engaging narrative continues to inspire
