The Literary North K. Cockin, 2012-06-07 According to Orwell the North was a strange country In an industrial landscape its inhabitants seem to inhabit a bleak world caught in the gaze of 1930s realism Such stereotypes have been tenacious This book challenges these stereotypes establishing the strategic and mobile nature of the North and the effects of literary realism *Riverside Rambles Along the Mersey* Ron Freethy, 2004 Presents a selection of 30 gentle walks which map out ecological improvements industrial archaeology tourist attractions and geographical features of the River Mersey This book is illustrated with photographs and is suitable both for family outings and for enthusiasts of local history and ecology Home in British Working-Class Fiction Nicola Wilson, 2016-03-09 Home in British Working Class Fiction offers a fresh take on British working class writing that turns away from a masculinist work based understanding of class in favour of home gender domestic labour and the family kitchen As Nicola Wilson shows the history of the British working classes has often been written from the outside with observers looking into the world of the inhabitants Here Wilson engages with the long cultural history of this gaze and asks how home is represented in the writing of authors who come from a working class background Her book explores the depiction of home as a key emotional and material site in working class writing from the Edwardian period through to the early 1990s Wilson presents new readings of classic texts including The Ragged Trousered Philanthropists Love on the Dole and Saturday Night and Sunday Morning analyzing them alongside works by authors including James Hanley Walter Brierley Lewis Grassie Gibbon Buchi Emecheta Pat Barker James Kelman and the rediscovered ex mill girl novelist Ethel Carnie Holdsworth Wilson's broad understanding of working class writing allows her to incorporate figures typically ignored in this context as she demonstrates the importance of home's role in the making and expression of class feeling and identity *Pieter Bruegel the Elder* Paul Rockett, 2015-12-15 Known largely for his sweeping

landscapes and depictions of rowdy peasant life Renaissance artist Pieter Bruegel was first recognized for his odd often comic allegorical engravings In fact his paintings only became known after his death This biography charts Bruegel s life from his apprenticeship in Brussels and steady work for an Antwerp printer to his renowned landscapes paintings of peasants and religious themed surreal phase Generously illustrated with examples of Bruegel s work readers will understand how his legacy inspired so many great artists and filmmakers that followed The Art of Copying Art Penelope Jackson,2022-08-26 This book is a study of the history role and significance of copying art Copies have enjoyed a different status from authentic artworks and though often acknowledged very rarely have they been considered collectively as a genre in their own right This volume showcases a variety of examples from copies of famous artworks made and used as props in movies to those made innocently by student artists as part of their training Examining the motivations for making copies and reflecting on the reception of copies is central to this book Copies have historically filled voids in collections where some sadly languish and have become a curatorial burden In other cases having a copy assists in conservation projects and fills the place of a lost work Ultimately by interrogating a copy s role and intent we might ask ourselves if viewing a copy changes our experience and perception of an artwork Berwick-upon-Tweed Adam Menuge,Catherine Dewar,2015-04-01 Nikolaus Pevsner described Berwick upon Tweed as one of the most exciting towns in England Nikolaus Pevsner Buildings of England Northumberland 1957 88 a place where an absorbing historical tale can still be read in the dense fabric of its old streets and buildings It attracts not only day trippers and holidaymakers but also new residents who have learnt to appreciate the spirit of the place But outsiders all too easily confine their attention to the space within the impressive Elizabethan ramparts while local people are sometimes unaware or dismissive of the wider significance of the very things that they know so intimately Berwick deserves to be known better and to be celebrated not just as a vivid reminder of what many other towns were once like but more especially as something unique and distinctive shaped by a peculiar combination of historical and geographical circumstances This distinctiveness is acutely apparent as one passes between Berwick and the contrasting but historically intertwined settlements of Tweedmouth and Spittal This book presents something of the wealth of historic interest encapsulated in Berwick Tweedmouth and Spittal and explains how these places came to assume such varied and distinctive forms Above all it urges that a town anxious for stability and prosperity in the future must know where it has come from as well as where it is going *Succeeding in College with Asperger Syndrome* John Harpur,Maria Lawlor,Michael Fitzgerald,2004 College life is particularly stressful for students with Asperger Syndrome This much needed guide provides information to help these students prepare successfully for study interact with staff and fellow students cope with expectations and pressures and understand their academic and domestic responsibilities **The Oxford Dictionary of Quotations** Elizabeth M.
