The Web of Life Glenn C. Taylor, 2016-08-16 Life is about relationships good and bad Individualism may feel strong In reality it is much weaker than when we stand together Much of the joy of life comes from the manner in which others touch our lives Do you remember the last time someone touched your life with a word of encouragement Your response may have been a smile or a sense of joy Not all touches are like that Some people touch our lives with pain through hurtful comments insinuation or even lies Solomon declared that life and death are in the power of the tongue Our conversations are a key contributor to the effects we have on one another This book is an invitation to explore the impact of others on us and our influence on them It takes courage to nurture others and accept their nurturing Communication coupled with action is the key to growth when we've experienced God as the source of our spiritual lives in Christ Glenn Taylor's writing on the subject of healthy relationships is the outcome of a lifelong commitment to living fully into all aspects of life As a result this book has deep roots and a solid
